Genocide of Muslims: How to avert a second Gujarat?

V.T.RAJSHEKAR

The Gujarat genocide of Muslims in the year 2002 has convulsed the conscience of the whole country, if not the world, and enlightened sections of every caste and community — particularly the Dalits and Muslims who are the main players in this blood-letting — will have to deeply ponder over the future of India. And also devise steps to save it from the blood-thirsty Hindu nazis who have no love for this country and its people.

This essay deals with this all-important subject and hence needs serious study by every thinking Indian who is interested in saving this country from the Hindu nazi hounds who, led by *Vaidik* Vajpayee, are fully defending their massacre of Muslims.

What happened in Ahmedabad and other parts of Gujarat on Feb.27, 28 and March 1 (2002) was a well-planned attack on the lives and properties of Muslims following the stage-managed Godhra railway station incident.

Cannon-fodder

Dalits were used as cannon-fodder by the Hindu nazis who have gained tremendous expertise in this game. Dalit blood was used to play *holi* with the lives of Muslims.

Dr. Babasaheb Ambedkar, their Father and Saviour, had said the "Untouchables are not Hindu and were never Hindu" (Dr. B.R. Ambedkar: *Untouchables are not Hindus but a Separate Element*, DSA-2002). There is no greater authority on Dalits than Babasaheb.

Bengal Muslims elected Dr. Ambedkar

The upper castes (Hindus) hate Dalits. That is history. They have not implemented the constitutional reservations. The Dalits are not allowed into Hindu temples. Hindus kick, kill, burn, rape and destroy their little properties all over India. Dalits consider the upper

caste people as their enemy who get inspiration from their brahminical religion. Untouchability (racism) has religious sanction under Hinduism. This is history.

Dr. Ambedkar spent all his life fighting the Hindus. He never fought Muslims. In fact, it was the Muslims of Bengal who helped him to get elected to the Parliament.

It was the Nizam of Hyderabad who gave Dr. Ambedkar lands to build his college at Aurangabad. Nowhere in India Dalits are facing any trouble from Muslims. In fact both Dalits and Muslims are blood brothers. At least 75% of the Muslims are converted from Dalits and BCs. Both suffer at the hands of a common Hindu enemy. In Dharavi, Asia's biggest slum located in the heart of Bombay Dalits and Muslims live together in great harmony.

How then the non-Hindu Dalits of Gujarat turned against Muslims in 2002, and became willing tools in the hands of Hindu nazis?

But remember this is not the first time Dalits are being used against Muslims. Dalits with their body of steel are not only the best and the most reliable but also the cheapest tools for the nazis to attack Muslims.

Mandir kills Mandal

In 1990, when Prime Minister V.P. Singh implemented the Mandal Commission Report to assure reservations to Backward Castes, the Hindu nazis resorted to the same trick. L.K. Advani, the present Home Minister of India, launched his *rath yatra* for Ram Mandir which finally resulted in the Mandir destroying the (Babri) Masjid.

Dalit breaks Babri Masjid

Almost every Dalit in the Northern cow belt and even outside was pressed into service to carry the "holy bricks" to Ayodhya. And ultimately an Andhra Pradesh Dalit proudly announced that he struck the first blow which fell the domes of the Babri Masjid. A product of this *Rama Janam Bhoomi* agitation was Bangaru Laxman, that stupid Madiga (Untouchable), who later became the president

of the *Brahmana Jati Party* (BJP) to be unceremoniously dismissed after he was sucked dry.

Today the same Bangaru Laxman is spitting fire against his *vaidik* bosses. This is the fate of all Dalits who will become slaves of Brahminical forces. Ram Vilas Paswan is one such slave already half dead. All such slaves deserve the kick.

The Babri Masjid incident (1992) and the Gujarat genocide (2002) are the latest and the most prominent incidents in which Dalits were used by the *vaidiks*.

Gujarat itself had witnessed a similar event much earlier.

India's first caste war

In 1981 and 1985, Gujarat witnessed the country's first and the biggest "caste war" when the state's three upper castes (Hindus) — namely Brahmin, Bania and Patel — attacked and killed Dalits in the state-wide anti-reservation war and violence. This writer had visited Ahmedabad during both 1981 and 1985 at the invitation of the Gujarat Dalit Panthers. About 120 Dalits were killed by the Hindus.

We had then addressed several Dalit meetings in Ahmedabad and also met all prominent Muslim leaders including the Jamate-Islami and urged them this was the right time to go to the support of Dalits and stand by them in their hour of crisis.

