PAPER PRESENTED IN LONDON

**Paper on “US War on Terror” presented at the
London Institute of South Asia (LISA)
seminar in London on July 24, 2007
at the Imperial College of Science,
South Kensington, Central London.**

West defeated in “clash of ideas” with Islam

The subject, “US War on Terror” has been the hottest international controversy for the past several years that any opinion you express is bound to be criticised. I am very well aware of the risks.

But we the Dalits (Untouchables of India), treated as slaves by its Hindu rulers, belong to no party to this longest war of the century waged by the American-led West against “terrorism.” We are neither Hindu, Muslim, Christian or Jew. India’s Hindu rulers led by their 3% Brahmins are the most enthusiastic supporters of America and its war on terror. India has the world’s largest Muslim population (next to Indonesia) which the Hindu rulers have declared as the enemy of Hindus and subjected to daily war and violence. So I am, with the permission of the chair, amending the subject to include India in my paper. Being neither Hindu nor Muslim our opinion on this war on terror can be taken as impartial, rank outsiders.

Mountains of lies

As the Editor of *Dalit Voice*, India’s largest circulated journal of the Untouchables, we have been writing on this “US war on Terror” ever since George W. Bush father launched the “clash of civilisations” and we are glad to tell you our readers have fully supported our stand on this subject. We have also gathered enough evidences from authentic American sources itself about the “terrorist attack” on the World Trade Centre. Hundreds of lies have been manufactured to hide the real perpetrators of the WTC holocaust.

Subsequent developments have revealed that Saddam Hussain had neither the weapons of mass destruction nor did he have any connection with Al-Qaida.

American people would have realised long back that this war on terror is built on a mountain of lies, totally hidden from their eyes by the mass media, controlled by its Jewish owners and journalists. The American voters themselves rejected President Bush's party of Republicans after disbelieving his lies on the war. Bush himself has become the most hated President of America. His tail, Tony Blair, had a shameful exit. The Bush poodle died even before its master. The world opinion is not only against Bush and Blair and the war they started but the peoples of the world have started disbelieving all the lies manufactured to launch this war.

So it is now clear, even to a child, that all these cock and bull stories were manufactured and sold to protect the Zionist Israel, which is the cause of the entire Middle East violence.

India's war on Muslims

In India too, we are witnessing the same scene daily. What we call as the "Jews of India" have made full use of this "US war on terror" and launched a bloody war on India's Muslims. Not a single day passes without a war and violence on India's innocent Muslims.

So it is now clear that this "US War on Terror" is nothing but a war on Muslims and Islam.

We very often hear from government leaders and the media that the "terrorists are killing innocents." If Bush and Blair can kill millions and millions of innocent Muslims in Afghanistan, Iraq, Palestine etc, what is wrong in Muslims getting angry and retaliating? The Muslim terrorism is a rightful reaction to the Western action. Muslims say: "You stop the war on Muslims and Muslims will stop terrorism." Why there was no Muslim terrorism before the Bush-Blair war on Muslims? For this Bush and Blair may point out the grave Al-Qaida provocation of 9/11 but we have our

own doubts about the American version of 9/11. If the hate-Muslim campaign in the West is a recent development, in India the Muslim hatred was the very basis of the country's partition in 1947. The Hindu rulers waged three wars against Pakistan on the issue of Kashmir, the world's second longest lasting international dispute after Palestine, disregarding the UN call for plebiscite on the disputed territory.

So on this anti-Muslim hatred demonizing Muslims and attributing all types of cruelty to Muslims, India's Hindu rulers excel American and Western rulers.

Nay. On one side they hate the Muslims (15% of India), on the other side they are doing everything to keep our people, Dalits (20%) enslaved. Why they hate both because most of the Indian Muslims are converts from our community and conversion brought liberation. I have to give this brief background of India because though India is far, far away from the West both suffer from the same hate-Muslim insomnia and the consequent pain, suffering, war and violence.

After observing this unending "war on terror" in the West and in India, our conclusion is that this "war on terror" is nothing but a war on Islam. Any amount of hiding this war on Islam by giving it all sorts of respectable names cannot hide the real intentions behind it.

