FOREWORD

Our theory that the 3% Aryan Brahminical people are the "Jews of India" is now accepted universally.

Before the Second World War their hatred of the British rulers of India made them cultivate the Germans to fight the British and also eliminate the German Jews. Holocaust was the direct result of the Brahminical instigation of the Germans against Jews. All Jewish historians know how the Germans were then fooled by the "Aryan Myth" which made them turn against the Jews.

But what is not so well known is the story of the turncoats, their total U-turn from being the conspirators of the Holocaust to the bosom buddy of the Jews.

Yesterday's conspirators against Jews turning into collaborators is the subject of this shocking story.

V.T. Rajshekar

“Jews of India” getting closer to Jews

The “Jews of India” in their mad, mad love for money and pursuit of pleasure are treading a dangerous path which may kill the very future of India. The decision to invite the new French President Sarkozy, a fire-eating Jew, as India’s guest for the Republic Day function in Delhi, their rush to get American nuclear fuel to make bomb disregarding the near-unanimous opposition to the deal, handing over the entire Kashmir to Israeli secret service Mossad — all these indicate that this tiny Indian ruling class is hell bent to ruin the future of the country to further its selfish interests.

Sarkozy has all of a sudden become the darling of the upper castes. The reports are he is being boosted to see that the newly emerging European Union, a rival to America, is broken up.

Muslim hatred

The *New York Times* (NYT) and the *Washington Post* (WP)— both owned by the Jews— recently published two articles by two Brahmin women in America hailing the growing friendship between the Jews and the “Hindus ” in America. Of course most of the early migrants to US are upper castes (Aryans) who hide their identity by calling themselves Hindu. Initially, the two hate-monger communities — Jews and the “Jews of India” — embraced each other to fight the Muslims.

The sole single interest of the 3% Jews, who control everything in America, is to protect the zionist Israel from the Muslim Palestinians, its original residents. The sole single interest of the “Jews of India” is to *hinduise* (enslave) the country’s non-Hindu Untouchables Tribals and Backward Castes (65%), and then instigate them against Muslims (15%).

Two most hated communities

The "Jews of India" form a micro-minority of 3%. Jews, who form 3% of America, are currently engaged in a world-wide bloody "civilisational" war. In this war they are only losing and losing but in the process they have converted America and the whole world into a battlefield. As we have written enough on the subject we don't want to elaborate.

In this, we are dealing with the growing bond between the Jews and the "Jews of India" — the two most hated communities in their respective countries.

Telugu Brahmin mischief

Mira Kamdar in her WP article reproduced in the *Deccan Herald* (Oct.5, 2007) is so happy and proud over the growing power of the Indian (read upper caste) lobby which she equates with America's most hated AIPAC of the all-powerful Jews who are the country's king-makers. India did not even recognise Israel till recently. As long as Nehru and his daughter, Indira Gandhi, were the Prime Ministers, India was closer to the Soviet bloc and kept out Israel to respect the vast Muslim population (15%) inside and its close friendship with Middle East Muslim countries. But the notorious Telugu Brahmin PM, P.V. Narasimha Rao, who once worked for an underground terrorist gang of a Brahminical outfit in Hyderabad to overthrow the ruling Nizam of Hyderabad, conspired in the destruction of the Babri Masjid, which helped the Hindu terrorist party to grow, and recognized the Zionist Israel opening the doors to all our strategic interests.

The seeds sown by Narasimha Rao (Manmohan Singh was his Finance Minister then) gradually sprouted and have grown into a mighty tree today under the upper caste Khatri Sikh PM, Manmohan Singh, a World Bank import and an all-out pro-Zionist.

World's only racist state

Israel is not only the most hated country in the world not obeying any international law but a first class racist state — meaning only a born Jew could be its citizen. Israeli newspaper *Haaretz* itself called Israel the “racist Jewish state”.

India's closeness to American terrorist rulers has pushed us away from the Middle East and more so from the giant next-door China, the emerging super power. The hate-Muslim policy dictated by the “Jews of India” also made us enemies of Pakistan and Bangladesh, our immediate neighbours. India is today distrusted by all its neighbours: Nepal, Bhutan, Burma, Sri Lanka.

