The author is the Editor of *Dalit Voice*, India's oldest & the largest circulated revolutionary journal of its persecuted nationalities denied human rights, and author of over 100 books.

Foreword : Two sides of same coin

A couple of members of *Dalit Voice* family did write to us on our coverage of zionist atrocities. Their point was zionist issues were not relevant to India and the Dalits in particular. To such of them we want to assure that Brahminism and zionism are two sides of the same coin and their close collaboration is of world-wide significance.

Dr. Babasaheb Ambedkar, the Father of India and our intellectual guide, had identified the principal enemy of Dalits and also India: Brahminism. Both Brahmins and the Jews originated from the same geographical area around Iran and both exhibited the same genetic characteristics. Both are mental perverts, megalomaniacs and physically weak.

Today, both the Jews and “Jews of India” are fully linked and working in close cooperation causing turmoil world-wide. The Israeli Mossad is operating in India in full force and the Govt. of India is officially collaborating with Israeli defence and Intelligence forces to tackle Muslims and Dalits in India. As India’s oldest and the largest circulated journal of its entire 85% persecuted nationalities denied human rights, we have a responsibility to alert our family members on the danger posed by the Jews even as we discuss the aggression on Indian culture by the “Jews of India”.

So, we cannot separate the two when the mind and the body of both are the same. We were the first in the world to describe the Brahmins as the “Jews of India”, a description which they whole-heartedly accepted and also exploited.

When we are combating the “Jews of India” with our back against the wall, is it not our duty to learn from the experience of those who are fighting the Jews? Moreover, when the Jews and the “Jews of India” are in close collaboration to impose their racist dictatorship, is it not our duty to do everything possible to avert such a humanitarian disaster?

Brahminism in India & zionism in West

America has finally, frankly and yet shamelessly admitted defeat in Iraq as well as in Afghanistan. It is planning to simply run away from Iraq without even telling anybody. Such is the humiliation of the world's sole super power. Saddam Hussein, though in jail, has given a bloody nose to the arrogant America.

Dalit Voice was the first in the world to announce that the invasion of Iraq will end up in disastrous defeat of USA (DV Feb.1, 2003 p.8: "*US defeated even before attacking Iraq?*"). DV proved right. We were also the first to predict that West will lose its war on Muslims (DV Aug.1, 2004, p.4).

We had also predicted the defeat for US in Afghanistan. That day is not far away. Hamid Karzai, the US stooge presiding over the turbulent Afghanistan, will be either shot dead or he too will run away.

Mecca Pact

As we write this America is planning to flee. What a humiliation for the dictator of the world at the hands of a puny desert Arab country.

In sheer desperation, the US thought of vivisectioning Iraq into three: Shia, Sunni and Khurd. But the Oct.21, 2006 "Mecca pact" signed by Iraq's Shia and Sunni religious leaders united the two to face USA. America is also realising that division of Iraq will be more dangerous than running away.

Saddam Hussein is having a hearty laugh in his jail.

Meanwhile both George Bush and his Republican Party

are facing gloom if not doom. The Democrats are on the rise. The Neocons (read zionists) have silently shifted to the side of Democrats. The zionists who brought the Republicans to power and made Bush President have deserted them and jumped into the Democrat bandwagon. They have no permanent party. They have only permanent interests.

Iran takes Muslim world leadership

Meanwhile, the racists among the White Western Christians and their zionist controllers are facing a fresh danger. A powerful alliance against them is quietly taking shape under the leadership of revolutionary Iran in the Muslim Middle East even as China is gradually taking over the world leadership.

The big slap on the face of USA inflicted by the puny North Korea by exploding a nuclear bomb, the growing economic crisis in USA and its inability to get Venezuela's Chavez defeated in the UN Security Council seat despite several rounds of voting, the emergence of Chavez as the bitterest critic of Bush, the humiliation of Blair, the poodle of Bush, the crushing defeat of Israel, the blue-eyed boy of zionists, at the hands of a tiny guerilla force, Hezbollah (DV Sept.1, 2006 p.6: "*Why mighty Israel was defeated by puny Hezbollah*") — all these and many more will help us understand that might will never be right and that Justice and Truth will naturally triumph.

The innocent Christian citizens of America will continue to suffer as long as they do not make bold and assert to put their house in order by teaching a lesson to the 3% Jews who are holding the very neck of America.

We will first take up the world's most volatile Muslim

Middle East on which the racists among White Western Christians and their zionist controllers concentrated all their attention and launched many "civilisational" wars to destroy Islam itself — though the words they used were "spreading democracy".

