Thus Spake Ambedkar

We have to consider ways and means of imparting knowledge of Buddhism to the masses who have accepted His Dhamma and will accept it on my word. We should not doubt to train large number of workers to teach Dhamma to people, but the best agents for carrying out the same are the Bhikkus. They would carry a great deal of prestige with them which no layman could do.

The Bhikkus in my judgement ought to be very happy to find out that a large task awaiting them has been done. The only difficulty with the Bhikkus is that they don't care to learn the language of the people. I am afraid the Sangh will have to modify its outlook and instead of becoming recluses they should become like the Christian missionaries the social workers and social preachers. As I told you today they are neither *Arhans* nor useful members of the society. This fact must be hammered into them and make them realize that they could serve the Buddha well by becoming preachers of His Dhamma.

I like your idea of opening a sort of the logical seminar where Bhikkus and non-Bhikkus could be taught the fundamentals of Buddhism and make to learn the different languages of India so that they could be sent to the different parts.

So far as my reading of the mind of the Indian youth is concerned it is very difficult to make them turn to learn the monastic ideals. The best way is that we can create like Japanese married priests like the Protestant Christians have done. For that we shall have to find means for their support during their educational period and after they go out public life as priests.

The conversion ceremony in Bombay will probably take place in December, most probably during the X'mas holidays so that many people could have travel facilities which they would not otherwise get. I shall let you have the exact date after consulting my Bombay people.

I hope you are giving full publicity to the Nagpur ceremony, in the Maha Bodhi Journal. I would like

you to particularly mention the following points:

(1) that on the first day some three lakhs and eighty thousand people became converts to Buddhism. As many people arrived after the ceremony was over a second ceremony was held on the next day as the first item in the programme.

(2) that there was another conference at Chanda on 16th October 1956 which was held in the evening. There also another conversion ceremony was held and some 3 lakhs of people were converted.

(3) According to the news item in yesterday's paper there was again a conversion ceremony held at Akola after I came away and more than 2,000 people were converted.

(4) That a Marathi paper called *Navyug* has published some fine photographs of the crowd that attended conversion ceremony at Nagpur.

(5) That I am receiving letters from all corners for conversion.

If you are issuing a special number of Mahabodhi Society Journal and desire to obtain photographs I can help you to obtain the same. Please let me know.

With reference to your query as to our tour programme I am told a copy of the same has already been sent to you. You will know from it when I shall be in Sarnath.

Zionists & Brahminists — Satanic cult governing us — will be wiped out when World War-III begins

Zionists and Brahminists are the world's only two micro-minority cult and yet the cruelest creatures who have posed a danger to the entire humanity. Today, the zionists are forcing President Obama to attack Iran but, as already predicted in DV, that would surely lead to World War-III. We certainly welcome such a war for two reasons. (1) Such a war will end all future wars (2) and that will surely shift the balance of power from the West to the East — straightaway making China the world leader.

But Obama is hesitating. Already he has become very unpopular at home. Besides, he lacks the courage to launch such a war.

Obama as zionist agent: There are reports that Obama himself is a zionist-sponsored candidate for the presidential election. (Every American President has been a pro-zionist). The Americans got disgusted with George W. Bush and his endless wars against Islam pushing the country to bankruptcy. The zionist conspirators thought a Black with a Muslim name would be able to deceive the innocent Americans. Their calculations proved right and Obama won.

As soon as he stepped into White House, zionists took over Obama. Two of the most notorious zionists were made his left and right hand. David Axelrod, Obama's brain, and Rahm Emanuel, the President's chief of staff, are zionists. Hillary Clinton was also the choice of zionists. Obama had no choice but to surrender to zionists.

Iranian threat: The biggest defeat of Obama is in Palestine. Zionist Israel — with which the Brahminist India is chummy and virtually bossing over America — has rejected all efforts to bring peace in Palestine. Without solving the Palestinian problem there will be no peace in Middle East — if not the world itself.

But some thinking people inside Israel have raised a serious question: "What will Israel do if the nuclear-armed Iran attacks the illegally established zionist state?"

Second Intifada: Muslims all over the world from the very beginning never trusted Obama despite all his oratorical assurances to them. The very fact the Zionist Nobel Foundation gave the Nobel Prize for Peace to Obama and he accepted it without any hesitation proves his intentions. That means the zionists want Obama to attack Iran. But he dare not.

George W. Bush became a hated figure only during his second term. But Obama became unpopular within two years of entering the White House.

Palestinians — deceived not only by all the American

presidents and hated by the zionists but also let down by their Arab brothers — are now thinking of launching the second *Intifada* (uprising). The first one erupted in 2000 and the second one will be more serious.

The second *Intifada* may coincide with the Iranian attack on Israel on one side and Lebanon on the other. The entire Muslim world will rush suicide bombers to Israel.

The zionists, who engineered the two World Wars will then force the Third World War that will be more deadly and more prolonged than the two previous wars.

Jump into Mediterranean Sea: The zionists in Israel, cornered from all sides, will then have no other go but to jump into the Mediterranean.

China and Russia, all the Muslim countries, plus Venezuela, Brazil, the entire African continent will support Iran. Except "Hindu India".

The micro-minority pro-zionist rulers of India, surrounded by enemies outside the country and hated inside by the overwhelming indigenous *Moolnivasi Bahujans*, will then have no other go but to commit mass suicide and follow their zionist cousins. Good riddance to bad rubbish.

Satanic cult ruling us: Thinking people all over the world have now realised that the very survival of the human race is at stake. The danger posed by the Brahminists is not so much known outside India — though DV family members in America have by now identified this enemy from their fascist behaviour.

Together, the zionists and their more dangerous Brahminist cousins constitute a sadistic and dangerous Satanic cult.

They are well-organised and well-funded. The entire banking industry and media are in their pocket. Both these weapons are used to subvert every institution. India has been pauperised and reduced into a beggar nation.

Henry Makow warning: Unless we wrest control from these twin Satans, we are doomed. Fortunately we need not take much pain to finish them. Being suicide-prone, the two cousins are digging their own grave by triggering the World War-III in which every country in the world including America will join to push them into war and fry them alive.

We must get ready with whatever weapons to

defend ourselves and this Mother Earth they are killing.

Henry Makow, a Canadian Jew and an expert on the problem, expects the zionists to start preparing for the World War III from this year (2010) itself. By 2012 we will get clear evidence of the end to our present civilisation right before our eyes. Get ready for the civil war.

Deadly wars on Muslims: After the so-called "Holocaust lie" which the zionists manufactured to create Israel, the second biggest lie is the 9/11/2001 — the Israeli Mossad attack on WTC twin towers to launch the worst deadly wars on Muslims. They invent dangers to dupe and deceive innocents. And provoke wars.

Both Zionism and Brahminism thrive and survive only on wars, blood, hatred and lies. The zionists invented "terror", meaning Muslims. And the copycat Brahminists followed it.

The Lie is mightier and deadlier than the Hydrogen Bomb. The Bomb merely devastates. The Lie steals our souls, says Henry Makow.

Muslims not terrorists: If "terrorism" did not exist the racist Israel could not have been created. Brahminists repeated this terrorist lie and today India is full of "terrorism". Every day new and newer terrorism is invented. The two evil forces killing the world are playing upon "terrorism" to destroy the society's immune system.

Muslims are not terrorists. They are victims of the Brahminical terrorism, the twin founders of the Satanic Cult.

Both the zionists and Brahminists do not believe in god. But they sell god to us to deceive us and make money. They threaten us and bully us in the name of god. They believe not in god — but Satan.

A Satanic Cult governs the world. This cult will die with the World War-III. We assure you.

Super RSS Abhinav Bharat behind Pune terrorist attack ?

OUR CORRESPONDENT

Bangalore: The city of Pune, with the country's highest percentage (35%) of Brahmins, the ancient capital of the Chitpavan Brahmin Peshwas, was free from all "terrorist" attacks. But the latest German Bakery bomb explosion in the fashionable Koregaon Park rattled the killers of M.K. Gandhi who wanted to keep their seat cool.

The Brahminical media as usual quickly blamed the "Muslim terrorists" and published all sorts of names. But the police, who normally go by the IB (Intelligence Bureau) briefings, were silent for the first time. Even the IB refused to blame the Muslims — though it used to be the first to announce a Muslim outfit. Why? What is the mystery? Why this silence?

Air Force officer's role: But lately, the media has started blaming the Abhinav Bharat (AB), the newly formed super Brahminical outfit — exclusively Chitpavan — for the Pune blast.

So far 14 people have been charged with alleged killing of Muslims in Malegaon and other Muslim towns of Maharashtra.