Nay, India is surrounded by enemies all around whereas China is loved and adored by all its neighbours.

If India is hated and distrusted outside what about its people inside? Over 85% of India's people are the victims of Brahminism which again is a racist creed like zionism. For details read our book, *Brahminism* (DSA-2002, Rs. 50). The govt. controlled by this hated upper castes (Hindus) has naturally neglected the havenot 85%. So much so India itself has become ungovernable which the rulers are hiding by their “India shining” song and dance show outside the country.

Snubbed by China

A country suffering from such a serious internal crisis, how can it command respect outside?

Neighbouring China, with which Nehru, the first Prime Minister, who sang India-China *bhai bhai* song, fell out when the Kashmiri Brahmin displayed his *jati* arrogance. Over 1 lakh Indian soldiers died in the Sino-Indian war. Not a single Chinese soldier was killed. The Indian rulers, who are world-famous for their boasting and

bragging, till now had no courage (even after 40 years) to recover the enormous Indian territory "forcibly occupied" by China.

Aryans came as beggars

Both internally and externally India came to be hated because the "Jews of India" have no love for their country because they do not belong to this country. They admit they are Aryan and alien who came to India as beggars and gradually established their toehold through deception. The way they destroyed such a liberating Buddhism and drove it out of India is recorded in history as their most violent crime against humanity. Dr. Babasaheb Ambedkar, considered the Father of India, has written volumes and volumes on the Aryan aggression which continue to keep India as their occupied territory.

It is in this light we have to view the "growing friendship" between the two hated micro-minority groups — the Jews of America and the "Jews of India" — locked in an eternal embrace to fight the Muslims and keep India eternally enslaved. If the above two are the short term objectives, their long-term ambition is to infiltrate China and sabotage it from inside. Until now they have not been able to do anything with China. But they have not lost hope.

The greatness of Jews

The Indian rulers are given to lots and lots of exaggeration which is the other word for falsehood. When you are not guided by Justice and Truth and your aim is to deceive and destroy, you have to do lot of window-dressing to sell your ideas.

The Jews may be the most hated lot in the West but nobody can deny their mastery over the subject they deal with. Their merit, efficiency, fighting capacity, military marvel, the crop of world famous intellectuals they produced and even the marxism they

manufactured have all made a name in history. In the field of art, literature, science, they have produced giants. (Alan Hart, *Zionism — The Real Enemy of Jews*, in two volumes, 2006 & 2007, World Focus Publishers, Kent, England).

Brahminism inspired nazism

What have India's Brahminical people produced? What does the history say about them? A big zero.

The "Jews of India" may think they have fooled the American Jews by bluffing them of their common origin and blood bond but a distinguished French historian, Leon Poliakov, himself a Jew, has written a whole book on the subject, *Aryan Myth*, (1977, New American Library, New York) saying the Jews were the victims of Brahminism which inspired a host of German scholars then and made German nazis to kill millions of Jews in Holocaust. In our book, *Brahminism*, we have several chapters exposing the fact that the German Jews indeed were the victims of Brahminism.

Jewish scholars have all the evidence of the role played by Brahmin writers inspiring the birth of nazism, the "chosen people" theory and the subsequent killing of Jews by German nazis led by Hitler. Please note the Jews were not victims of Muslims. The Jews were killed by the Christians.

When we posed this question to Leon Poliakov, a world-famous Jewish scholar and once a member of our *Dalit Voice* family, he refused to answer this uncomfortable question. Subsequently some Jewish scholars in London said what we wrote was true. That nazism was inspired by Brahminism might be a thing of the past. That was before the Second World War. Over 60 years ago. All these are now almost forgotten. Today the two — the Jews and the "Jews of India" — have joined hands to fight their new enemies and to further their mutual interest.