No Muslim country is a nuclear power (except the poor Pakistan). No Muslim country is an industrial giant. The entire Middle East Muslim land is barren desert where nothing grows. Besides, they are a house divided. Muslim countries hate each other and had fought several wars. They are not "civilised" compared to the West. Their only asset is oil which the Western rulers with great foresight had taken control long back. All the Muslim countries are thus controlled by the West and their bankers are managing the finances. The Western control over Middle East is total.

Beginning with Afghanistan, the USA started its war against Muslims, then shifted to Iraq and then tried to extend it to Syria and Iran.

Surrender of Truman

In DV, we have been repeatedly saying that the US is launching one war after another against different Muslim countries in the interest of safeguarding its blue-eyed boy, the zionist Israel.

Though Israel knows it and without the US funding it can't survive, still the American Administration is so foolish to be fully under the control of Israel. If the people of US do not revolt against the zionist grip, USA is sure to sink politically and economically. Already sure signs are visible. The warning is clear.

We have no complaint against the ordinary Christian

citizens of USA. They are all innocent. While all the previous American Presidents and their administration had mercilessly crushed its micro-minority Jews (3%), the gradual fall and final surrender began with President Truman.

Warning to US Christians

Britain was in the stomach of zionists from the very beginning but the US had been stubbornly anti-zionist. Even Truman resisted till the very end but the rising power of zionists in the American economy, media and politics forced him to finally surrender.

The United Nations has been always in the pocket of zionists.

The US political leadership — whether Republican or Democratic — has been always on the payroll of the zionists who constitute the richest in USA. Opinions are manipulated by the US media owned entirely by the zionists.

The zionist money and media are destroying the mighty America, once considered the land of opportunity, and its innocent Christians, its Protestant majority.

Unless the innocent Christians of America (they all know the danger and during our recent visit to USA, many of them admitted their helplessness) caught in this zionist trap free themselves and assert, our fear is the fall and fall of USA cannot be checked.

Pope's apology to Muslims

We elaborated this point in our recent Editorial, "*Islam-Christianity reconciliation needed to save world from*

sure Armageddon" (*Dalit Voice* Sept.16, 2006). But we see no sign of wisdom dawning upon the American Christians whose leadership again is controlled by their religious organisations — so much afraid of the zionists.

Even the Pope's recent controversial speech criticising Muslims —who protested and got a sort of apology — proves the hold of Jews on the Vatican though every Christian knows that it was the Jews who killed Jesus Christ, himself a Jew.

Just as the Brahminical leadership in India has gone mad and biting every passerby, the Jewish leadership is also behaving like a mad dog. If the world has to be made safe, this mad dog has to be shot dead. America has the gun but it has to make bold and pull the trigger.

World's longest lasting war

On the top of this, a new menace has gained ascendancy in USA — that of Christian Evangelists who are all-out pro-zionists and many of their leaders themselves converted Jews. Entire America is under the grip of the evangelists who are not recognised by the mainstream church, either Catholic or Protestant. That means there is hardly any hope of the average American Christian rising in revolt against their living death.

Meanwhile, the zionists are tightening their noose round the neck of America and as soon as they see signs of America sinking they will shift their money outside. With that the final death of America is complete.

We had occasions to discuss this fast approaching disaster with some American thinkers, academics,

politicians. All of them agreed with us but pleaded helplessness.

In other words, this tiny 3% zionist controllers of America do not mind killing the world's sole super power by whose support they illegally established the tiny zionist state of Israel — on a land seized from Arab Muslims (gifted to them by Britain) and killing them in hundreds — and thereby created the world's longest lasting (100 years or so) humanitarian disaster that created rivers of Muslim blood.

(Alan Hart, *Zionism*, 2005, World Focus Publishing, Kent, England, pp.600 20 £.)

Osama neither caught nor killed

The zionists, who claim themselves to be the world's most brilliant people, have proved themselves to be the greatest idiots on earth because they do not realise that their century-long manipulation resulting in prolonged war and violence on Muslims is actually resulting in digging their own grave. Not only that. They have actually helped consolidate and unite the entire Middle East warring Muslims. Not only that. Their misdeeds have already thrown up awesome new revolutionary leadership before which the entire West has started shuddering — al-Queda, Iran, Hezbollah, Hamas etc.

Even the zionist manipulated 9/11, for which they put the entire blame on Osama bin Laden, did not yield any result. What a shame that despite so much of war and violence, and flattening of entire Afghanistan and propping up Pakistan, they could neither catch nor kill Osama. Zionists now shamelessly admit that Osama is alive and laughing over their foolishness.