Of this, 11 have been arrested and three absconding. Of this, the names of Dange and Kalsangra are being mentioned in connection with the Pune Blast.

Mrs. Himani Savarkar (50) is the head of the Abhinav Bharat (AB). She is the daughter of V.D. Savarkar's brother. But AB is virtually commanded by Lt. Col. Purohit, a serving officer in the Indian Air Force. He is said to be having a vast following inside the upper caste officers of the Defence force. That is how he could get RDX explosives which are available only with the Army.

Sex & liquor: The Brahmins of Pune were boasting that their city was free from terrorist attacks because of the heavy presence of their *jati* people. But when the "terrorists" struck the fashionable Koregaon Park of Brahmins, where the sex-liquor mafia Osho Centre is located, they were literally shocked. Who did the German Bakery blast is still a mystery.

India going anti-Hindu: The police know it but they are tight lipped for obvious reasons.

But hard-core Brahminical circles connected with AB say that the motive behind the Pune attack was to warn the Pune Brahmins to wake up and act "before India turns anti-Hindu" with the growing unity of Dalits,

Muslims and all other anti-Brahminical forces.

Jews join "Jews of India": AB was founded by Chitpavan Brahmins. (Read the book on *Chitpavan Brahmins* by a Chitpavan Brahmin scientist in USA, Jay Dixit, Ultrafit, 1482-Sadashiv Peth, Tilak Road, Pune - 411 030). After rejecting the RSS, which they found useless as it did not keep up a single promise made to the "Hindus" (read Brahminists), the AB leadership went to Israel and forged close relationship with the zionists and got both arms and funds.

AB commands a huge following. Karnataka's Ram Sena is part of AB. That is why when it attacked the churches, even the BJP Govt. ruling Karnataka could not control it.

Dalit explosion: The AB wanted to prove that the RSS and its political outfit BJP were useless and would not be able to save "Hindus" from Islamic and Christian aggression.

What they actually mean by this is that the angry Dalits (20%) may explode and no force on earth will be able to control the Dalit fury.

The Pune blast is posing a big problem to the police and even the IB. For the first time no Muslim was arrested in the Pune case. This itself is a wonder.

Police fear: The names of the two absconding Chitpavan leaders of AB are appearing in Marathi and even some English papers. But the police and the govt. are afraid to arrest any Brahmin leaders.

The top political leadership in Maharashtra says they dare not arrest any Brahmin leader even if all the evidences are available. They say that the entire Brahmins of India — the country's ruling class (2%), which control the media, finance and even politics — would revolt and no political party had the courage to face the Brahmin fury because they own the Hindu religion and also its gods.

The *vaiddik* Brahmins are not afraid of the Muslims. During their 1,000-year of rule, Brahmins served as their loyal servants, even supplying their wives and daughters.

Phule gives first shock: What gave the first shock to the *vaiddiks* was the furious anti-Brahmin movement launched by Mahatma Phule. In 1893, after the death of Phule, the Chitpavans got together under their top leader, B.G. Tilak at Pune who advised his *jatwalas* to

attack Muslims to divert the country's attention. Such attacks on Muslims, calling them anti-Hindu, will help *hinduise* (enslave Dalits) and divide the OBCs. This strategy yielded wonderful harvest.

Ganapati manufactured: An unknown god, Ganapati, was manufactured as the greatest of the Hindu gods to help launch a wave of attacks on Muslims. Nobody knew Ganapati in India till then.

Tilak's game succeeded. Then came M.K. Gandhi who furthered the mission of Tilak, the "greatest of the Chitpavans".

Gandhi's killers: Though Nathuram Godse and his Chitpavan gang killed Gandhi, the Brahminical media and the history books never mentioned the killers caste. The first rumour that spread all over India like a wild fire was that Gandhi was killed by a Muslim. Periyar E.V. Ramaswami rushed to the All-India Radio station in Madras and rebutted the *vaidik* mischief. But the enemy, however, succeeded in hiding the caste identity of the killer and impressed the unthinking Indians that Gandhi

Dalai Lama: DV wins

OUR CORRESPONDENT

Bangalore: India's pro-American, anti-China Govt. is slowly realising that the hated Dalai Lama is a hot potato stuck in its throat. DV has been campaigning against this runaway renegade but our Brahminist rulers gave him shelter — and India suffered. But Brahminists don't care for India. This is because the zionists love the Dalai Lama and the "Jews of India" are their cousins. As long as they do not kick out the Tibetan Kulak leader out, India can never have peace with China. As China has become a super power and world leader, the Brahminist-ruled India is sinking and stinking. ■

Editor to visit Tirunelveli : May 8 & 9

S. THANGASAMY, ADVOCATE, TIRUNELVELI

was killed by a Hindu. The fact that he was a Brahmin and Chitpavan was hidden. (V.T. Rajshekar, *Why Godse Killed Gandhi?*, DSA-1997).

Ever since then the *vaidiks* completely succeeded in their mission of capturing the media — both print and electronic — and making it 100% Brahmin.

And this media is doing a wonderful job in hiding the truth, putting out false reports, damaging reputations and misleading the people. And finally succeeded in branding Muslims as terrorists and a danger to India's security.

Need for media: If truth and justice have to prevail, the Muslims have to retain their fair name and this country has to be saved from the 2% "Jews of India" who are threatening its unity and integrity, we must set up our own media. But there is no thinking on this even among its worst victims, the Muslims. That is how the 2% anti-nationals succeeded in dubbing Muslims as terrorists and Dalits as meritless morons. The total silence on the Pune blast proves DV right. ■

Dalit delegation to Pakistan

A CORRESPONDENT

Lahore: The visit of the high-level Indian Dalit delegation to Pakistan in May, 2010 to participate in the Pakistan celebration of Dr. Ambedkar Jayanti — a gala national event — is finalised. The delegation is headed by V.T. Rajshekar, Editor of *Dalit Voice*. The other members are Dr. Kancha Ilaiah, celebrated writer and professor of Pol. Sc., Osmania University, Hyderabad, and Waman Meshram, President of the Pune-based BAMCEF, a mass-based Dalit organisation.

This is the third Indian delegation to Pakistan being led by V.T. Rajshekar to promote unity between the Pakistani Muslims and the Indian *Moolnivasi Bahujans* (85%). Dr. Ambedkar and Pakistan founder M.A. Jinnah were living in Bombay, and jointly fought Gandhi and his Brahminist followers — the common enemy. The people of India love Indian Muslims and also Pakistanis. But it is the tiny 2% Brahminist hate-mongers who are creating the bad blood between the two brothers. ■

Kurukshetra University event on Dr. Ambedkar

Dr. R.B. Langayan, IAS (retd.), Director of the Dr. Ambedkar Studies of Kurukshetra University, Kurukshetra, says a seminar on Dr. Ambedkar's socio-economic ideas will be held soon. The university is situated on Delhi-Chandigarh road. (Mobile: 94166-38032).

Foreign universities will expand India's vast intellectual desert

OUR CORRESPONDENT

Bangalore: Brahminist rulers headed by the Khatri Sick PM have taken yet another major step to destroy India: inviting foreign universities to step up the country's all-round devastation.

Killers of their own "Father of the nation" pretend to be the greatest *Desh Bhaktas*. But all this is sheer pretension. They talk *swadeshi* but drink *videshi*.

Their latest red carpet welcome to foreign universities is yet another proof.

The impact will be disastrous. All our universities (466), already on deathbed, will finally die as our upper caste lovers of anything foreign will simply embrace foreign universities.

Foreign wife: The rulers love foreign drink (Scotch), foreign underwear, foreign car and foreign wife. Anything foreign. Yet they parade as our greatest nationalists. But we are called anti-national.

Indian universities, including the country's largest one in Delhi — the JNU — have already become like fish market. The teachers are mostly upper castes who crucify the SC/ST/BC and Muslim students.

Our Brahminical toilet papers gave banner headlines to greet the govt. decision to invite foreign universities which are exempted from constitutional reservations. What a pleasure?

That means the White Western racists will enter India to further strengthen India's original Hindu racists into full-blooded terrorists to destroy the future of over 85% of India's SC/ST/BCs and Muslim/Christian/Sikhs and then kill India.

Zionist agent: The Khatri Sick PM in his second innings is showing his real World Bank face as a Zionist agent. If the Women's Bill was a disaster, the foreign university Bill will kill India intellectually.

Please note: Not one prediction of DV has so far gone wrong.

