Landless labour neglected by the govt. :**THUS SPAKE AMBEDKAR**

Thus Spake Ambedkar

From another point of view, it is a problem of controlling the excessive growth of population. Both sides are equally important. The Scheduled Castes Federation proposes to fight the battle against poverty on both the fronts.

9. For the purpose of reducing population, it would advocate an intensive propaganda in favour of birth-control among the people. It will advocate the opening of birth control clinics in different parts of the country. It regards the growing rate in the increase of population in the country so grave an evil that it would not hesitate to advocate more drastic methods of controlling it.

10. For the purpose of increasing production, the Scheduled Castes Federation will not be bound by any dogma or any pattern. The Pattern of industrial enterprise will be a matter regulated by the needs of the time and circumstances. Where national undertaking of an industry is possible and essential, the Scheduled Castes Federation will support national undertaking. Where private enterprise is possible and national undertaking not essential, private enterprise will be allowed. Looking at the intense poverty of the people of this country no other consideration except that of greater production and still greater production can be the primary and paramount condition. A pre-conceived pattern of industry cannot be the primary or paramount consideration. The remedy against poverty is more production and not the pattern of production. Once reservation, the Scheduled Castes Federation must however make. Any scheme of production must in the view of the Scheduled Castes Federation remain subject to one overriding consideration, namely that there should be no exploitation of the working classes.

11. While the rapid industrialisation of the country is very essential in the opinion of the Federation, agriculture is bound to remain the foundation of India's economy. Any scheme of increased production which does not take into account the re-

Landless labour, mostly Dalit, neglected by the govt.

construction of Indian agriculture is doomed to disappointment.

12. The Federation holds that for increased production in agriculture the following plan must be adopted:—

(i) Agriculture must be mechanised. Agriculture in India can never become prosperous so long as the method of cultivation remains primitive.

(ii) To make mechanised farming possible, cultivation on small holdings must be replaced by large farms.

(iii) To increase the yield, there must be provision for adequate manuring and for the supply of healthy seeds.

13. It is not possible for the average agriculturist to adopt this plan and work upon it. He has no means to bear the cost involved in the plan. The Scheduled Castes Federation believes that the plan should be put into effect by the State. The first item in this plan should be the responsibility of the State. The State should supply all the mechanized equipment to the farmer on hire and at a rental to be recovered along with the land revenue.

14. With numerous small holdings, the problem of creating large scale farms becomes very difficult. But the problem must be solved either by introducing co-operative farms or collective farms.

15. Although India is an agricultural country, there are a vast number of people who are just landless labourers, who are eking out a miserable living and who are exploited by cultivators and majority of whom we are Untouchables and other backward classes. There is no need why this body of landless labourers should be left to their fate resulting in their misery and in the poverty of the country. This is all the more regrettable because the situation is not beyond remedy. In this connection the following figures relating to available land in India are very instructive:

Hindu terrorists infiltrate Indian Army ? Toilet papers suppress shocking Truth

COM. AYYANKALI

The Brahminical suicide squad was set up at Pune in 2000.

(Source: <http://timesofindia.indiatimes.com/articleshow/28605046.cms>)

The retired Lt.-Col. Jayant Chitale is not the first Puneite to think of establishing Hindu suicide squads to fight "Islamic terrorism". The *Lashkar-e-Shivba* was formed to fight *Lashkar-e-Taiba*.

While the organisation is in tatters today, its founder and self-proclaimed commander-in-chief, Vilas Tupe, is bitter about his failed venture. "My experience of raising Hindu terrorist squads and sending them to Jammu and Kashmir was so bitter that I would like to forget it", he said. A small-time city builder now, Tupe wishes to forewarn Chitale that his attempt is doomed without money and political patronage.

Incidentally, Tupe was attempting to attack Osho Rajneesh with a knife in the 1980s because "Rajneesh was a CIA agent". Talking about his anti-terrorism venture, he said he was inspired to form his outfit after the attack on "innocent" Amarnath pilgrims in 2000. While he was planning to counter terrorism in Punjab in a similar manner, the then Director-General of Punjab Police, Julio Ribero, had suggested arming villagers and creating *gram suraksha dals*, Tupe said. We went to Punjab, met Ribero and offered ourselves for these *dals*.

"We even received training for three months at the BSF camps, he

Intellectual honesty of "Sacred Brahmins"

DV was the first in India to congratulate the intellectual honesty of Godse and the Gandhi killers. DV was also the first to disclose the birth of the super RSS Hindu terrorist organisation, **Abhinav Bharat (AB)**, headed by a serving army officer of the *Chitpavan jati*. DV was also the first to say that Bombay's incorruptible police officer Karkare, also a Brahmin, was shot dead during the Bombay terrorist attack (Nov. 26, 2008) for arresting all the AB leaders (DV Jan. 1, 2009 p.7: "Mystery on Karkare murder"). Now we publish the more sensational story of the Hindu terrorist bid to take over the Army itself to establish the Brahminical dreamland of **Hindu Rashtra**. DV was also the first to support the AB because we like their intellectual honesty of declaring Muslims as anti-national and Dalits as their slaves.