Discovery of suicide bomb

But much more than all this the Western "civilisational" war as outlined by the Zionist writer Huntington has brought about a wonderful unity between the Shias and Sunnis — nay the entire Muslim world. Not only that. The tormented and tortured Muslim world discovered a formidable wonder weapon, suicide bomb, before which the entire Western world and their Zionist tormentors are trembling.

But in India we are not able to understand why its Muslim leadership has failed to discover its own suicide bomb to tackle its more deadly "Jews of India". (DV July 16, 2005 p.27: "*The miracle of suicide bomber*").

Western media itself has started admitting all this stark truth after it discovered the Muslim masses in Arab streets spontaneously rising in revolt against the Zionists. The word used is "resistance" which is the English translation of *jihad*. The *jihad* call has generated such inspiring, unprecedented enthusiasm that the corrupt, Western-imposed rulership in Egypt, Saudi Arabia, Jordan etc. has started shaking. America wants to "democratise" Muslim countries but in fact supports the most autocratic Muslim rulership.

US aims to destroy Islam

So much so, Iran's President Ahmadinejad and Hezbollah's Hasan Nasrallah have become the heroes of Muslim masses. American stooges are facing revolt.

The Muslim masses are now convinced that the Zionist-inspired American war on Muslim countries was not to fight Muslim "terrorists" or establish democracy but to

divide Muslims and then rule the Muslim world to control its oil, impose Western culture by first weakening Muslim women and then subvert the Muslim society itself — with the final aim of destroying Islam itself. Many Western writers have started admitting this secret truth.

The “clash of civilisations” means destruction of Islam and then subjugating of Muslims. The next step is to enslave Africans and enslave India's Dalits with the help of the “Jews of India” (this is going on at great speed). Finally to attack the Yellows, meaning China. But in the process all those oppressed by the zionists — Muslims, Blacks, Browns and Yellows — have joined hands to fight the common enemy.

This is what the hate-mongering zionists and their White Western Christian followers have finally achieved by their foolish war on Muslims.

Bhasmasura

Look at one striking example. Tony Blair could have easily succeeded Kofi Annan as the UN Secretary-General. He had the stature and the youthful stamina but by dancing to the tunes of his zionist masters, he not only ruined his career but had to get out under utter humiliation.

President Clinton met the same fate and had a disgraceful exit caught in the sex scandal of a Jewish girl Monica Lewinsky. Nixon was finished with Watergate scandal.

In India, we have the same scene. The “Jews of India” (its 3% Brahmin rulers) use the country's leadership and then throw it out disgraced. The Jewish tricks are outlined

in their secret book called the *Protocols* (*Zionist Arthashastra*, for copies write to DV office, Rs. 50) and the "Jews of India" have their book of tricks in Chanakya's *Arthashastra* (R. Shamasastri, 1988, Padma Printers, Mysore-24).

Both the Jews and the "Jews of India" are like that Bhasmasura, a legendary *Puranic* figure in India's Brahminical cock and bull story. Anybody on whose head this fellow places his hand is reduced to ashes. The Zionist *Bhasmasura* touched the head of Blair and he fell dead. Bush is 3/4 dead.

Mrs. Clinton now being groomed to take over will meet with the same fate.

India has the same story. Anybody touched by the Brahminical Bhasmasura is reduced to ashes. Look at George Fernandes (DV Nov.1, 2006 p. 8: "*Noose tightening round George Fernandes' neck*"). Prime Minister Manmohan Singh is waiting for his turn. The Khatri Sikh will be used and finally thrown out.

Supremacism of chosen people

India's 3% Brahminical rulers are the "Jews of India". Ever since they set foot on this ancient land of innocent Dravidas and Adi-Dravidas, they have been creating the same situation as the Jews did in Europe, USA and later in Palestine. Both are capable of only division, deception and destruction.

Their weapon is mind control, deceit, deception, treachery, hatred, causing rivers of blood, sweat, tears and resulting in destruction to ultimately establish the racial supremacism of "chosen people".

We have our book, *Brahminism* (V.T. Rajshekar, Dalt Sahitya Akademy, 2002, Rs. 50) in which we have on the inside cover page the picture of swastika (the religious emblem of Brahminism) with its four blades: Nazism, Fascism, Racism, Zionism. Ever since we published the third revised edition of this book (2002), we have gathered lot more historical evidences of the atrocities committed by Brahminism in the Indian subcontinent and zionism in Russia and West. And also in West Asia and Africa.

Murder of Gandhi

Zionism's criminal behaviour first came to light with the murder of noble Jesus Christ by the Jews themselves but the Brahminical onslaught on India began much earlier with the destruction of the great glorious Indus Valley Civilisation, next only to the Nile Valley Civilisation. Then came the assault on Budhism and its destruction inside India. With that the 3% Brahmins (whose population continues to be the same even today) finally established their hegemony over the whole of India.