Humanities killed: Already the humanities subjects have been killed by the Brahminists. University depts. dealing with history, sociology, literature, logic, geography,

political science, literature etc. are closing down for want of students. Even the Law Dept. Having established and promoted the money-driven society, the young minds are brain-washed to run after "quick success". How to make money in a country where over 85% of the people are dirt poor and deprived? Courses like management, IT, medicine — all taught in English, teach only one subject: how to make quick money — meaning how to rob, cheat and lie.

As our MPs are reduced to mere robots, offering them plenty to eat, they can easily be manipulated to pass any legislation.

Gandhi proved bogus: There is yet another sinister design in the red carpet welcome to foreign universities (which mean only those from the West but none from the East, China, Japan or Muslim countries or Africa).

Because the "Jews of India" love only the Jews, their cousins, who are holding the neck of the West. Such a "unity" and consolidation of the world's two most dangerous forces is a direct threat to the Moolnivasi Bahujan Bharat (85%).

M.K. Gandhi and his upper caste Brahminical bandwagon once boasted of driving out the foreigners, shouting "Quit India". But his children are today dancing over the coming of the very same *Mlechhas*. Whom to believe? Gandhi or his grandchildren?

Was Gandhi sincere? Or a humbug?

Unity of Jews & "Jews of India: What we observe today is an all-out anti-Gandhi mood. Gandhi, his children say, is no longer relevant:

"He served a limited purpose. He helped us (meaning the *Bhoodevatas*) to capture power. Once he did it, we bumped him off". (Read *Why Godse Killed Gandhi?*, DSA-1997).

The joy is over the fast moving unity between the Jews and the "Jews of India". The clock has turned a full circle. The *Bhoodevatas* were then anti-West but today pro-West. They have no permanent ideology but only permanent interests.

V.T. Rajshekar, *India's Intellectual Desert*, DSA-1999, pp.50, Rs. 50 (for copies write to DV office).

Political families permanently ruling India

SHAFEE AHMED

Brahminist monopoly-holders brought the Women's Bill hiding the supreme truth that only a handful of upper caste families are having a monopoly hold on the country's politics since decades. Here is the truth:

There are 59 women MPs. Majority of them from Congress and next majority is from BJP. Out of 556 candidates fielded, only 10% of them have successfully represented. Our Lok Sabha Speaker though Dalit is a five-time winner. Most MPs are from the political families. *Wikipedia* says how this political families dominate the situation. The worry is if all the 33% MPs are drawn from such dynasties. When the majority population is 80% lower castes, we are ruled by 15% upper castes. Out of that 15%, the 2% Brahminists dominate the entire country. Find how dynasties and political families dominate the Indian polity.

The Nehru-Gandhi Family: Motilal Nehru (1861-1931) (politician and lawyer) (father); Jawaharlal Nehru (1889-1964) (Prime Minister, 1947-1964) (son of Motilal); Kamala Nehru, (1899-1936) (wife of Jawaharlal); Indira Gandhi (1917-1984) (Prime Minister, 1966-1977 and 1980-1984) (daughter of Jawaharlal); Feroze Gandhi (1912-1960), (Member of Parliament) (Indira Gandhi's husband); Rajiv Gandhi (1944-1991) (Prime Minister, 1984-1989) (son of Indira); Sonia Gandhi, (1946-) (Congress president and widow of Rajiv); Rahul Gandhi (1970-) (MP and a General Secretary of the Congress) - (son of Rajiv); Priyanka Gandhi (1974-) (Home Maker) - (daughter of Rajiv); Sanjay Gandhi (1946-1980) (politician) - (son of Indira); Maneka Gandhi (1956-) (politician, ex-minister, environmentalist) - (widow of Sanjay) - (not of Congress party); Varun Gandhi (1980) (politician) - (son of Sanjay) - (not of Congress party).

Vijaya Lakshmi Pandit, (1900-1990) (MP and diplomat) (daughter of Motilal); Sheila Kaul, (1915-) (former Union Minister) (maternal aunt of Indira Gandhi); Nayantara Sehgal, (novelist and political critic) (daughter of Mrs Pandit); Uma Nehru (Member of Parliament) - (Indira's cousin); Arun Nehru (politician, ex-minister) - (Nephew of Indira, son of Uma) - (not of Congress party).

The Anugrah Narayan Sinha's Family: Dr. Anugrah Narayan Sinha, (politician and first Dy. Chief Minister of Bihar - father); Satyendra Narayan Sinha, former Chief Minister of Bihar (Son of Anugrah Narayan Sinha); Kishori Sinha, (former Member of Parliament-(wife of Satyendra Narayan Sinha); Rameshwar Prasad Sinha, (father of Kishori Sinha, Member Of Constituent Assembly); Nikhil Kumar, Governor Of Nagaland (son

of Satyendra Narayan Sinha); Shyama Singh, (ex-MP) (wife of Nikhil Kumar); N. K. Singh, Rajya Sabha MP (brother-in-law of Nikhil Kumar); Uday Singh, (MP - Nikhil Kumar's younger brother in law); Madhuri Singh, (former MP)-(Nikhil Kumar's mother in law).

The Satpathy Family: Devendra Satpathy, twice Lok Sabha MP from Orissa; Mrs. Nandini Satpathy, twice Rajya Sabha member, Union Minister, Chief Minister of Orissa; Tathagata Satpathy, thrice Lok Sabha MP from Orissa; Suparno Satpathy, Awarded Social Activist, noted writer, promising young political leader of Orissa.

The Mishra Family: Lalit Narayan Mishra, former Railway Minister of India; Vijay Kumar Mishra, ex MP, MLA and MLC and active politician in Bihar Bharatiya Janata Party (BJP) (son of Lalit Narayan Mishra); Gouri Shankar Rajhans, Ex MP, Bihar (husband of niece of Lalit Narayan Mishra); Jagannath Mishra, former Chief Minister and Union Cabinet Minister (brother of Lalit Narayan Mishra); Nitish Mishra, ex-Minister and MLA in Bihar (son of Dr. Jagannath Mishra).

Jews speak only lies: Western scholars prove they are not Israelites

COM. AYYANKALI

Modern Jews are not Biblical Israelites. The book, *The 13th Tribe*, by Arthur Koestler, himself an Ashkenazi Jew killed by the Zionists, explains the creation of the European Khazar/Ashkenazi Jews who are descended from Huns, not Semitic peoples.

(Source: <http://www.rense.com/general89/notjws.htm>)

Arthur Koestler and his wife were killed by Mossad shortly after releasing his book, *The 13th Tribe*. As expected, the book caused a stir when published in 1976, since it demolished ancient racial and ethnic dogmas. At the height of the controversy in 1983, the lifeless bodies of Arthur Koestler and his wife were found in their London home. Despite significant inconsistencies, the police ruled their death a suicide. Another Mossad 'suicide'...

THE KHAZAR EMPIRE

This book traces the history of the ancient Khazar Empire, a major but almost forgotten power in Eastern Europe, which in the Dark Ages got converted to Judaism. Khazaria was finally wiped out by the forces of Genghis Khan, but evidence indicates that the Khazars themselves migrated to Poland and formed the cradle of Western Jewry.

The Khazars' sway extended from the Black Sea to the Caspian, from the Caucasus to the Volga, and they were instrumental in stopping the Muslim onslaught against Byzantium, the eastern jaw of the gigantic pincer movement that in the West swept across northern Africa and into Spain.

In the second part of this book, *The*

Heritage, Koestler speculates about the ultimate faith of the Khazars and their impact on the racial composition and social heritage of modern Jewry. He produces a large body of meticulously detailed research in support of a theory that sounds all the more convincing for the restraint with which it is advanced. Yet should this theory be confirmed, the term "anti-Semitism" would become void of meaning, since, as Koestler writes, it is based "on a misapprehension shared by both the killers and their victims. The story of the Khazar Empire, as it slowly emerges from the past, begins to look like the most cruel hoax which history has ever perpetrated."

MOST CRUEL HOAX

Koestler concludes:

"The evidence presented in the previous chapters adds up to a strong case in favour of those modern historians - whether Austrian, Israeli or Polish - who, independently from each other, have argued that the bulk of modern Jewry is not of Palestinian, but of Caucasian origin. The mainstream of Jewish migrations did not flow from the Mediterranean across France and Germany to the east and then back again. The stream moved in a consistently westerly direction, from the Caucasus through the Ukraine into Poland and thence into Central Europe. When that unprecedented mass settlement in Poland came into being, there were simply not enough Jews around in the west to account for it, while in the east a whole nation was on the move to new frontiers" (pp 179-180).

The Jews of our times fall into two

main divisions: Sephardim and Ashkenazim.