Bush/Blair/ Brown argument that their intention is to "promote democracy" will not impress the Muslims, or outsiders like us.

Western concept of democracy

Because the word "democracy" itself makes the Muslims suspect the sellers of democracy. Please note "democracy" and "secularism" are Zionist inventions to subvert and destroy nation-states and the ethnic identities which are the special features of Asian

and African societies. This statement may come as a shock to you, but those doubting us may verify this from the book, *Protocols of the Elders of Zion*, the secret book of the Zionists (for copies write to *Dalit Voice* office, Rs. 50). The failure of Western model of democracy in India is because it did not take into consideration India's caste-based society and its varieties of ethnic identities. Even in China, "democracy" is not accepted for the very same reason. Western-style democracy and secularism can work only in countries where the society is homogenous.

Democracy lovers support tyrants

If the West goes on lecturing Muslims on "strengthening democracy" not only Muslims, but also Asians and Africans will suspect such people more and more.

The West only talks of democracy and says Muslims must promote democracy. But always supports the worst tyrants like Saudi Arabia, Egypt, Jordan etc.

British rulers have also started using some deceptive language. The new PM, Gordon Brown, wants to change the choice of language. The media is also calling for a new vocabulary. But we can tell you that such a change is no use because by now the whole world knows what is meant by this "war on terror." It is nothing but a war on Islam.

How to destroy an idea?

After making a deep study of the problem, I want to impress both the Western as well as India's Hindu warmongers that they can never, ever win this "war on terror"- meaning Islam.

Why? Because Islam is an idea or ideology. An idea cannot be defeated or killed by any weapon, any army or bomb. An idea can be fought and defeated by a more superior idea.

An overwhelming majority of Western Christians are innocent and good people. But the Western ruling class is guided by zionist money bags, media and its stink (not think) tank. This is the real problem.

Do the people conducting this war on Muslims have any superior idea or ideology to defeat the Islamic ideology?

Suicide bomber

Both the Western rulers and India's Hindu rulers have launched a bloody war on Muslims and Islam. They have killed millions and millions of Muslims. But to this day they have not claimed any victory. Nor have they made even a dent on Islam.

Muslims are simply fighting and dying. They are ready to die. Even young, unarmed boys are fighting the armed Israeli soldiers and dying. But it is the Western people and India's Brahminical rulers who say they are afraid of dying. The Muslims have invented a new revolutionary magic weapon unknown to the West – the suicide bomber (Japanese and Lankan precedents are there).

Neither the Western nor Hindu rulers could prepare a single suicide bomber to this day. They have no courage. How can those who are afraid of dying win a war?

But Muslims have produced hundreds of such soldiers. Even young Muslim girls are not afraid of dying. Suicide bombers are dying daily. They call it *Jihad*.

So at this stage we can confidently predict who is going to win this war of ideas. Having failed so far to win this war, the sinking American rulers are now under zionist pressure to attack Iran. That means a sure world war because that will force China, Russia and many other countries to intervene. And the UN, the world's only hope, will break into pieces.

Salman Rushdie honour

Such a bankruptcy of ideas and ideology is forcing the Western rulers to take desperate steps even at the cost of a third world war — all because of their misplaced love for a tiny Israel and defend its illegal occupation of the Palestinian land.

Having failed in this war, they are already giving expression to their desperation resorting to heinous tactics of corrupting and co-opting their Muslim enemies. We have the standing example of Palestinian President Mahmoud Abbas and its American stooge appointed Prime Minister. Not only that. Tony Blair, hated by the Palestinians and the Muslims as a whole, is appointed Middle East envoy on whom the Muslims have no trust. Such a habit of corrupting and co-opting enemies of Muslims and honouring hated authors like Salman Rushdie is like pouring petrol on the burning fire.

Such actions of the West are forcing the Muslim revolutionaries to fight two enemies – internal and external – at the same time. This is what Hamas is called upon to do in Palestine and the Muslim Brotherhood in Egypt. Unless the internal enemies are eliminated first, the external enemies cannot be fought.