To see that their rulership over India continued, they managed the partition of India by using M.K. Gandhi and packing off Muslims into a separate land (Pakistan). After their job was done and a Brahmin Prime Minister (Jawahar Lal Nehru) took over India, they got rid of Gandhi. (V.T. Rajshekar, *Why Godse Killed Gandhi?*, DSA-1997).

After India's partition (1947), they quickly created the "Kashmir problem" to project Muslims as the permanent enemy of India. In the past 60 years the Aryan Brahminical rulers have achieved their greatest success

in *hinduising* (enslaving) the native non-Hindu original inhabitants — called Scheduled Castes, Scheduled Tribes and Backward Castes — and thereby converting India into a permanent battlefield in which the “Hindus” and Muslims (India has more Muslims than Pakistan) constantly fought under their leadership.

De-Christianising America

Brahminism step by step weakened if not enfeebled India and reduced it into a failed state (V.T. Rajshekar, *India As a Failed State*, DSA-2004, Rs. 10).

The Aryan Brahmins may be the rulers of India but they never loved India because they do not belong to India. That is why they are not interested in the health and happiness of its people. They no doubt became rulers and rich by exploiting the rest of the population. In other words they destroyed India by destroying the health and happiness of its people.

The Jews are doing the same thing in USA. Read Henry Ford's book, *International Jew* (Ford Co., USA) in which he says how the Jews have systematically subverted USA, enslaved its Black population and in fact de-christianised the Christian country.

Not a single prediction we made either in *Dalit Voice* or in our books has gone wrong. All the records are readily available with us for easy verification.

The only essential difference between the Zionist-led American assault on Middle East and the Brahminical aggression on India is this: the entire West Asian Muslims not only forgot their Shia-Sunni differences but also threw out their feuding rulers and stood as one man to fight

the common enemy.

But this did not happen in India. The enslaved Scheduled Castes (Untouchables) of India (20%), Tribals (10%) and Backward Castes (35%) — total 65% — have been so much *hinduised* (enslaved) making them fight with each other. The very role of caste system, which is the other name for Hinduism (the modern name of Brahminism), is to divide and rule. Besides, India has 15% Muslim and Christian, and Sikhs (each 2.5%).

All these 85% victims of Brahminism are kept fighting each other converting this ancient country into a bloody battlefield. The war is unending.

Brahmins prove superior to Jews

While the Jews with their continuous war and violence united their victims (Muslims), the “Jews of India” continued to keep their victims divided, weak and enslaved.

In other words, the “Jews of India” have proved themselves more deadly and hence more dangerous.

How did the “Jews of India” manage this show ?

They did not rock the boat too much like the Jews. Brahminical rulers were merciless only on Muslims and packed a sizeable number of them off to Pakistan. The creation of a Muslim state on the borders of India further helped the rulers by providing hem with a permanent whipping boy.

Brahminical rulers with the help of their monopoly media could easily create situations that provoked deadly violence and then pointed the finger at Pakistan. The *hinduised* SC/ST/BCs (65%) are then made to believe

that they are all suffering because of the terrorist Pakistan and its "terrorist" agents (Muslims) inside India. Once the report comes in the paper, "public opinion" is managed and then Muslims mercilessly punished. Thousands of Muslims are rotting in Indian jails without trial from years (DV Sept.16, 2006 p. 16: "*Reckless arrest of Muslims*").

Hindu drug lulls slaves to sleep

Compared to Muslims, SC/ST/BCs are not tackled violently. There is no need also. Hinduism is a wonderful drug that takes care of these 65% of the indigenous people by *hinduising* (enslaving) them.

A slave enjoying his slavery needs no weapon. He will dance like a monkey to the tune of the Brahmin.

Brahminism thus employs two different types of weapons to tackle Muslims (15%) and the indigenous (65%) SC/ST/BCs and thereby peacefully rule India describing it a "rising world super power".

This make-believe cock and bull story of "India shining" is widely published in the Jewish-controlled Western media and the world also is made to believe this damn lie.

That means the "Jews of India" have proved themselves more deadly and dangerous compared to the Jews.

We can almost see the end of Jewish conspiracy and their blue-eyed boy Israel but here in India we see no light at the end of the tunnel.

It is all pitch dark with the entire Indian subcontinent's 1,200 million or so slaves enjoying their slavery.