The Sephardim are descendants of the Jews who since antiquity had lived in Spain (in Hebrew Sepharad) until they were expelled at the end of the 15th century and settled in the countries bordering the Mediterranean, the Balkans, and to a lesser extent in Western Europe. They spoke a Spanish-Hebrew dialect, Ladino, and preserved their own traditions and religious rites. In the 1960s, the number of Sephardim was estimated at 500,000.

The Ashkenazim, at the same period, numbered about 11 million. Thus, in common parlance, Jew is practically synonymous with Ashkenazi Jew." (p. 181).

In Koestler's own words, "The story of the Khazar Empire, as it slowly emerges from the past, begins to look like the most cruel hoax which history has ever perpetrated."

MOSSAD KILLED KOESTLER

The history of the Ashkenazi Jews was widely known and appreciated in the former Soviet Union. Ashkenazi militants traced the area where the Turkic Khazars originated before their migration to Southern Russia to Birobidjan, an Eastern Siberian area as big as Switzerland bordered by the Amur river, by China and Mongolia. Around 1928 they started building settlements with the Soviet help.

Koestler was an Ashkenazi Jew and took pride in his Khazar ancestry. He was also a very talented and successful writer who published over 25 novels and essays. His most successful

book, *Darkness at Noon*, was translated in 33 languages.

As expected, *The 13th Tribe* caused a stir when published in 1976, since it demolishes ancient racial and ethnic dogmas... At the height of the controversy in 1983, the lifeless bodies of Arthur Koestler and his wife were found in their London home. Despite significant inconsistencies, the police ruled their death a suicide... Another Mossad "suicide".

JEWIS ARE NOT SEMITIC RACE

DATELINE USA (1977) — In 1976 Random House published a book that should have hit the Christian Churches like a blockbuster, but instead they chose totally to ignore it. It dealt with the racial origin of the people in Communist and Christian countries who call themselves "Jews," and whom the Churches (and the Jews themselves) generally insist are "God's Chosen People," the Israelite descendants of Abraham.

Since the late 1800's a small number of Bible Scholars, who were also students of History and Racial origins, have insisted the Church denominations were wrong; that instead of being Israelites, these Jews from Eastern Europe and Western Asia were descended from Mongolians and other Asiatic peoples who had adopted Judaism as their "religion" over 1,000 years ago and had become known as "Jews." These Bible scholars were ignored or condemned, and often called "cultists" or "anti-Semites."

Now, after many years of research, a well-known Jewish author, Arthur Koestler has published a 255-page book titled *The 13th Tribe* in which he proves the same point; i.e. that these Eastern European "Jews" are neither Israelites nor "Semites," Khazars, Mongols, and Huns. Most

major newspapers and magazines reviewed the book during 1976. Also, Random House, the publisher, advertised it extensively and began some of their ads with the following headline: *What if most Jews aren't really semites at all?* In addition, Random House quoted the following reviews:

"Koestler's excellent book... Is as readable as it is thought-provoking. Nothing could be more stimulating than the skill, elegance and erudition with which he marshals his facts and develops his theories..." Fitzroy Maclean, *New York Times Book Review*.

"You do not have to be Jewish to be interested... Are today's Western Jews really ethnic, Semitic, Biblical Jews, or are most of them descendants of converted Khazars? This compact, interesting book... examines tragic-ironic implications in [this question] for modern history... It should fascinate." — Edmund Fuller, *Wall Street Journal*

JEWIS NOT ISRAELITES

"Koestler marshals the evidence in a clear and convincing way. He tells a good story, pulling together materials from medieval Muslims and Jewish travelers, scholarly controversy and the mysterious lore of the Khazars." — Raymond Sokolov, *Newsweek*

Robert Kirsch of the *Los Angeles Times* stated in his lengthy review that 'Arthur Koestler publicizes with his customary skills a daring hypothesis: that the Khazar Jews migrated to Poland and became the forebears of Eastern European Jewry...' Then Kirsch quoted Prof. A. N. Poliakov of Tel Aviv University, who stated that "The large majority of world Jewry is descended from the Jews of Khazaria." Then he again quoted Koestler in *The 13th Tribe*, "If so, this would mean that their ancestors came not from the Jordan but from the Volga; not from

Canaan but from the Caucasus, once believed to be the cradle of the Aryan race; and that genetically they are more related to the Hun, Uigur, and Magyar tribes than to the seed of Abraham, Isaac, and Jacob..." (emphasis added)

We cannot stress enough how absolutely imperative it is for all Christian Americans to consider the **startling proof in Arthur Koestler's book** that today's Jews are not Israelites.

The Jewish influence on American life has reached such a stage that no student of contemporary history can ignore it.

JEWIS MONOPOLISE MEDIA

Not only the news media are Jewish monopolies, but top positions in the US Govt. are largely filled by Eastern European Jews. The magazine and book publishing houses are in Jewish hands; and movies, television, and the other entertainment industries are dominated by Jews in all phases. America's Govt. and most of her people's sources of information are controlled and directed by Jews. If these people were really "God's Chosen People," perhaps Americans would have little cause for concern — but what if they are really the "Huns" and therefore the ancient enemies of Christendom?

HENRY FORD EXPOSES JEWIS

The 13th Tribe proves beyond doubt that modern Jews are not Biblical Israelites. Every church member in America should insist that his Pastor investigate these claims. Are our Jewish politicians, publishers, movie makers, and opinion molders God's "Chosen People"? Or are they Mongol and Hun infiltrators of Christendom?

Is The Jews' "Chosen People" masquerade finally over?

Shortly after World War I, Henry

Ford, founder of the Ford Motor Company, assembled a staff of experts in Detroit to conduct research on the European Jews who had been entering America in large numbers since the 1880's. Ford provided the staff with several million dollars for this research, and in 1923 he published the results in a four-volume work titled, *The International Jew*, (photocopy available with *Dalit Voice*). It was Henry Ford's conclusion that very few of these people who called themselves "Jews" were descendants of the Bible Israelites. Ford further proved that these Jews, using all sorts of crimes while under the cloak of being the Chosen People of the Bible, were rapidly taking economic and political control of America.

JEW'S NOT "CHOSEN PEOPLE"

In the religious field, Ford claimed the Jews had secretly gained control of most Protestant seminaries and Christian book-publishing houses and had been able to remove almost all criticism of Jews from Christian literature.

Ford said: "The Jews are not the Chosen People, though practically the entire Church has succumbed to the propaganda which declares them to be so." Ford's book caused a furor for a few years but soon disappeared from colleges, universities, and public libraries and became unobtainable at any price. The Churches continued to teach

"The Jews are God's Chosen People, Israel," and the (by then) Jewish-dominated news media began to refer to Jews always as Israelites. Anyone opposing the increasing Jewish control of the nations was immediately branded "anti-Semitic;" and Jewish dominated Seminaries taught new ministers to quote Genesis 12:1-3 and sternly warn their flocks that anyone speaking unfavorably of the Jews would be "cursed by God." Jewish control of American society, politics, and religions continued to increase.

In 1951 retired US Military Intelligence Officer, Col. John Beaty, published a scholarly 265-page book, *Iron Curtain Over America*. He gave overwhelming evidence this strange Race of Eastern European "Jews" were actually Khazar and Mongol Asiatics and had no racial ancestry in Israel at all.

JEW'S ARE A HOAX

He then proved that by 1951 these "Jews" had a stranglehold on American politics, on Banking and Credit, on all sources of news, on the entertainment industry, on America's education system, and that they were the predominant race as judges, lawyers, doctors, and in organized crime. The Jewish news media refused to review the book, Jewish book dealers refused to handle it, Christian book stores ignored it, and only a few thousand copies were distributed. Most

Americans never heard of this book. Now, because of renewed interest, both *The International Jew* (in an abridged edition) and *Iron Curtain Over America* have been reprinted and are available. (See ordering information below).

FALSE IDENTITY

The latest, and perhaps the most succinct book on this subject, is *Israel's \$5 Trillion Dollar Secret* by Col. Curtis B. Dall, former son-in-law of Franklin Delano Roosevelt, and a personal acquaintance of many high officials in the US Govt. since the 1930's. Col. Dall lives and works in the Washington, D.C. area, and his book, published in 1977. Col. Dall proves again, from reliable sources, that the Jews are not Israelites. In fact, Col. Dall calls their masquerade as "Israel" the greatest "hoax" of the last centuries! It should be read by every non-Jew.

You now know their false identity as "Israel" protects these "Jews" from being exposed as aliens and as anti-Americans. Read the books below. Give this sheet to your Minister. Tell him to preach the truth - or resign! Most preaching today is based on the "Jew-Israel" myth, and it is false.