“Chosen people” theory

The “Jews of India” today say different situations call for different solutions. The *Bhoodevatas* of India (gods on earth) were then made mince meat by the British rule and to destroy their just rule the Brahminical people groomed Hitler and his nazis to attack India and destroy the British. It was true they then brain-washed the Germans with the “Aryan theory” and made them believe it. It is this Aryan theory that played havoc with the Germans and gave birth to so many German indologists who were duped by the Brahminical brain-washing. Finally the Brahminical “chosen people” theory gave birth to anti-Semitism and Hitler unleashed the Holocaust against Jews. Historian Leon Poliakov says all this. India’s Brahminical people who inspired and engineered the Holocaust also admit it.

Fine. Holocaust is the greatest asset of the Jews on which they built their entire future to gain sympathy and amass enormous money and pounce upon Holocaust deniers like Iran’s Ahmadinejad. Holocaust is the Jews only trump card on which they have written hundreds of books of lies and constructed many world famous museums — including the show piece Washington’s Holocaust Museum.

Who caused Holocaust

Who caused the Holocaust? Not the Muslims. Not India’s original inhabitants. Not the Blacks, not the Chinese.

Holocaust was the result of a systematic Brahminical brainwashing of German nazis. This is the finding of Leon Poliakov. This is history.

His book, *Aryan Myth*, was published by the Jewish Foundation of Great Britain. The Foundation was set up to exclusively go into

this Myth's historical background and probe its origin, its perpetrators. The book has pinned the blame exclusively on India's Brahminical people. This is history.

Treacherous role of Brahminism

The Jews are a brilliant people. They have not forgotten their history though they may not admit all this today in public.

How can the brainy Jews forget their own history? They know the treacherous role played by India's Brahminical people.

What the "Jews of India" do not know is the Jews are using them and after using them they will throw them out. The brainy Jews also know the mess the Brahminical rulers have created inside India. (V.T. Rajshekar, *India As a Failed State*, DSA-2004).

What did the Jews do in their "homeland"? The Jews converted the Palestinian desert into a smiling Israel. In contrast India's Brahminical rulers have converted a smiling India into a Sahara desert. India has become a beggar nation without self-respect. Anybody with eyes can verify the facts in both the countries.

The fact is the Jews do not trust the "Jews of India". When the Jews rejected the Brahminical request to transfer their enormous Jewish funds from the "sinking America" to the "smiling, shining India", what was the response? The Jewish financial giants are reported to have said like this:

"When you have made a mess of your own country (India) and made it beggar nation how can we transfer our funds to India? What guarantee is there that you will not swallow our funds also? We don't want to take this risk".

The "Jews of India" are not revealing this inconvenient truth. Of course, it is not in their interest to reveal it. They thought they could fool the brainy Jews and make a monkey out of them.

Who killed Gandhi

The fact is they have not produced a single "great" Indian. In the list of India's greatest thinkers, scholars and liberators there is not a single Brahmin. Even the "greatest Indian", Mahatma Gandhi, was not a Brahmin. Not only he was not a Brahmin but an anti-Brahmin. That was why a Brahmin only shot the Mahatma dead. And the Brahmins have been cursing the killer, Nathuram Godse, a Chitpavan Brahmin from Pune, for making the whole Brahmin community to live and suffer with the sin of killing the "Father of the nation". (V.T. Rajshekar, *Why Godse Killed Gandhi?*, DSA-1997).

Not only that. Even Swami Vivekananda, who made Hinduism world famous, was not only not a Brahmin but an anti-Brahmin. Read his devastating attacks on the *Bhoodevatas* in his book, *Caste, Culture & Socialism* (Advaita Ashrama, Calcutta, 1988, pp.110, Rs. 50).

Neela Banerjee, a Bengali Brahmin, in her article says:

Indo-Americans who number 2.4 millions in the US are turning to American Jews as role models and partners in areas... (*Mint*, Oct.3, 2007).

Partners in what? Subterfuge?

She says they see in Jews "a version of themselves". Her comparison is very apt. "A small minority that has succeeded in combating prejudice and building a political clout". She is right. Jews of America are not its original residents. Most of them came from Eastern Europe after the Second World War. Today they are sitting on the neck of America and making it bleed. The same thing is true with the "Jews of India". They say they are Aryans who have traced their origin to Middle East which was also the origin of Jews. They came to India as beggars, duped the innocent, peace-loving natives, sat on their neck, imposed their accursed

Brahminical "religion" and converted them into slaves. Neela's comparison is perfect.