Coming back to Middle East, the series of blunders

committed by America one after the other at the behest of Zionists have brought Islam to the forefront. Iran is a Shia country though Shias are just 15% of the world Muslim population of 1.3 billion. The Zionist-driven hate machine made the Sunnis also to accept the Shia leadership now emerging under Ayatollah Khamenei, who recently shocked the world when he appeared in public in Tehran brandishing a gun and speaking in fluent Arabic and attacked the "Great Satan" (USA).

The age-old rift between Shia and Sunni branches of Islam appear to be healing. The Sunni religious world leadership claimed by Saudi Arabia, a cockroach country controlled by USA, is dying.

Dramatic changes are taking place.

Turkey goes back to Muslim roots

Thanks to the mistakes of US leadership and the mischief of Zionists, today the entire world Muslim leadership stands united. The so-called "Muslim moderates" groomed by the US are all dying and some already dead.

What is significant not only to the whole world but the Muslim world in particular is the release of Turkey from the clutches of the West.

The Zionist-controlled Nobel Prize Committee may get some vicarious pleasure in giving a Nobel Literature Prize to a Turkish novelist, Orhan Pamuk, who criticised Turkey and came to be hated by the Turks. Pamuk may win a Nobel for fanning anti-Muslim hatred but it actually helped the Muslims understand that the Nobel committee is yet another Zionist caucus.

By giving yet another Nobel (Peace) Prize to a Muslim, Muhammad Yunus, who is a Muslim only by name, the Jews and "Jews of India" have conspired to destroy the Islamic state of Bangladesh. A Bengali Brahmin, Debabrata Bhattacharya, heading the Centre for Policy Dialogue in Dhaka (CPD), is trying to drag Yunus into politics and destroy the country's Islamic character. Fortunately all major political parties have exposed the CPD conspiracy. Deep conspiracies are being hatched to subvert Bangladesh which was created as a result of the Brahminical conspiracy to weaken Pakistan.

Musharaff fools West

However, Pakistan's President Parvez Musharaff is playing a very wonderful game by pretending as the greatest fighter against "Islamic terrorism" even as he goes on milking the American cow and at the same time giving full protection to al-Qaeda in its backyard. His foreign policy is so wonderful that he is friendly with China as well as with America and all the Muslim countries including Iran. His superb strategies and tactics are in contrast with Brahminical India which has burnt its fingers by putting all its eggs in one (American) basket, antagonising China and all the neighbours around. So much so "Hindu India" is not trusted even by the world's only Hindu country, Nepal.

Meanwhile, Brahminism is milking India dry and its 15% (Aryan) votaries have become India's richest. Having occupied vantage positions in the West — specially in media, finance and IT — and being in close collaboration with zionists, they are able to lead India through its nose.

Manmohan Singh rule as disaster

Prime Minister Manmohan Singh, an upper caste Khatri Sikh, is himself leading the Brahminical bandwagon to ruin India. In *Dalit Voice*, we have written enough on the havoc played by this World Bank nominee. All false and exaggerated stories are planted in the media to deceive the public. (DV Nov.1, 2006 p.6: "*DV expresses no confidence in PM: His only worry is urban rich*").

His prime ministership has been a disaster — more dangerous than the five-year Hindu nazi terrorist party rule headed by *Vaidik Vajpayee*.

As George Bush is sinking, the Muslim world is on upward swing, China fast emerging as a world power, India will be hated by the whole Muslim world outside and the Muslims (who constitute the world's second largest population outside Indonesia) inside.

The oppressed people inside India (85%) should wait for such a moment and strike when the Indian Brahminical ruling class (15%) stands exposed. China and the Muslim world will never, ever trust the Brahminical betrayers.

But we have a fear: whether the Brahminical forces will once again defeat us through the fast emerging naxalites, fully under the Brahminical leadership by clamping their fake Maoist rule and thereby once again not allowing us to raise our head. (DV Oct.16, 2006 p.5: "*Naxalism gets complicated with RSS & big business infiltration*").

The US-based Maoist International Movement (MIM) is fully aware of India's Brahminical tricks. Once the Brahmin Prachanda joins the Nepali Govt. (that day is not far

away), he will soon use his maoist physical force to oust the existing seven-party coalition and impose his Brahminical dictatorship over Nepal. The Prachanda praire fire in Nepal will be instantly hailed all over the world through the Zionist-Brahmin controlled media as the greatest bloodless maoist revolution of the world.

China opposes Nepal's Maoists

But China fortunately is not supporting Prachanda's Maoist party which is pro-American and pro-zionist. The same Maoist party in India is also headed by Brahminical forces and it is using the poor, innocent, starving tribals, Dalits and Backward Castes as its cannon fodder.