"Fear them not therefore; for there is nothing covered that shall not be revealed: and hid, that shall not be known. What I tell you in darkness, that speak ye in light: and what ye hear in the ear, that preach ye on the housetops" (Jesus, in Matthew 10:26,27). 13trindx.htm ■

"Jews of India" also thrive on falsehood

In India, we face the same problem with the "Jews of India". They say they too are Indian, Hindu and founders of the Indus Valley Civilization. All bullshit. Like the Jews, the "Jews of India" also never speak truth.

The Jews and "Jews of India" are blood brothers, originated from the same West Asian territory.

Being hate-mongers they are primarily interested in destruction. The proof is their 60-year of rule over India during which they only destroyed the country that belonged the indigenous Dravidas and adi-Dravidas.

The above article further proves everything what is said in DV and our books — EDITOR.

Thus Spake Periyar

Therefore, those who affirm a special and distinct meaning for the term love, it is not clear from what kinds of usages they have invented it.

Such love, how does it rise in a man or woman? Does it rise spontaneously or through the intervention of a third person? If it does spontaneously, it is clear that it arises only when a man or woman looks at one another directly or hears about from a third person. It cannot be easily said that love arises otherwise than when one confronts the other through some contact or behaviour. Even under such circumstances, if love arises in a man concerning a woman, it may so happen that the same love may not arise in the woman for the man. This could be on the reverse too, when a woman falls in love with a man, he may not feel the same love for the woman. Therefore, just as a human being looking at or hearing and knowing about a thing desires that such a thing should become his own and is drawn towards it, in the same way this love also arises and it is not clear to us how it could be otherwise. Whatever be the grandeur of a particular love that it arises only in order to fulfil one's own specific purpose and satisfy one's own desire, will be clear if one pays attention to the mental attitude of the lovers concerned.

That is, it is only on account of beauty, youthfulness, knowledge, property, education, musical skill, style, status of parents, fitness for one's own enjoyment or for the presence of a particularly needed or desired quality that a man or a woman could fall in love. In such a context, the particular quality that one thinks, is presenting the other may be real, or may be real only in the thinking and one could plainly be mistaken. For example, a man notices a woman strolling in a garden with no care in the world. The woman too notices the man. There naturally takes place a riveting of attention between them. One of them inquires of the other. The woman introduces herself as a princess. At this reply the man falls in love with her. Then he introduces himself as a son of a servant. At this she gets disgusted. This is a common and usual occurrence.

Women Enslaved, (pp.18 to 20) (1st edn. 2009), *Critical Quest*, 420, G-Block, Phase-VI, Ayanagar, New Delhi - 110 047, email: criticalquest@gmail.com.

There is nothing like love : It is mere sex

On what purpose did love arise here?

Supposing instead, had he replied that he was also a prince of a neighbouring country, the lady's love increasing several fold she would decide to be united with him even in the next life. After a few days however, if she comes to know that her lover was indeed a son of a servant, would her love remain constant? Or should it remain constant? If we think on these lines then it becomes clear as to why love arises and why it also abates. In the same way, if one marries another, thinking that she is a sex-worker or one who tricked him with a view to grab his wealth or on any other count she turns out different, unsuitable to one's own expectation and satisfaction or antagonistic to one's own interest, what happens to his love? In whatever manner one attempts to hold it, would it remain steady? Through such considerations, the instability of the so-called true love will become clear.

True love, does it arise at the first sight of some one, or after a few days of mutual interactions? Which is better, love at first sight or love after the establishment of some relations? Is love that happens before the knowledge of the other's body or that happens at the satisfaction of having known the body condition etc.? If one considers these questions, what answer one could give to the question why on account of bodily changes or unsuitability even the firmest love is likely to change? Supposing after a man and woman fall in love, if the woman rightly or wrongly is thought of having developed love with some other man, that is once suspicion gets planted in one's mind, should his love for her remain steadfast? Or being suspicious of her and dissatisfied with love, if he intends to move away is it blameworthy? Who can respond to these queries?

At the time of falling in love the lovers mental frame, maturity and life-ideals may have been of one kind. But as days pass, naturally these may change. When they so change, should the lovers for the sake of love, would have to give in and perennially live in dissatisfaction and harassment? (to be continued)

Letters to Editor

Dr. Awatar Singh Sekhon, Canada (assekhon@shaw.ca): With extreme regrets I am following your advice for the cancellation of your flight reservation (Bangalore-Geneva-Bangalore) with the British Airways. The next session (14th) is in June 2010. I want you to be ready for the June session.

Brahminical rulers have managed to see that I was denied the Swiss visa to lead the Sikh delegation at the UN Human Rights Commission meet at Geneva. Please note the Brahmins have further weakened the Jat Sikhs by weaning away the Chamars through the Vienna assassination of a Ballan Dera religious leader. On another side a Jat Sikh-turned fake guru, called Ram Rahim, is playing havoc. The Akali Dal, the main Jat Party, is part of the Brahmana Jat Party (BJP). The Congress Jats were swallowed by the Brahmins long, long back. The Sikhs are sinking and have fully become part of Brahminism — EDITOR.

Tanvir Salim, Boston, USA (ssallim@comcast.net): On Feb.25, a program on social justice was held at Gorakhpur, UP, under the "Ashfaq Husain Ansari Memorial Society". An updated and revised edition of the book, *Basic Problems of OBC & Dalit Muslims*, was released by the All-India Congress Committee (AICC) general secretary, Digvijaya Singh. UP Congress president Rita Bahuguna Joshi presided. Ashfaq Husain Ansari Memorial Society's life time achievement award was presented to AICC general secretary and senior Congress leader, Ms. Mohsina Kidwai. Following individuals were also honoured: Dr. R.N. Singh, Ahmad Osama Javed, S.K. Agarwal, Adnan Farrukh Shah and Dr. Ayyub Ansari. Few sparks flew over the Muslim reservation. Digvijaya Singh wanted all Muslims should be granted reservation. This was strongly opposed by Ali Anwar.

Kaj Krinsmoe, Denmark, (kkrinsmoe@stofanet.dk): When I googled on "Jews of India" there was over 5,000 hits. I can quickly see that some of these Jews came to India before Jesus' time. If this is a symptom of the Jews being crazy I don't know. But I gather from my recent reading of "The Revolutionary Spirit of the Jews", by E. Michael Jones, that when the Pharisee turned their back on their Messiah, Jesus, then they proved that they were hypocrites, and that they were not following the Law of Moses, as they pretended. This cast them into their revolutionary fate, and in Israel today they are obviously stuck in it. Frederick 9th of Denmark was the king until 1972. He wasn't a Jew. This idea is ridiculous. He was of the House of Oldenburg in

North Germany. But all Royal Houses have become the lackeys of the Jewish international usurers, though the smaller countries less so than the bigger. In Denmark, finance is not directly under Rothschild control. A privately owned national bank issues credit (money) to the needs of the nation's economy and in this homogenous environment there is not much scope for credit manipulations. The most excessive recently is when a property speculator is stranded with a debt of over a billion kroner. He was financed by the big banks. What did the banks lose? The real losers are those who never learn, who are led into the traps by media whores and their own greed for work free winnings. But the volume of money seems to be handled by a steady unhidden hand. Here are some relevant citations from: *The History of the House of Rothschild*, by Andrew Hitchcock (<http://theuniversaleducation.com/front/the-history-of-the-house-of-rothschild-world-rulers>). Here we see, that in London it was well understood how banking and Royalty is used to control governments and countries. Indeed, Lyndon LaRouche, the American politician is constantly writing on this theme of City's imperialism, controlling America. The House of Windsor is not Jewish either, although Prince Charles is circumcised, and the family is certainly in the service of the money masters in City. Besides, decadent British aristocracy has been bought up by Jewish finance so that now they are intermingled, some say intermongrelled, so that they are subject to a common fate. Princess Diana might have been shocked when she discovered that Charles was circumcised. Maybe this started their estrangement, leading to her revolutionary behavior and her murder. But I am a quarter breed Jew. My mother's father was a Jewish peasant in north-west Denmark. Yet, most of my life I never knew this. When I lived in San Francisco from 1959 to 1963, I experienced a lot of insinuating talk of "Quarter Breeds". This was in connection with horses. But only years later did I realize that it was sneaky references to my propinquity. I had no background for knowing. I was really embedded in hush-up and I had no idea of this collusive system where people are equipped with radios in their heads. But people knew about me and their knowledge formed this traumatic blockage, I'm sure. Actually, I would not be in this country were it not for these presumptive speculations in my person, going on over my head and without my knowledge. Sneaky systemic creeps involve people through the little radios in their heads and thus they set the paradigms that motivate all these dummies. I have

my existence in this belial. These swinish elements are really a symptom of how monstrous circumstances are and of how estranging things are. It goes on in this colluding system that no one admits to the existence of, but that everyone seems to be knowledgeable in. If I had enough capital, without being compromised regarding the theft of my manuscript "Of the Nature of Whoredom", or regarding the abominable snooping in my private life with hidden cameras and transmissions on unofficial TV channels, then I would be somewhere in Australia. When I landed in Copenhagen on March 31, 1963, having been deported from California because I had lived without a visa, it was such a traumatic experience that I still have not enough distance to it to describe it. This totalitarian system is the sneaky New World Order, implemented by Jewish cultural Bolsheviks in the 1800s. Today they're all the colluding, snoopily guardians of this monstrosity, hushing up what goes on. When I first read some of the articles of Philip Jones on Rense, or The Truth Seeker, or the Danish site Nylonmanden, then I saw that he really understood the Danish situation. So well in fact that I almost resented his analysis. He died last year under suspect circumstances. He was a London policeman for 15 years and married a Danish woman.