Hinduism not a religion

Yet there is an essential difference which makes the two poles apart. The Jews established a religion and created a long history. Their religion did not spread because of its racist nature. All the more they founded a religion called Judaism which later produced a great prophet called Jesus Christ. What is the religion founded by the Aryan Brahmins? Did it any prophet?

In the scholarly book, *History of God*, by Karen Armstrong (Vintage, 1999) she lists only three world religions — Judaism, Christianity and Islam. Why she did not consider Hinduism as religion which the Brahmins say as the religion founded by them? Because Hinduism is not a religion but a fake and filthy business venture. For details read Hindu terrorist party leader Arun Shourie book, *Hinduism: Essence & Consequence* (Vikas Publishing House, 5-Ansari road, New Delhi - 110 002, 1979).

Every religion was founded to spiritually liberate its followers. The Brahmins founded Hinduism to deceive and debauch the vast original inhabitants of India. (Read a great Hindu leader Swami Dharma Thirtha's book, *History of Hindu Imperialism*, Blumoon Books, New Delhi).

Muslim hatred unites two peoples

Neela Banerjee says so far three groups of Indian Americans have travelled to Israel. What did they do there? There they pinpointed the "vital bonds they share with Jews... the threat to India and Israel from Muslim terrorists".

The cat is out of the bag. According to the "Jews of India" Muslims, who constitute 15% of population, are the greatest threat to India.

But she does not know that India is a parliamentary democracy ruled through its political parties. Did Govt. of India or any political party in India declare Muslim as its enemy? Even her own *Brahmana Jati Party* (BJP); the only anti-Muslim party, dare not say this in public.

Then how do this minuscule 2.4 million American Indians declare Muslims as the enemy of India? They may say this to please the Jews but the brilliant Jews know India and its history.

Whom are they fooling

The Brahminical people of India may hate the Muslims but even then they dare not say it in public. Their terrorist leaders like Golwalkar have said it and their BJP followers today may occasionally put this hate into practice as they did it in Babri Masjid and later in the Gujarat Genocide. For committing crimes against humanity BJP has broken its bones and the party is on its death bed today. Even its blue-eyed boy, Narendra Modi of Gujarat, may not get elected in the coming elections.

This 2.4 million "Hindus" in USA whom are they representing? On whose behalf they are talking? Neela Banerjee and Mira Kamdar may fool some Jews for sometime. But they cannot fool all the Jews all the time. The Jews know the facts. They know the history of India.

Jews get no peace

No people in the world trampling upon Justice, Truth, ethics, human rights can live in peace and happiness. Look at the Jews of Israel not getting a sound sleep even on one single night despite their wealth, atom bomb and the support of the sole super power.

Same is the case with India's micro-minority Brahminical people who left India cursing the country and migrated to USA to find no

peace there also. Nobody can stop the "Jews of India" getting close to the Jews. But by getting close to the Jews, who are America's most hated micro-minority, they will be naturally inviting the wrath of American Christians to whom the country belongs and who have launched a war on the Jews. This war has already begun as we can make out from the scholarly book by two American Christian professors, Mearsheimer and Walt: *The Israel Lobby* (Farrar & Strauss, 2007).

Fall of America begins

The "Jews of India" have chosen a wrong time to embrace the Jews. Because the Zionist Jews have already made America the world's most hated country. Politically it stands isolated and Bush stands discredited as the most notorious President in the history of America.

On the economic side the American dollar has started collapsing. All the neocons (read Jews) controlling the White House have fallen dead one by one.

Europe is becoming powerful and the euro is rising. China is fast coming up challenging America in all spheres. Russia under Putin has also turned against USA. The entire Middle East Muslims hate America. Africans have never trusted the Americans. South America under Chavez is challenging it. Britain under Gordon Brown is distancing from America.

In other words at a time when the whole world, including the United Nations, has lost trust in America, the most hated "Jews of India" are embracing America's most hated Jews.

How long this embrace will last?