As the entire media is in the hands of our enemy, they have already started glamourising Prachanda and waiting for the day when he will become the dictator of Nepal. Of course the Dalits and other oppressed people of Nepal hate him and his Maoist outfit which is fully manned by our people.

DV never goes wrong

Once he takes over Nepal (the chances are very bright), the entire media in India and outside will sing the song of "Prachanda Revolution" and the Hindu nazi RSS terrorists, fully infiltrated into the *Salwa Judum* in Chhattisgarh and its *chelas* in PWG in Andhra Pradesh and elsewhere will swing into action. The upper cast-controlled police, bureaucracy, judiciary will fall in line and the Brahminical toilet papers will lionise Prachanda.

The Prachanda praire fire that started in the Himalayas will simply spread to the Gangatic plain and then spread down south. Already a fifth of India is under the

manuwadi naxalite counter-revolution. Our fears will not go wrong. DV has never gone wrong.

Such a catastrophe will have to be averted by the timely intervention of international Maoist forces outside and Maoists inside China.

India's Brahminical rulers have no permanent party. They have only permanent interests. Earlier the same Brahmins were leading the Red Revolution (V.T. Rajshekar, *How Marx Failed in Hindu India*, DSA-1988). Once their "class struggle" experiment did not find favour with the country's oppressed Dalits and Muslims, they shifted to *Hindutva*, setting Dalit/BCs against Muslims and creating religious (Hindu-Muslim) clashes. The people rejected the Hindu terrorist party of BJP also in the last election. As the Brahminical rulers are deeply worried, the Prachanda prairie fire in Nepal has given them new hopes. The entire Brahminical people will simply turn red overnight and start singing songs of Mao once they are convinced that maoism assured their supremacism.

Shift of Jewish capital to India

Reports in US financial papers are indicating a gloomy future for America. As China's economy is rising, America is collapsing. China owns about 1 trillion dollar worth US treasury bonds. The entire American economy is controlled by its 3% Jews. Why then the Jews are killing their own dollar and pushing US to doomsday? Reports say there is a definite design in weakening USA. They sincerely feel US is becoming incapable of protecting their dreamland of Israel. Hence they are silently planning a capital flight. The corporate America has already loaded the boats and is headed for greener pastures

in India on the invitation of their cousins, the "Jews of India". Already many top Jewish giant companies have established their offices in India. Indo-US civilian nuclear deal is being pushed through their joint co-operation. Such a shift of capital to India — which geographically stands ideally between oil-rich Middle East and China, the rising world power— will be able to counter both their enemies and also further strengthen the "Jews of India" to fight their restive indigenous Indians.

That is why India's oppressed SC/ST/BCs (65%) and the Muslim/Christian/Sikhs (20%) — a total of 85% — must plan their strategies properly by deeply studying the developments outside and adjusting themselves to the needs inside.

Those fighting zionism in the West and Middle East must also make a deep study of Brahminism which has developed world-wide tentacles.

Zionism has become world famous for its notoriety. But in contrast India's more dangerous Brahminism is hiding under the cloak of gandhian non-violence, democracy, justice and all sorts of humbug completely misleading even the most brilliant thinkers of the world.

India's Brahminism and zionism of the West are one and the same with different names but having the same common goal to establish the racial supremacism of the "chosen people" using cold blooded terror, mind control, deceit, treachery, treason, hatred, blood, sweat, tears, death, destruction — by any means.

Hence this appeal for a joint strategy. ■

New threat to Bahujans : Unity of Jews & “Jews of India”

A newspaper headline screamed: “Americans voted for change”. No. Americans may sincerely want a change but there will be no change in America's war-monger or pro-capitalist policies.

The Opposition Democratic Party might have won and captured both the Houses of their Parliament (Congress), the ruling Republicans defeated, President Bush lost his stature and killer Donald Rumsfeld dismissed. All these facts are known. But what is hidden is that the 3% Jews who control the world's sole super power will continue to control and rule America. That means there will be no change in US policies because the Jews control the victorious Democratic Party also.

Strategies may change but the objectives will remain. America guided by the Jews will continue to be anti-Muslim, pro-Israel, anti-China but pro-Indian ruling class. It may return to the hypocrisy of the past pretending to be peace-maker and yet come down hard on justice and truth-seekers.

Pelosi prostrates before Israel

In other words, those who hoped for change in America will be sadly disappointed.

The first and foremost job of Ms. Nancy Pelosi, the newly elected boss of the American Congress which will shape the American policy, was to prostrate before the Zionist Israel. She said “American commitment to Israel's safety and security will not change”. Three cheers for Pelosi.

The Democratic party will also be a good servant of zionists.