R.R. Madhale, S.S. High School, Nagnur, Bailhongal tq., Belgaum dt.-591 169: Recently I came across *Dalit Voice* which impressed me so much. We Dalits really need a literature to open our eyes because we have become blind not knowing anything about our people living in other states. My village borders Marathi areas. A Marathi daily, *Samrat*, published from Bombay is very popular in Maharashtra. It has brought many changes in our

lives. But I have not seen any such media in Kannada. That is why Karnataka Dalits are so backward. Please try to publish a daily like the *Samrat* or at least *Dalit Voice* in Kannada. I will offer full support.

Dalit Voice is 30-years old and has all-India circulation. If you have not heard about it, the cause is the Brahminical blockade on flow of revolutionary thoughts. We had a Kannada DV but those doing it deserted seeking power and profit. Dalit movement is almost dead. The country itself is dying. Why not you take up the responsibility? — EDITOR.

Zionists are terrorists

MLECCHA BIN YAHYA, SAN FRANCISCO, USA

The worthless pig's dung Netanyahu was accidentally honest for once. In front of the American Vicepresident Joe Biden, Netanyahu publicly boasted of their settlements being built into East Jerusalem, the capital of Palestine. Even Hilary Clinton condemned him for this. Why? Not because Netanyahu was pushing settlements, but because he was so bold as to say it in the open. The Zionists have liked to do their dirty work on the hush-hush, with little exposure. Americans pretend to condemn it, but Netanyahu temporarily made a fool of the Zionist American bitches by openly mentioning the American stooges are too cowardly to control Israel. America keeps giving billions to Israel a year, essential funding its Zionist party known as Likud. For some reason, America thinks it's okay for Jews to be terrorists, but just not as brazenly open as the pig's dung who names himself Netanyahu. However, if an Arab defends himself, America calls it terrorism, a stupid double standard from a nation which needs to wake up.

The "Jews of India" follow the same logic. They say only the Muslims can be terrorists but not the Brahminists. A noted Hindu (Brahmin) terrorist outfit bombed several Muslim towns in Maharashtra but in the Indian media run by their cousins the truth is shielded — EDITOR.

An incident in 1848 made young Phule aware of the inequities of the caste system and the Brahmin domination. As a bridegroom was being taken in procession, Jyotiba was part of it. Upon knowing that he belonged to a low caste Mali, the relatives of the

bridegroom insulted him. This incident triggered young Jotirao's impressionable mind to defy the caste system and serve the *shudras* and women. Jotirao and his wife attacked the stronghold of the Brahmins who prevented others from having access to all the avenues of knowledge. They called them cheats and hypocrites. They organised the Untouchables and women and started the anti-Brahmin movement. They opened schools for the Untouchables and women and gave the message of equality. Brahmins ostracized him and demolished his house. Phule launched a *jihad* against Brahminical supremacy. In ancient times the Dalit defied the rules of society framed by the upper castes. You monkeys did not get a chance in medieval times, and don't try in the modern times, because it will never happen. Reservations are of limited use in the polity where the society is engineered to abandon equity and justice consequent to the obscurantist practices of the ruling classes. Women issues need good governance and elaborate organisation accompanied with a considerable commitment from the large swathes of the society. Representation through reservation is merely a act of symbolism. When you scums don't allow symbolisms from Dalit

The masses of people hate Brahmins and never allowed them to enter the legislature. They want the legislature full with upper caste women so that the Brahmin rule may continue. They may even scrap the constitution. None will be safe in the coming days. Bharat will revert to *Hindustan*.

Why the Brahmin does not contest the Assembly or parliament election? Because he or she is sure to be defeated. Why? Because the Brahmin has no presence in rural India where he is a hated creature. That is why the legislature has hardly any Brahmin member. Since "caste" is our identity, each caste wants to strengthen it by voting for his caste. That is how the Yadavas, Chamars, Marathas, Reddis, Lingayats etc. have a large presence in the Lok Sabha or state legislature. Brahmins want to

Cause of India's fall is our contempt for agriculture

OUR CORRESPONDENT

Bangalore: India is not a nation. Never. But a huge subcontinent of several countries divided into two broad "nations".

Of this, the upper caste rulers (15%) and their *manuwadi* media are interested only in one "nation" — popularly known as **India Inc.** comprising upper caste industrial houses located in cities.

CRICKET MANIA

There, however, is another "nation": **Bharat Inc.** comprising the village India where the producers of wealth, the agriculturists, live.

This nation produces instant yawns. The urban dwelling upper castes (15%) have no interest in the **Bharat Inc.** (DV March 1, 2010 p.10: "Why anything the village-hating *vaidiks* touch turns into mud?").

The rulers, their media together with the urban mafia are completely lost in the world of cricket, cocktail parties and consider the "captains of industry" as their heroes.

But the **Bharat Inc.** is held in contempt — though the wealth is produced right here.

SERIOUS MENTAL PROBLEM

But look at **China** — today a mighty world super power. How did it reach that pinnacle of glory? By strengthening its agriculture. Simple.

India's Brahmin (2%) rulers suffer from an incurable serious disease. Their "sacred scriptures" have told them not to touch the mud — the Mother Earth. They should never take to agriculture which forces them to touch the Mother Earth.

This is a serious mental

problem. This mental problem of the 2% Brahminists made the ruling class to hold agriculture in contempt.

That is why the Indian rulers neglected agriculture — because they hate farming.

This is the cause of India's fall and China's rise.

So much so the entire countryside of India is devastated. Yet this is kept a secret.

The non-productive ruling upper castes (15%) are concentrated in cities but the productive *Moolnivasi Bahujans* are rotting in villages. India consists of two countries. Sharply polarised.

There is absolutely no thinking to reverse this process.

That is how **China** is rising and **India** is falling. But the **India Inc.** is least bothered.

6 deadly tentacles of Hindu caste system killing India

REV. DR. M. AZARIAH, FORMER BISHOP, CHURCH OF SOUTH INDIA, MADRAS, 4/3 HAPPY HOME FLAT, COMMUNITY SERVICE CENTRE CAMPUS, NO.17 - BALFOUR RD., KILPAUK, MADRAS - 600 010

The uncontested evidence harnessed by the survey on the prevalence of casteism in every Christian church in India through casteism, is so appalling and overwhelming for all those who firmly believe in the power of the Gospel of Christ to transform both the individual and the society anywhere in the world. Hence the question: Is Hinduism whose "core is the creed of caste" (Dr. Ambedkar) so very impregnable and unassailable? Is this human construction of caste ideology of hierarchy found codified in the *Manusmriti* and based on the *Rig Vedic Purusha Sukta* really part of Hinduism? Dr. Ambedkar said:

"It is a misnomer to call Hinduism a religion. Its philosophy is opposed to everything for which religion stands;... This brief analysis of the philosophy of Hinduism from the point of view of justice reveals in a glaring manner, how Hinduism is inimical to equality, antagonistic to liberty and opposed to fraternity... Indeed inequality is the soul of Hinduism. (W&S, Vol.3, pp.92 and p.66).

6 FEATURES OF THE CASTE SYSTEM

The power and potency of the Hindu belief system and the caste-graded social system which together have held their sway over all the population living anywhere in the Indian subcontinent proved insurmountable for over 3,000 years. It is imperative, at least from the perspective of the millions of victims (outcaste Untouchables or Dalits) of these oppressive system to identify those elements and

aspects that constituted the power — source and forces to these systems.

For the purpose of this paper, only six major features of caste ideology are identified and briefly described.