So to put the matter straight it is a no-holds-barred war against Islam not by the masses of Christians in the West and India but by a tiny Western ruling class led by its zionist masters and by a mere micro-minority of 3% “Jews of India”.

Lessons of history

While dealing with this most important burning topic of the day, I will be failing in my duty if I don't refer to the lessons of history. I have to refer to history because history has taught us that those who forget the past cannot build the future. What does history

say? Among the three Abrahamic religions (Judaism, Christianity, Islam), the conflict has been mostly between Christianity and Judaism. Jews who lived in Islamic empires faced no persecution.

“The Muslims of Spain had given Jews the best home they had ever had in the diaspora, so the annihilation of Spanish Jewry was mourned by Jews throughout the world as the greatest disaster to have befallen their people since the destruction of the Temple in CE 70.” (P. 304, Karen Armstrong, *A History of God*, 1993, Vintage Books, London).

The author, a British Roman Catholic nun and a distinguished religious historian, says it was Christianity that was most violent against Jews during the 15th century. Thousands of Jews were expelled from different countries. The German nazis accused of Jewish Holocaust were also Christians. She refers to many clashes between Christians and Jews but hardly any between Muslims and Jews.

The Tehran correspondent of *The Guardian* (July 13, 2007) reports that 25,000 Jews living in Iran rejected the Israeli offer of cash if they migrated to Israel, the arch enemy of Iran. Jews have lived in Iran since 700 BC. Jews rejected the zionist offer and said that they were Iranians first and Jews second.

No Muslim-Christian conflict

The zionist – Muslim conflict began only with the creation of the zionist state and imposing it on the Palestinians with the firm British Government blessings. Even Churchill was not happy with this arrangement. This is the beginning of the zionist-Muslim conflict if my reading of history is correct. Nor was there any major conflict between Muslims and Christians. Christ was given the highest place of a prophet in the Quran. Both the First and the Second World War were fought mainly between the Christians only.

The Muslims were forced to fight the Zionists who were supported by the Christian ruling class of England only after the Zionists illegally occupied the Arab land. Any number of UN resolutions are there on record.

We can understand the Zionists hating Muslims because they are fighting the Zionists who have occupied the Muslim land. Why should the Western Christians join this Zionist war on Islam? Muslims have nothing against Christians.

Zionist manipulation

This is where we get doubts that the Western Christian political leadership, particularly in America and England, is manipulated by Zionist money and media power. Total media blackout in America has kept its innocent people in total darkness. In fact, outsiders like us know more about the truth than those inside America.

Christian – Muslim reconciliation

Our fear is the American political leadership by becoming a puppet in the hands of Zionists is not only endangering peace in the whole of West but causing the economic collapse of America itself. The peoples of India, China, Africa and peace loving peoples even in the West have their heart with the Muslim sufferers.

If the Zionists want to impose Israel on the Arab land, let them do it. Why the Christian leadership should fight the Zionist war?

Already the Christian religion is under too much confusion. A large number of churches in England, Germany and elsewhere are closed down. There are hardly any church-goers in the West. Many of them have become indifferent towards God and religion.

But the Zionists who preached communism, atheism to Christians

are keeping their synagogues active and their religion fighting fit. Even in America, mainstream churches are fading and the Jewish-controlled Evangelicals are running riot. The Christian religion itself is in deep trouble in the West. Christian values are under threat.

So it is time the Christian West and Christian religious leaders, the Pope, the World Council of Churches etc. deeply ponder over these serious issues which have endangered the very peace and happiness of the entire Western Christian world and make peace with Muslims and Islam and join Muslims to rebuild the world.

A noted American intellectual and professor of History at Columbia University, Dr. Richard W. Bulliet, has written a book itself on the subject, *Islam-Christian Civilisation* (2004). There is an urgent need for Islam – Christian reconciliation to save the world from sure Armageddon (*Dalit Voice* editorial Sept. 16 2006). Unless the Western Christian laity correct, control and force their political leadership, they will not be able to avert a third world war which is knocking at our doors

According to the *Guardian* (July 17 2007) Al-Qaida has become stronger, better equipped and well placed to attack both America and Europe. This was the assessment of the American Government itself, according to the *Guardian*.