Indo-US nuclear deal

Perhaps the most striking evidence of the continued Jewish control on the American Congress and Administration is the quick approval given to Indo-US nuclear deal in the Democratic Party-dominated Senate. In other words, the zionist agenda will continue unchanged even after the defeat of the Republicans. That means the US servility to zionist Israel will continue. "An empire colonized by regional power", as James Petras says in his book, *The Power of Israel; in the United States* (Clarity Press, USA, 2006, pp.200, Photocopy with *Dalit Voice*).

This is the secret of the Brahminical confidence that things will continue to be favourable to India's rulers.

President Clinton (Democrat) was a total slave of the zionists and was simply dictated by the zionists. His wife, Hillary Clinton, expected to be the next President to succeed President Bush, is also a great admirer of Israel and supporter of the Iraqi war.

It is simply not possible for any political leader whether Republican or Democrat to go against the zionist agenda because they pay the piper and he has to sing and dance as they dictate.

Blood bond

The Indo-US civilian nuclear deal — the dream child of Manmohan Singh, the darling of India's Brahminical rulers — getting through despite the political upset in America

proves the strong bond of unity between the Jews and the "Jews of India". Brahminical forces have made fantastic inroads into the American Jewish mega-empire and fully convinced them the urgent need to strengthen the brotherhood of the Jews and "Jews of India".

The nuclear deal is the first and the most prominent proof of this fast-growing blood bond which must come as a warning signal to the victims of India's Brahminical rulers. We have elaborated this point in our signed article (DV Nov.16, 2006 p.18: "*Brahminism in India & Zionism in West*"). Both Brahminism and zionism are two sides of the same coin.

"Jews of India" created Hitler

Jews claim they are the brainiest people in the whole world and leaders of its entire intellectual activity. If so how did they so soon forget that it was India's Aryan Brahminical people who created Hitler and supplied the philosophy that promoted nazism? The book written by a top zionist historian, Leon Poliakov, *The Ayan Myth* (1977, New American Library, New York) is entirely devoted to criticise the role of India's Brahmins, whom he calls as the founding fathers of Hitler's nazism that caused the death of millions of Jews and caused the Holocaust.

In our book *Brahminism* (DSA, 2001) we have devoted two chapters to warn the Jews against falling into the trap of India's Brahmins: Chapter-IV: "Jews & the Jews of India" and Annexure-I: 'Jewish scholar who diagnosed disease of Brahminism but failed to cure it'.

We wonder how such a "born genius" race could be

taken for a ride despite being warned by their own Zionist historian. Even now it is not too late for the Jews to avert this disaster. We want to again warn them against falling into the very well which they avoided during the night but fell and got drowned in the broad daylight.

Alan Hart, the British Christian journalist in his book, *Zionism*, (World Focus Publishers, Kent, England, 2005) says not all Jews are Zionists and that there are many good Jews. Such "good Jews" must heed our warning that having suffered one Holocaust they should not embrace another and bigger Holocaust by listening to the advice of the "Jews of India" whom we find more dangerous and deadly.

Globalisation, a Zionist agenda, is further weakening India's weaker sections. Our Brahminical rulers are the greatest supporters of globalisation. Manmohan Singh is driving the globalisation bulldozer still faster and its effects are there before our eyes.

The rulers are making use of the Supreme Court and the high courts to constitutionally kill us as early as possible. (DV Edit Nov.16, 2006: "*Court comes to rescue of drowning upper castes: Desperate bid to restore monstrous Manu-wadi rule*").

Points to ponder

What is the secret behind this frantic cooperation and coordination between the Jews and the "Jews of India"?

The Dalits/Tribals/Backward Castes (65%) and Muslim/Christian/Sikhs (20%) — the six segments constituting the big majority slaves of India — should seriously ponder

over this question. Because this question is going to decide our life or death.

No only that. China, all Muslim countries, the entire continent of Africa and the newly emerging South America, victims of American imperialism led by Chavez of Venezuela, and all other victims of this Big Bully led by zionism must also ponder over the following thoughts in the interest of saving the world.

US doomsday nearing

There is no doubt about the coming economic collapse of America. The dollar meltdown is approaching. As long as oil is sold on the world market in US dollars, the US control of global economy will continue. Once the Middle East — the reservoir of world oil — slips out of US hands, US is dead.

That is why all efforts are made to keep Middle East under the US thumb.

The defeat of US in Iraq, the electoral stab on the chest of President Bush, the puny Hezbollah giving a bloody nose to the mighty zionist Israel, the rise of Iran and finally the entire South America turning left has unnerved the Jews running the America.