(1) CASTE SPIRIT

The strength and power of the caste system had the capacity to absorb and assimilate the challenges posed by non-Hindu egalitarian religious like Buddhism, Christianity and Islam during the past 2,600 years. Perhaps the mode and manner through which the Hindu religious caste complex is claimed to have absorbed and assimilated the other belief system has made

Paper read at the Tamilnadu Theological Seminary, Dalit Resource Centre seminar on Dalit Theology (Nov.24-25, 2009) on "The challenge of caste ideology".

some imaginative writer to compare the Hindu caste system to an octopus that sucks into its clutches the fresh looking and faster swimming fish in the same ocean. This picture would acknowledge some kind of superior animal power as we could imply in expression "brute majority". However, this would also imply the octopus-like absorbing power which is derived from the "hierarchical principle of social organization".

CULTURE OF SILENCE

This is lauded and justified by the defenders of caste like Dr. S. Radhakrishnan.

No wonder this "caste spirit" manifested itself and functioned as

divisive spirit, dominating spirit, oppressive spirit, exclusive spirit etc. operating in the creation of caste-group distinctions and their multiplications into the hundreds and even thousands of *jatis*. These divisions with their competing inequalities have resulted in classes discriminating against the underprivileged oppressed sections. This has resulted in the permanent split and cleavage between the dominant castes and the dominated outcastes among the same sprawling masses of the Indian society.

This situation had also promoted a superiority complex among the members of the caste groups based on the false pride and prejudice leading to their hatred and discrimination against the members of the outcaste groups who had imbibed an inferiority complex generation after generation, deriving from an imposed Hindu belief in *karma* and cycle of rebirth.

PERMANENTLY CHAINED

This in turn made the latter fatalistically accept their lowly birth (descent) and social status with assigned survival occupations as something divinely ordained and inherited destiny. The low self-esteem and lack of self dignity and apathy towards life on the part of the outcaste individuals and communities because of their patho-genie misbeliefs had pushed them into a culture of silence.

This is how all the outcaste victims (presently called Scheduled Castes and Scheduled Tribes or Dalits) individuals and communities were

rendered powerless, exploited, enslaved and segregated underclass of the whole Indian society down through some 30 centuries.

In other words, such is the process by which all the victims of Hindu caste ideology have virtually become "possessed" by the demonic caste-spirit, which has permanently chained and imprisoned them into the house of bondage of caste. A similar situation is not found anywhere else in the whole world. All this in contrast to the non-Hindu societies elsewhere most of which are built on the ideals of egalitarian and democratic principles with the basic emphasis on the value of the individual person in human community. Obviously, what could not be maintained as true in the realm of thought and reason, had to find support and sanction from the "sacred scriptures". The dominant power exercised by the caste-spirit is the ground reality and facts of life in the long story of India.

SPLIT IN THE MIDDLE

However, we must examine the real source of this dominant power of the caste spirit at the deeper levels of its inner workings and manifestations. Perhaps we must discover it within the open fact and the ground reality of the inner contradictions within caste ideology and its praxis. Thus for example how can Hinduism be so boundless as to encompass the loftiest metaphysics alongside its rigid discrimination and exclusiveness against the Untouchable *Panchamas* or *Avarnas* who are outside the pale of its four-fold caste-graded society?

Here we are talking about over one quarter of 25 crores out of a total of 100 crores of Indian citizens today described as SC/ST in the 1950 constitution who are the victims of caste-based exclusion.

The most glaring evidence for the enduring power of the caste system could be most clearly identified in the terrible fact of the split in the middle of Indian society between the caste communities and the outcaste communities, between the Touchables and the Untouchables segregated in their separate ghettos in everyone of our 600,000 villages scattered throughout India.

And this segregation practiced even today much like apartheid in South Africa until 1996, is the symbol of continuing dominance of the touchable castes over the Untouchable minorities.

SANCTIFIED RACISM

It is nothing but the and the age-old hegemony of the brute majority habitually exercised over the ethnic minorities of the original inhabitants of this land even after untouchability is abolished by Article 17 of the constitution. Yet it is all justified and legitimated by the religion and sanctified by sacred Hindu scriptures such as the *Rig Veda*, *Manusmriti* and the *Bhagavat Gita* by the perpetrators and beneficiaries of the Hindu caste-ideology. This is how the source of the power to absorb and assimilate rival systems of belief and their votaries came to be attributed to the spiritual and supernatural realms of Hindu religious ideology.

This is the reason why Dr. Ambedkar, the champion of the liberation of 250 million of the oppressed Dalits, burnt the Manusmriti in 1923.

LUTHERAN CHURCH CRISIS

To illustrate the truly diabolic divisive nature of the caste-spirit that continue to plague the Indian churches the following account from the history of the Lutheran churches may be cited from the book, *The Lutheran Enterprise in India*:

(1) The caste controversy: The

caste institution met with wholesale condemnation by many mission bodies. Mission agents and converts were required to remove caste by eating meals or drinking a cup of tea prepared by an Adi-Dravida cook. The Lutheran Mission held somewhat milder views. The caste institution represents not only an evil. It is at the same time a civil order serving to protect race and profession. Caste discipline may supply a moral help in certain circumstances. It was, therefore, held that not the caste institution as such but the **caste spirit should be fought**. Force and compulsion should not be used. Instruction from the pulpit, soul-care and setting a good example were considered the only means to be employed.

(2) Candidate Nallatambi was to be ordained in 1854. Christopher Ochs supported by some other missionaries demanded that he should eat food prepared by an Untouchable demonstrating thereby that he stands beyond caste differences. Nallatambi declined stating that he would rather remain a catechist.

(2) CASTE SEGMENTATION

(3) The incident led to a serious crisis. The controversy was carried over to Germany. Professors, pastors, church councillors and congregations disputed over the right attitude to be adopted. In India, the synod was split into two camps. Finally Graul (the German mission superintendent) succeeded in carrying through his moderate view not to insist upon demonstrations and to treat the caste institution in a moderate manner. Still four German missionaries among them, the highly gifted Ochs, severed their connection from Leipzig Evangelical Lutheran Mission (LELM).

Caste segmentation is a second major feature/characteristic to the

caste ideology. However, the deliberate and conscious intervention and interaction on the part of certain men and women motivated by desire to dominate and to exploit others in their own society had chosen to use certain other criteria like religion and caste to create new divisions, hierarchical fragmentations and graded segmentations. This is particularly an unique phenomenon.

Divide and dominate was the rule in principle that becomes a source of power for caste ideology.

(3) CASTE SOLIDARITY

Nehru defends caste system: It was Jawaharlal Nehru who identified the **caste** as the source and strategy for ensuring social status and group identity to any particular section within the Indian society. This acknowledged **caste solidarity** as the basis for **common identity** deriving from the hierarchical social organization. The Brahmin Nehru found the "secular" source of power and potency of the ancient Hindu society in what he called an ingenious method to preserve caste group solidarities or a certain hierarchy of classes. We find Nehru's analysis and interpretation of caste system as a dominant feature of the Indian social structure in his book, *The Discovery of India*.

NEHRU'S MISCHIEF

In other words, Nehru as a proclaimed secular socialist would rather confine himself to economic determinism as the sole criteria for social division and petrification of the classes while yet counting the so-called outcaste Untouchables, the landless laboring masses of his "beloved India" perhaps as the "lumpen proletariat" of the society. Nehru's approach was not radical enough towards a total revolution or

total transformation of the whole society (Dr. B.R. Ambedkar). The social vision of Nehru was distorted by the unquestioned realities of status-quoist, caste privileges and inherent inequalities among the different communities as well as individuals in the Indian society.

(4) CASTE CONSCIOUSNESS

The most potent reality that we may identify as the basic source of power of the caste ideology is the **caste consciousness**. It is found in every individual Indian and among the entire social groupings or communities in India.

Caste consciousness is in the very blood of everyone born Hindu. "Blood is thicker than the water of baptism".

How then are we to define this caste consciousness?

DALIT ACCEPTS HIS LOW STATUS

S.D. Sharma, a Brahmin writer, explains that

An important development in the age of *mantras* is the concept of *rita* or cosmic order from which are derived in later times the characteristically Indian ideals of *dharma* and the law of *karma*.

It is the cosmic order apparently which provided the framework for the four-fold structure of the caste system. In other words what gives life, dynamism and power to this *varna* social structure may be identified as the all-pervasive caste consciousness.

The belief in *karma* and rebirth provided the "rational" principle of criteria of division and discrimination within the whole society. This belief in fact is the very air we breathe in this country. This true whether in the case of the votaries of the Hindu caste system or the victims of the same.