Mustadafeen

Both Muslims and Dalits are the victims of Hindu violence. Besides, the Quran itself has directed the Muslims to rescue the *Mustadafeen* who in the case of India are none but the Dalits. In all our writings and speeches we have made this point clear.

But the Muslim leaders except paying lip sympathy to our request did not offer any concrete support to our plea for "Dalit-Muslim unity" of which we were the pioneers in the country. We have written several articles and published a book also of the same title (Dr. Ramnath: *Dalit-Muslim Unity, Why & How?*)

KHAM theory

Though the Muslim leadership refused to heed our call for Dalit-Muslim unity, the Congress Party led by Madhavsinh Solanki, the then Gujarat Chief Minister evolved the KHAM theory (Kshatriya, Harijan, Adivasi and Muslim) and ruled the state for four terms.

But the cunning *vaidiks* demolished the KHAM unity also. The very Hindus of Gujarat who attacked and killed Dalits (1981 and 1985) managed to win over Dalits by *hinduising* them and launched the first major anti-Muslim riots of Ahmedabad. How did the Hindu nazis manage to win over the Dalits and turned them against Muslims? What is the secret?

Time-tested expertise

This essay deals with this secret and hence needs careful study and immediate attention. We are here to give you all the clarifications as we are experts on the subject and our expertise is time-tested.

Brahminical media

Though *Dalit Voice* is India's oldest (21 years) and the largest circulated journal of Dalits and all other "*Persecuted Nationalities, Denied Human Rights*", we have to admit with deep regret that before the "national" mass media, which is a total monopoly in the hands of brahminical forces, we have not been able to make much headway. Today, if we the Dalits and Muslims and Christians are facing defeat after defeat this is because we have no media of our own except this feeble: *Dalit Voice*.

The most important weakness in the Dalit movement which is virtually tottering is that its leadership is going away from the path laid by Dr. Ambedkar. (DV Edit March 1, 2000: "*Second partition of India: Sunset on the Dalit world*").

Identity destroyed

Dalits are losing their **identity**. Their Father, Dr. Ambedkar, had said: "Untouchables are not Hindu and never Hindu". But the *vaidiks* have cunningly and painstakingly converted the non-Hindu, if not anti-Hindu, Dalits into Hindu by destroying their **identity**.

A human being loses his personality once he is deprived of his **identity**. The struggle that is going on in different parts of the world today is on **identity**.

All aggressive, fascist, racist forces want to destroy the **identity** of their opponents because then only they can indulge in better exploitation and establish their hegemony.

Globalisation

Globalisation, which is the reigning creed of the day, is thrust upon the weak, peace-loving peoples of the world by the White Western racist rulers led by America and their zionist masters to strengthen their imperialist rule.

Globalisation aims at further enslaving the Blacks, India's Dalits, Chinese and Muslims. India's *vaidik* rulers are all agog about globalisation because that ensures the minority 15% of Hindus a mastery over 85% of the non-Hindu big majority.

This prompted us to come out with our thesis on **identity**. But *vaidiks*, who maintain their separate **identity** so effectively and so efficiently, quickly scented the danger inherent in our theory and instigated some unthinking Dalits to criticise us.

Injecting Hindu poison

However, the *vaidiks* failed because overwhelming members of our DV family endorsed our thesis which is now ready to come out as a book titled *A Nation Within the Nation*.

How do the *vaidik* crooked brains destroy our **identity**? They fill the empty hearts of urbanised Dalits with "Hindu pride". And such of those intoxicated Dalits filled with "Hindu pride" are used to attack Muslims and Christians.

How the *vaidiks* manages to do all this? It is a very simple and short-cut method. Destroy the **identity** of the Dalits and fill up the vacuum in his heart by injecting Hindu poison.

Once he is filled with "Hindu pride" it will automatically make him rush and cut the Muslim throat. This is simple because Hinduism is

nothing but a religion based on hatred. (Read M.N. Roy's book: *Historical Role of Islam*, Ajanta Publications, 1981).

Gandhi's contribution

The *vaidiks* did not succeed in this experiment overnight. The preparation had begun over a century back.

A great deal of credit goes to M.K. Gandhi for *hinduising* the Untouchables, calling them *Harijans*. (V.T. Rajshekar: *Why Godse Killed Gandhi?* DSA-1997).

Vivekananda had his share. So also Ramakrishna Mission, Arya Samaj and many more. All these were forerunners of the RSS (Rashtriya Swayamsevak Sangh). Read Christophe Jaffrelot's book for a further study of *hinduisation* of Dalits. (*The Hindu Nationalist Movement & Indian Politics 1925-1990*, Penguin-1999).