Who is real enemy of Jews?

There is yet another serious problem with the highly advanced Western Christian society and the Jews.

Muslims are enlightened enough to understand that despite all their educational backwardness they have identified their enemy. But it is the highly educated and scientifically advanced Christians and Jews who have failed to identify their enemy.

We congratulate our friend, the British journalist and historian, Alan Hart, for writing a scholarly book in two volumes on this subject, *Zionism — The Real Enemy of the Jews*.

The West should realise the fact that zionism is not only the enemy of Jews, but it is also the enemy of the Western Christian society. Similarly in India, the Brahmin is not our enemy. The real enemy of Brahmin and India is Brahminism.

But I am sorry to note Alan Hart's scholarly work did not get the respect and recognition it deserved. As the Christians and Jews have failed to honour the writer, who made the world know the truth, it is now the duty of Muslims to honour Alan Hart.

Conclusion

The Western society today is the richest, technologically the most advanced and militarily the mightiest. In contrast the Muslim world is poor, backward and riddled with plenty of stooges who have placed their only wealth (oil) at the disposal of the West. In spite of all these advantages, why the West is not able to defeat the Muslims in Afghanistan, Iraq, Palestine or even Pakistan?

Every time the "Muslim Terrorism" explodes the Western rulers say they are caught unawares. What does it mean? If the gory picture of the Al-Qaida and the more-than-the-life picture given about Osama Bin Laden are true, we are not able to understand how a frail ageing man sitting atop a mountain or hiding in a cave without any standing army, deadly weapons or any latest communication network is able to terrorise the world's sole super-power. Are we listening to a fairy tale?

What does all this mean? The answer to this question reveals the Great Truth. The Western thinkers and scholars know the Truth but they are unable to understand it. What is this Great Truth?

The Truth is between the world of property and world of ideas which is more powerful?

The West says the world of property is all that matters. If you have the wealth you can command anything. It brings happiness, respect. And military might will assure peace.

Military might

All this is now proved false. The Zionist Israel, a nuclear power and controller of the whole Western world, is not even getting sound sleep in the night.

Bush and his Neo-cons, who built the myth of military power as the determining factor, have been rejected by the American people themselves.

The dollar is sinking and China is poised to replace USA in another 20 years. Where is the myth of military might? Where is the superpower arrogance? Where is the dollar domination? Bush and Blair, dancing to the tunes of their Zionist controllers have been rejected by their own people and thrown into the dustbin of history.

What a slap on the face of Samuel Huntington who tried to confuse and mislead us by calling it a "Clash of Civilisations." It is not a clash of civilisations. It is a clash of ideas. In other words, the world of property is defeated by the world of ideas. See how these Zionist writers are misleading the civilised world. What is this world of ideas? The answer is Islam.

The Christian world must note that Islam has nothing against Christianity or Christians, nor is it against Jews. It is time the Christian world understands this supreme truth. But our fear is that the Bush – Blair pair, intoxicated by the overdose of Zionist liquor, will not regain sanity until they completely ruin the hard-won

Western Christian civilisation and bring to grief the entire Christian world.

Future belongs to Asia

The future belongs to Asia, meaning China, India and Africa — the winners in this “Clash of Civilisations,” to put it in the words of Huntington.

Of course in India we have to tackle the 3% ruling “Jews of India” who too have made terrorism, meaning Muslim mayhem, as their staple diet.

What is worrying us in India is the desperate bid of the “Jews of India” to join hands with their counterparts in America. The “Jews of India” have urged the American Jews to shift their enormous capital to India so that together they could subjugate India’s Dalits, Muslim’s and other original inhabitants, finish their hated Pakistan and finally take on China.

But our information is that the American Jews have expressed some reservations on this offer. The Brahminical rulers are told that their 60 year-old rule of India has only made a mess of the whole country. They are first asked to show their “merit and efficiency” inside India before selling their global ambitions.

That means there is total confusion unless the Christian leadership takes the initiative to end this mindless war and violence. With this question mark I will end this paper. ■