In particular this is tragically true

in the case of the (Dalit) outcaste untouchable victims of Hindu caste ideology. These Dalits have come to believe that they are born to be slaves as determined and assigned by the law of karma to lowly menial occupations from their very birth or decent (destiny). So the root causes of their captivity and low mentality in them are to be traced in the same belief in karma, punarjanma and varna dharma shared with all the different graded caste communities of the varna system.

However, while these beliefs created the caste consciousness among those coming under the four-fold caste hierarchy, giving them superior caste-status and caste-identity even if within their own rank and file.

But in the case of the outcastes the very same beliefs imposed on them an inferior and contradictory outcaste consciousness through their experience of exclusion and degradation effected by endogamy and non-commensality by the same hierarchical caste ideology.

FATE OF ISLAM & CHRISTIANITY

This kind of caste or caste consciousness may be compared to some kind of a contagion that seemed to have entered into the conscience of every Indian individual as well as into the common sensibility or the collective psyche of every caste group or outcaste communities in India.

In other words the root cause for caste discrimination and caste mentality or prejudice and hatred against other castes and outcastes is embedded in the mindset of the members of all the caste graded communities is that caste consciousness which is

engineered into the very soul psyche, heart and mind of every individual born in India.

This Hindu belief system has inflicted such grievous inner wounds in the collective psyche of every outcaste group or non-caste ethnic social grouping even if they had been only living isolated in their respective local setting or geographically segregated ghettos. More significant is the fact that this same caste-consciousness had become deeply ingrained also in the moral order of the openly-proselytizing non-Hindu religions such as Islam and Christianity and their caste-tainted generations of the members of the community that were living for centuries in the Hindu environment.

TWIST IN THE MIND

Dr. B.R. Ambedkar had called this reality as a **twist in the mind of the every Hindu**. He recognized this to be the real **binding force** of Hinduism. This binding force of Hinduism was infused by the Brahminic religious beliefs and rituals taught by the Sanskrit scriptures and practiced through the Brahminic system of priest-craft ever since the Vedic times.

This *varna* or *jati* consciousness had percolated into the whole being — of mind, heart, soul and body — of every individual and into the collective psyche of every human group or community living in the midst of Hindu religious environment.

GANDHI DEFENDED CASTE SYSTEM

Perhaps the best known protagonist and representative of modern Hinduism with unsullied caste-consciousness, according to Dr. Ambedkar is the "Father of the Nation" M.K. Gandhi.

Gandhi condemned untouchability but defended the "caste system" stoutly. He was

ready only to treat the symptom but not the disease.

He was ready to cut off the branch of the **poison tree** but leave the trunk and roots of the tree itself untouched and intact — indeed even religiously watering and menuring the same.

FIGHT WITH DR. AMBEDKAR

His dubious ways of reinforcing outcaste —slave— consciousness among the Untouchables are not so unambiguous.

The most dramatic way in which Gandhi cruelly snatched way the legitimate demands of the Untouchable people for separate electorate was by forcing Dr. B.R. Ambedkar to sign the "Poona Pact" (1932).

The non-Hindu outcastes were forcibly converted Hindu religious consciousness. It is to reinforce the same view, Gandhi gave them the name *Harijan*.

In contrast to Gandhi's view, Dr. Ambedkar said in 1946 to the Untouchables "Hinduism is a veritable chamber of horrors.

The *Vedas*, *smritis* and *shastras* were all instruments of torture which Hinduism used against them to make them unapproachable.

(5) THE CASTE CULT

This is one of the most potent modern manifestations or instruments of caste ideology. Several new cultic institutions and dogmatic movement were consciously and deliberately constructed and launched and feverishly promoted by the beneficiaries and perpetrators of the caste system.

Wider resurgence in Hinduism came to be stimulated and popularized through well-conceived and constructed cultic movements by Hindu orthodox groups. Such as the Kali cult in Bengal, Vinayaka cult

in Maharashtra and soon spread into South India in particular to Tamil Nadu as a popular counter movement to Dravidian Rationalism in the hands of the Hindu Munnani; the rise of the personality cult of the living Bhagvan Satya Sai Baba of Puttparthy, the lyappa cult with its main temple in Kerala with popular annual pilgrimages and the spread of local lyappa temples of towns and villages in the other South Indian states.

(6) THE CASTE CREED

This is the central and sustaining source of power of caste ideology. This caste creed was unwittingly incorporated even in the country's constitution itself. At the final stages of drafting even Dr. B.R. Ambedkar himself seem to have been caught in a minority position unable to stop or avoid the same. Of course, by Article 17, untouchability is abolished. But this meant only dealing with the symptom of the disease of the caste system. Indeed the very concept of caste is specifically introduced in several articles of the constitution as something to be overcome.

DALITS MADE "HINDU"

But caste system was not identified as a source of discrimination and oppression of its victims.

And yet, a whole mass of millions of Indian citizens are marked off even if with good intention for "affirmative action" of providing handicap reservation benefits to the victims of caste, with a brand name calling them as Scheduled Castes. Such subtle and imperceptible way was like giving a name to a dog and hanging it.

Thus a whole quarter of the Indian nation, who were in fact a casteless non-Hindu population, without themselves being aware of it, became forcibly converted

into Hinduism and identified as Scheduled Castes.

In the process at one shot they were unwittingly identified both as Hindu by religion and also as yet another set of caste groups.

Hinduism and casteism are like two sides of the same coin. This had left legal tag and a social stigma upon these already stereotyped sections of the Indian society all by a stroke of a pen as it were. Such indeed is the most subtle manner in which the Hindu caste-creed was introduced into the paramount parchment of our nationhood.

Hindu nationalism, which is synonym for caste-based communal solidarity of all the Hindu *dharma*, came to be based upon and built around the caste-creed. This caste-creed began to evolve concretely with the founding of RSS in 1925 by

Dr. Hedgewar. As soon as the British left, M.K. Gandhi was shot dead by an RSS Brahmin Nathuram Godse (1948). The sin of Gandhi was his efforts at national integration through Hindu-Muslim unity. This one single event alone is sufficient to lay bare the inner contradictions of the Hindu caste-creed as the source of evil power of the caste ideology.

CONCLUSION

The true nature of the Hindutva caste-creed is built round the philosophy of violent confrontations between different religions.

The best advocate of the Hindu caste-creed are Aurobindo, M.K. Gandhi, Dr. S. Radhakrishnan and C. Rajagopalachari.

And yet how are we to account for the unending patterns and varieties of distinct cultures and religious

belief systems that had their historical co-existence within the context of the rigid manifestations of the Hindu caste ideology? How are we to explain the grand mosaic and the rainbow-like combinations of peoples and cultures that make up the plural society of India down through the centuries?

Even though the classic Buddhism after a full 1,000 years of its reign in the land of its birth seemed to have been banished to leave its shores, the same great superior religious ideology and conquered many lands to take the rank of the third largest global religion after Islam and Christianity. This is true even in terms of the numerical count of the adherents. After all this, one must and can say Hindu caste ideology is not all that impregnable or unassailable. ■

Mayawati throws the cobra out

OUR CORRESPONDENT

Bangalore: We liked the *Hindu* (March 16, 2010) headline: "*Satish Mishra sidelined by Mayawati*", for its Lucknow story on the massive March 15 BSP anniversary celebrations.

History has proved that Brahmins only use others but will never allow others to use them.

Budha committed the greatest blunder by admitting the hate-mongers who sabotaged it from both inside and outside and finally drove Buddhism out after launching the worst violence in the history (Read our book, *Violence in Hinduism*, DSA).

Greatness of Kanshi Ram: Dr. Ambedkar too repeated the same mistake.

Brahmins form just 2% of the country's 1,300 million population but occupy all ruling class positions. BSP is India's first and the only party of the victims of Brahminism — of the *Moolnivasi Bahujan Samaj* — comprising SC/ST/BCs (65%) and Muslim/Christian/Sikhs (20%) — plus women.

Kanshi Ram, BSP founder, had kept the enemy-oppressor out. Mayawati also knew the dangers

of the cobra and yet admitted it inside and got bitten. Fortunately she realised it now. Better late than never.

We don't say she should kill the cobra. No. Once starved, it will die on its own.

Brahmins have ruled India for over 3,000 years. After the "independence" they took direct control of the country after killing their "Father of the nation".

How to win over UP: Mayawati knows all this. Once bitten twice shy.

We know the dangerous role the enemy plays in UP.

But with a proper strategy and tactics like (1) "*caste identity*" drive, (2) strengthening the distressed Muslims and (3) winning over the deprived among the OBCs, BSP can not only rule UP but cut the Brahmin/Thakur/Bania to size. And even take over Delhi.

DV used to be the intellectual guide to Kanshi Ram but the casteist Brahmins kept us out after his death. We are ready to do our best.