However, the Brahminical "national" toilet papers, which so proudly boast of India's "freedom of press", have suppressed all the news because it exposes their **jatwalas**. Dalit Voice, being the sole media of the country's oppressed 85% *Bahujans* plus other honest upper castes, has the duty to protect the country's "unity and integrity" — EDITOR.

claimed. However, the initiative failed as the Union home secretary objected to it, Tupe said.

After he announced the forming of *Lashkar-e-Shivba*, he received an overwhelming response from nearly 2,500 youths from Sangli, Satara, Kolhapur and Ahmednagar districts. Of these, 150 were shortlisted and trained after which "we left for Jammu to visit terrorist-infested districts".

"The plan, however, was aborted after a month as we had no money or political support".

Meanwhile, Lt. Col. Chitale, who has established the *Hindustan Atma Ghatki Pathak* (Hindustan suicide squad) said that his squad was not specifically a Hindu squad. "We are forming Hindustan suicide squads and over 10 per cent of our volunteers are Muslim and Christians", he claimed.

BAJRANG DAL & MILITARY

Chitale's squad had 45 enthusiastic young men who have completed commando training and signed a bond that they are willing to die for the country. This is the *Hindutva* response to the Islamic *madrassa* and terrorist culture.

Links of Indian military with *Hindutva* organizations are no secret now. Most of organizations working in Indian society since ages like the Shiv Sena, Bajrang Dal etc. have long history of having links with military establishment at different level. The root of this cooperation is decades-old appeal: "India is for Hindus only". This is nothing new but there is something new and that is the growing influence of this ideology among Indian military and elements that are now not in control of Indian military or Indian govt. but they are on their own agenda of *Hindutva*, a name given to the same old appeal of race and religion regarding India.

(<http://www.asiantribune.com/?q=node/15655>)

SHIV SENA MAN AS ARMY GENERAL ?

Over the years Indian youth is becoming part of these militant outfits working under these organizations with same ideology of Hindu terrorism but it never ends here as same youth got recruited into Indian military on regular basis. After being recruited these Hindu fundamentalist keep their links intact with entities like RSS, VHP, Bajrang Dal, Shiv Sena etc.

This dual linkage of young Indian officers with both military and Hindu terrorist organisations has caused a cancer to the military establishment in India.

It has brought elements into Indian military who have their own goals which do not conform well with military discipline. An army with irrepressible elements is as dangerous to any country as its real enemy's army can be or even more. Officers like Gen. (R) Premnath Hoon joined the Indian army decades ago and served at different posts all the way to the rank of General before he retired. What is revealing that he was one of the founding fathers of the military wing of Shiv Sena. This also proves that either before joining or during his service in military he established links with Shiv Sena but what is more important is that he was not alone in this venture but there was active support from Indian military through his contacts he made during service like Col. Jayant Chitale who was also in-charge in military selection center at Pune for many years.

Initiating military training from scratch has its own prerequisites like infrastructure, trainers, weapons and most importantly a slogan to motivate new

recruitment. This is where assets belonging to RSS/Bajrang Dal/VHP and Shiv Sena in Indian military and RAW enter into equation to bail out above mentioned Hindu terrorist organisations all of them vying for Hindu Rashtra (Hindu State). This process is in place there since many decades and now it is impossible to tell exactly till what level these elements are controlling Indian military and RAW's resources to complete Hindu Rashtra dream.

RAW TAKE OVER

RAW also needs these militants to carry out its operation both inside and outside India. As it happens in intelligence business it is not always necessary to give minutest details to government officials until the state is getting its objective served. It was matter of time when these terrorists take over RAW as well. Without active support of RAW it is not possible to carry out these massive training programs, coordination among different groups spread all over India and abroad. Only a military intelligence organization like RAW can make all this happen.

RAW reports to the Indian prime minister directly. What is more startling to know is how the "world's biggest democracy" is involved in destabilizing its neighbors. There are many operations launched by RAW against its neighbours specially Pakistan and Lanka due to reason that both these countries are located at critical geopolitical location on map.

All these operations were carried out with consent of different Indian PMs during their occupancy in Delhi. In all these operations RAW always used terrorists trained by the *Hindutva* organizations and in return RAW and intelligence agencies turned a blind eye to whatever these

organizations were doing to the minorities in India be it Muslims, Christians or Sikhs, no one is immune to this dormant infection of *Hindutva* in Indian society. Successive Indian governments until recently ignored this ever growing influence of *Hindutva* ideology in military and RAW as there is always an excuse in minds of Indian politicians i.e. Pakistan and ISI to put all the blame on for all the sufferings of Indian minorities.