The non-Hindu Dalits were *hinduised* (enslaved) by spending billions and billions of dollars and to undertake this job the *vaidiks* pressed not only their innumerable socio-cultural nazi organisations but their agents in the govt. and media worked overtime.

Tributes to Brahmin genius

We may be critical of the *vaidiks* and their brahminical hate philosophy but we have to admit and pay tributes to their missionary zeal, their single-minded devotion, their dedication, their team spirit.

The Muslims, we are sorry to say, lack such a missionary zeal despite their revolutionary religion of Islam.

The Brahmins have to be extraordinarily vigilant because it is a question of their survival. A mere 3% *vaidiks* cannot rule the world's second largest populated country, totally hostile to the *vaidik* value system, unless and until they tackle the 97% non-*vaidik* castes and communities who are victims of the *vaidik* hate philosophy. It is not at all possible through violence to subdue such a vast population, particularly the Dalits (Untouchables) who are the blood enemies of the *vaidiks*.

Painless killing

So, they resorted to the most effective, painless killing of the hostile forces. And the first to be picked up for experiment was their deadliest enemies, Dalits.

And the medicine chosen to weaken them mentally and culturally was destruction of their **identity**. Make them Hindus. Their job is done.

Islamic brotherhood

By destroying the Dalit **identity** they killed two birds in one stone:

(1) The *hinduised* Dalit became a permanent, obedient, sincere, unpaid slave of the Hindu. He will never demand anything from the *vaidik* rulers, not even food for his survival.

(2) And having become a Hindu (slave), he became ripe to run at the throat of Muslims whose religion of Islam, practising equality and brotherhood, has become a nightmare to *vaidiks*.

This is what they did to destroy Mandal and the Masjid in 1992 and this is what they did in Gujarat in the year 2002.

This is what they will do tomorrow. Remember this.

Dalit movement in coma

Dalit movement today is virtually in coma. Dalit top leadership has been corrupted and co-opted. "Educated" Dalits have been *hinduised* (enslaved). Mayawati did not even criticise Gujarat Chief Minister Narendra Modi for this genocide of Muslims. (DV May 1, 2002 p.16: "*Mayawati refuses to criticise Modi*").

The *vaidiks*, who want to strengthen their Hindu nazi rule, keep the Dalits as slaves and periodically punish Muslims and Christians by resorting to large-scale violence by using a single weapon — **identity**.

This is what made us to announce: "*Strengthen every jati identity, brahminism will then simply wither away*". (DV Edit Dec.16, 1993)

Neither the Dalits understood the significance of our message nor

the Muslims. When the Muslims have not even made a study of India's social structure, how can they understand the meaning and the message behind **identity**. Their own **identity** is under threat. (DV Edit May 16, 1985: "*Spanish experiment: How to exterminate Muslims in India?*").

Dalit-Muslim unity

What caused great pain in our heart is the total indifference of the Muslim leadership which refused to heed our warning on "Dalit-Muslim unity".

If the Muslims —who all over India live side by side with Dalits, suffer the same deprivation and face the same common enemy — had accepted our call made over 20 years back, we could have saved the Dalit **identity** to some extent and in turn saved the Muslims also from these Hindu nazis.

The Ahmedabad Muslims despite our three visits refused to understand the significance of our call. So much so, the *vaidiks* succeeded cent per cent in destroying the **identity** of Dalits. And those Dalits who lost their **identity** ran at the throat of Muslims. And the result was the 2002 horrendous Gujarat genocide of Muslims.

Problem with Muslim leadership

There is a problem with India's Muslim leadership — not the Muslim masses who continue to be revolutionary.

The problem is this leadership is hesitating to accept the Dalit as their brother. It is not interested in befriending the Dalits and seek Dalit-Muslim unity but always finds fault with Dalits. It says that *Dalit Voice* goes on saying that Dalits are not Hindu but all over India Dalits have Hindu names, worship Hindu gods, observe all Hindu customs and manners and like all Hindus hate Muslims. And also in all anti-Muslim riots Dalits take the most offensive part.

The Muslim leadership charge against the Dalits is true. But conscious Dalits and Ambedkarites only know that they are not

Hindu and also that Muslims are our brothers. Only unconscious Dalits play into the hands of Hindu nazis. When Hindu nazis, the enemies of both Dalits and Muslims, are spending millions and millions of rupees to *hinduise* Dalits and then use them for destructive purposes, why the Muslim leadership did not heed our warning and supported our efforts to awaken the Dalits and make Dalits conscious and save them from Hindu nazis and thereby save the country?