Their fortune is nose-diving. More and more Christians, who constitute the citizens of America, are coming to understand that they are being taken for a ride by a handful of 3% Jews who are controlling the entire American media, education system, cinema, entire economy — rather the very life of Americans.

The Jews have also come to know that their doomsday is nearing as more and more American Christians are

coming to know the crimes of Jews against their country.

Jews love Israel more than USA

That is how we are getting the alarming reports of the flight of capital from America. Capital has no loyalty. It has no nationality. Globalisation has brought about this transformation. And globalisation is the pure and simple Zionist agenda.

The Jews control and own the largest chunk of the American capital. America's richest people are Jews. As the Jews do not belong to America and do not love America and once America becomes weak and incapable of protecting their dreamland, Zionist Israel, there is no point in sticking to America. Better to seek a more safe heaven from where they can finance and protect Israel.

That is how the Jews have already started weakening America financially and politically. The shift of Jewish financial support from Republican to Democrats in the congressional elections is the latest proof. There are clear signals that the Jewish corporate bosses have started loading their boats and decided to head for more promising markets in Asia and Europe.

Asia gets the first preference and in Asia the only country which is so happy to hug them is India ruled by their blood brothers, the "Jews of India".

Death of dollar

The Jews have come to the conclusion that the very survival of America is becoming difficult. The dollar is the international currency today. But once the oil-

producing Middle East countries led by Iran, Iraq and other countries like Malaysia, Venezuela etc. decide to dump dollar and shift to Euro, the dollar is dead. China to which America is heavily indebted by owning huge stocks of bonds will be too glad to cooperate. Because the fall of America means automatic rise of China as the No.1 power of the world.

America cannot maintain its super power status unless it continues to control the global economy. Too many countries are tired of America acting as the policeman of the world. Even Europe and Russia will be too glad to throw a stone at this hated policeman.

Viewing from any angle the fall of America is clearly visible.

That is why the Jews who control the entire world economy through USA thought it is better to jump before the boat sinks. Their destination is Asia and particularly India where their blood brothers are in great difficulty.

Bhoodevatas in danger

The Bahujans comprising over 85% of India's population — victims of Brahminical oppression — have made the life of the micro-minority Brahminical Hindus miserable. Thinking sections among Brahmins are not even getting a sound sleep in the night.

The growing roots of parliamentary democracy, going deeper and deeper into the soil of India, have strengthened the different "nations" (castes and communities). No doubt, the Brahmins are continuing to rule India. Manmohan Singh is ruling India better than the *Brahmana Jati Party* (BJP). But with all these plus

points, the *Bhoodevatas* are clearly seeing danger ahead.

About 20 years of close collaboration between the Jews and the "Jews of India", has fully convinced both the parties the need for closer collaboration and cooperation. And the result is the Indo-US civilian nuclear deal to meet the most urgent need of power, which is the no.1 priority of the "Jews of India" to help proceed to their heavenly abode.

Who decides India's future

The Jews have agreed to get the deal cleared proving how effective is the collaboration and cooperation between the two sections. But this nuclear deal is unanimously opposed by every section of Indian opinion because the deal will make us total slave of the hated US, the enemy of the entire world.

But India's future is not decided by its people but by its 3% Brahmins who together with other Hindus make up 15% of India's ruling class.

This ruling class has been ruling us since thousands of years and ever since India became "independent", it imposed its Brahminical dictatorship making even breathing difficult for our people.

Already the upper caste monopoly capital has destroyed the countryside (*India As a Failed State*, DSA-2004). What will happen when the US nuclear deal adds muscle to their destructive drive? If with their little capital they can throttle us so hard what will happen when the awesome capital of the Jews shifts to India?

In all such developments of socio-cultural developments

two plus two does not necessarily become four. But we have expressed our fears about the coming storm of which we are getting clear signal.

Strategic location of India

The civilian nuclear deal is a boon to India's urban dwelling upper castes because they have found shortage of power as the greatest obstacle to their progress. They have the money and all other favourable things. But power shortage is blocking their progress. The US deal fulfills their greatest need. With that they can simply jump heaven-wards dumping the destitutes (85%). This is their calculation and the Jews, the controllers of America, are convinced. That is how the nuclear deal is going through, clearing the first hurdle to the entry of mind-boggling amount of Jewish capital to India.

Geographically India is better located to tackle the menace of the Middle East Muslims on its West and fight the Yellow peril of China on the East. These are the two most urgent priorities of the Jews with which the "Jews of India" are in full agreement. In fact, the two think alike and act alike. Being hate-mongers, both have the same agenda.

So, it is for the victims of zionism like the Muslims, Christians, China, South America, Africa etc. to think and act appropriately to save the world from the hate-mongers. ■