JAYANT CHITALE'S ROLE

The close relations between Gen. Hoon and Col. Jayant Chitale are not a secret. The two have been involved in forming Hindu suicide squad to be used against minorities in India on pretext of fighting the terrorism.

Recently Lt. Col. (retired) Jayant Rao Chitale once again openly admitted training suicide Hindu bombers although he tried to reject that only Hindus are part of suicide squad by saying that the suicide squad was secular.

Lt. Col Chitale, the dictator of "Maharashtra Military Foundation", while speaking to the media said "Ours is a truly secular suicide squad. Every Indian is welcome to join my suicide squad." The training session for the suicide squad, which includes the use of *lathis* and swords, takes place near Vasat village at Ambarnath, an industrial town, which is over 50 km from Bombay, from where according to Chitale a batch of 30 students has passed out in the last 15 days.

SUICIDE SQUADS TO ATTACK PAKISTAN

Earlier another Hindu terrorist Shiv Sena called for forming 'Hindu suicide squads' to tackle terrorism in India.

After openly admitting training Hindu youth for suicide bombing, Chitale said:

I have been requesting the government for the last three years to form this suicide squad. "I have sent letters to the Prime Minister Atal Bihari Vajpayee, President Abdul Kalam and the army chief about the formation of these suicide squads, but there was no response. So, I started the training programme."

Asked what his recruits would do, he said, "The Pakistanis have disturbed the internal peace in India and my suicide squads will do the same thing in Pakistan."

It was earlier mentioned that Chitale was supported by retired Lt. Gen. P. N. Hoon and a few other ex-servicemen belonging to the Shiv Sena.

R.S.S. TRAINING

When the media asked Hoon for his comments he only denied that Shiv Sena was backing the suicide bomb training. He said:

We have started this program on our own because the country needs such youth to tackle terrorism. Today, the country is being destroyed by the Pakistan ISI. And we have to do something about it. So, we feel that these suicide squads are the answer for the Pakistanis.

ROLE OF HINDUTVA IN 26/11 & ITS GOALS

Both Premnath Hoon and Jayant Chitale also served RAW at different positions. Police on several occasions got information about the involvement of these elements in terrorist activities but every time some unseen hidden hands stopped the investigation in middle before it could be completed. One such example is ATS (Anti-Terror Squad) investigations from Col Jayant in 2002. The investigations were forced to stop when ATS was about to prove links between

Indian military and Hindu Zionists and this intervention came from nowhere else but from RAW.

Recent attacks in Bombay was another manifestation of these Hindu elements who perpetrated Babri Mosque, Godhra Train fire, Gujarat massacre, killing of Christians, Malegoan bombing, Samjhuta Express and countless other operations against minorities.

WHO KILLED KARKARE ?

Till start of November 2008 every Indian newspaper was publishing reports of arrest of Col. Purohit and his confession about Malegoan bombing and supplying deadly RDX for Samjhuta Express inferno in 2007. What was the most shocking news in the first 15 minutes of Bombay attacks was the murder of 3 top ATS officers including ATS chief Hemant Karkare at the hands of gunmen on Nov. 26, 2008.

It is now becoming more and more evident that he was actually murdered by cold blooded assassins of Hindutva trained in RAW's training camps.

This linkage of RAW and terrorists was exactly what Hemant Karkare was investigating from Col. Prasad Purohit, a serving officer in Indian army currently deputed in RAW who was arrested by ATS in connection with the Malegoan bomb blasts and Samjhuta express.

It was only after Nov.8, 2008 when news started surfacing about Purohit's confession in Malegoan blasts and Samjhuta express incident. He also revealed that he was not only the serving army officer who is linked to Premnath Hoon's terror network. Ramesh Upadhyaya, a retired Major in the Army, was also among accused in Malegoan blasts. But ATS soon disclosed that there may be two other serving colonels facing

charges of involvement in these blasts in Malegaon on Sept. 07, 2008. Now it was clear that ATS will soon uncover the whole cartel of Hindu terrorists in midst of Indian military establishment and RAW. So the Hindu terrorist organizations started giving life threats to the chief of Anti-Terrorist squad, Hament Karkare, but he carried on his work till the D-Day arrived i.e 26/11/08. Investigations were little slow as ATS was not receiving required cooperation from police in neighbouring states but still at that time a lot was already known to media and masses both about where actual problem lies.

BID TO KILL KARKARE

After calculating the expected damage to their cartel, the Hindu terrorist groups decided to eliminate Karkare. But it was to be done in a way that no body should have doubts about. Again trained terrorists of *Atma Ghatak Phatak* (AGP) [suicidal squad once desired by Bal Thackeray] were picked for the job to eliminate Karkare in a way that the blame can be put on Pakistan and ISI.