It is the unconscious, poor, urban-dwelling Dalits who take money and liquor from nazis and attack Muslims. Make the same Dalit conscious, strengthen his **identity**. Such a strong-willed Dalit can never be purchased by nazis.

Who is a Hindu?

The poverty of thinking among Muslims is so much that they consider Dalits also Hindu even while they read in the paper daily that it is the Hindus who are persecuting them. It does not occur to them that Dalits are treated as Untouchables and worse than animals. The problem with Muslim is that they have made no study of the Indian social structure.

The Scheduled Castes (20%), Scheduled Tribes (10%) and Backward Castes (35%) are not Hindu but victims of Hindus. The socio-cultural movement of all these three sections totalling 65% of population has been always against Hindu and their brahminical religion. This is history. But the Muslims consider the SC/ST/BCs as Hindu while the fact is the Hindus are just 15% and a micro-minority. Such simple fact of history and day to day life, the Muslims do not know.

Stop this "Hindu-Muslim unity" business

The poverty of thinking among elite Muslims is so much that they go on calling SC/ST/BCs as Hindu and hence it becomes a Hindu-Muslim riot for them. But the fact is that it is a *vaidik*-engineered anti-Muslim riot. Not a Hindu-Muslim riot.

It is this poverty of thinking among the elite Muslims that made them resort to "Hindu-Muslim unity" which is an impossibility. The

religion of Hinduism is based on hate, inequality, intolerance but Islam is based on peace, love, brotherhood, equality, truth and justice. Islam and Hinduism are like mongoose and serpent. Between them no unity is possible.

Stop this talk of "Hindu-Muslim unity" but try to forge the Dalit-Muslim unity which is possible and already existing. Such a unity is more in the interest of Muslims.

Had the Muslim leadership listened to our warning, repeatedly made since 20 years, by this time "Dalit-Muslim unity" would have been a reality and "Dalit consciousness" would have helped the Dalits and instilled in them new courage to fight the minority Hindu.

The Muslim leadership failed and the *vaidiks* took advantage of the poverty of thinking among Muslims and destroyed our **identity**. The Dalit leadership also failed to protect our **identity** as directed by Dr. Babasaheb Ambedkar. And the corrupted and co-opted Muslim leadership failed to heed our warning on "Dalit-Muslim unity".

And the result was Gujarat genocide of Muslims.

Until the Dalits establish their non-Hindu **identity**, the Hindu nazis will go on injecting their hate poison and then instigate them against Muslims and Christians.

Gujarat genocide is not the last

But remember Gujarat genocide of Muslims will not be the last. There will be many more and better Gujarats. Then only the Hindu nazis will remain in power.

The secret of their strength lies in destroying our **identity** — the Dalit **identity** and also the Muslim **identity**.

But we have not lost our hope. Our hope is in the uncorrupted village-dwelling, illiterate, pure, simple, innocent Dalit masses who are in a very big majority.

Our hope also lies in the uncorrupted and unco-opted Muslim masses who continue to remain revolutionary gripped by the "**Spirit of Islam**".

How to restore lost identity

How to save the country from the hands of these Hindu vultures?

We as experts in this social engineering have the solution: Dalit, Muslims and Christians must immediately take up the question of **Dalit identity**.

It needs no super human effort to save Dalit **identity**. Just remind the Dalits and Backward Castes about their reservations assured in the Constitution of India. Are the Muslims or Christians coming in the way of their reservations? Why the lakhs and lakhs of backlog vacancies are not filled up? Will the Brahmins permit the Dalits to enter the Ram temple once it is built on the Babri Masjid ruins? Who is kicking, killing, raping and destroying the little property of Dalits in villages? Who came in the way of Dr. Ambedkar's demand for separate electorate? Cheap pamphlets in different languages should be printed and distributed in millions all over India. Seminars and discussions should be held. Muslims and Christians must take active part in such a movement and embrace the Dalits. Our Dalit Sahitya Akademy literature should be reprinted in millions, translated to all languages and distributed. Five years of hard, missionary work will be enough to restore the Dalit **identity**. Our job is done. We are ready to tour the whole country and spearhead this movement to save India from the hands of Hindu nazis.

Identity is the keyword. If you want India to remain peaceful, happy and vigorous, the only way to do is to strengthen everybody's **identity**.

Or else India, already a beggar nation, will break into pieces in an explosion of religious, ethnic, language, caste violence.

With this warning we conclude, thanking the organisers of the April 27, 2002 meeting in Bombay for provoking us to say this. ■