India tried its best to stage a perfect terrorist plot being planned and controlled from Pakistan by ISI. But it seems now that India fell into hole it dig for Pakistan as more and more reports are coming on media about these attacks and inefficiency of Indian police, Army, RAW to protect Indian citizens. More confessions are on the way to unleash the sinister nexus between RAW, Indian army and terrorists.

Latest investigation from Col. Purohit revealed that more colonels and a major were also part of Malegaon. At start Indian army was very mortified when Col. Purohit's confession came to media about Malegaon and Samjhuta Express. Col. Raikar and Col. Hasmukh Patel

was also part of masterminding Malegaon blasts.

The above mentioned officers, although not charged, but are under investigation, Other serving officer who is being accused and investigated in official chargesheet is Colonel Bapaditya Dhar of Parachute regiment at Panchmarhi.

A.K. ANTONY REMARKS

Does it not indicate clear links of Indian Army with Hindu terrorist organizations uncovering fascist elements among top ranks of Indian Army? After these facts emerged Indian establishment was forced to pretend as they were never aware of these terrorists in their midst. One such statement was made by Defence Minister A .K. Antony saying that his ministry and the Army were "fully cooperating" with the investigating agencies. "It's a matter of serious concern to all of us.... We are determined to go to the root of the entire issue," he said. "We are awaiting their (ATS and IB) report.... We will take all necessary steps after that. We are also taking internal steps (to prevent any occurrence of such incidents)," he added.

RAW TRAINED L.T.T.E.

But why he is not ready to throw light on what former Indian Prime Minister V.P. Singh said before the Jain Commission in Nov. 1996 about the forming LTTE terrorist network 1983. He said:

"First batch of training of Lankan Tamil militants was done by India in 1983 under the orders of then Prime Minister (Late) Mrs. Indira Gandhi. The camp was located at Chakrata, Tamil Nadu."

Indian Army Chief Gen. Kapoor said, "steps are being taken to prevent involvement of its officers in terror attacks". Why he did not announce an inquiry to find out

remains of this nexus between Indian military and Hindu terrorists.

MOTIVE BEHIND 26/11

1. Eliminate Hemant Karkare along with his team to put breaks on ongoing investigations which were illuminating all links between Indian military, RAW and Hindu terrorists.
2. Divert attention towards ISI so that next time no one in India could ask about those investigations done by Karkare and his team before they got assassinated.
3. Advocate Hindutva message that Muslims are root cause of panic in India so these must be either converted to Hinduism or must be eliminated from Indian soil.
4. Create a media wave to divert attention from incidents like Malegaon and Samjhuta Express blast and hence diverting attention from investigations of these incidents as well.

It is also to be noted that Lt. Col. Jayant Chitale and serving Indian Col. Purohit are also neighbors whereas Gen. Hoon and many other ex-Indian army officers are active contributors to suicide bombing training to Hindu youth and also admit it openly. This is a dangerous scenario for India in common and the world in general where the elements from Indian army are taking part in training suicide bombers after becoming part of Hindu terrorist organizations.

HINDU TERRORISTS MAY TAKEOVER NUKES

If these elements are let loose in future, which is a sure possibility keeping in view track record of RAW, then there is strong possibility of falling of Indian nukes into the hands of Hindu terrorists.

India had been having civilian governments throughout its history

while armed forces have been sidelined in many issues including nukes which are under the civilian government more than the Indian army.

But unfortunately Indian politics and successive governments over the years have been manipulated by Hindu terrorists like RSS, Bajrang Dal and BJP. These organisations over the decades since creation of India have gradually penetrated the Indian army. Now with top ranking officials of Indian army having links with Hindu hardliner politicians who are fanatics and running suicide training camps, it is feared that Indian nuclear assets may slip into the hands of Hindu terrorists who have been ruthlessly killing Christians, Muslims and Dalits in India. DISMISSAL OF ANTULAY

BAL PATIL

As an independent observer of the Indian political scene and its ups and downs in the last four decades, and a journalist and an ex-Member of the Media Expert Committee of the Government of India, I was simply stunned by the frenzied debate in and out of Parliament and on the TV channels asking for the dismissal of A.R. Antulay for his observation that there is more to it than meets the eye in Hemant Karkare's killing and that it should be investigated. To be frank, I could not make out what political or secular blasphemy Antulay thereby committed.

The first and last principle of fair reporting is : comment is free but facts are sacred. Only a day before the 26/11 terrorist attack BJP leaders were calling ATS Chief Karkare a *deshdrohi*, a traitor— an offence which carries death penalty. Ironically the very same leaders

were calling A.R. Antulay also *deshdrohi*, and worse, a Pakistani agent. I am merely putting the record straight.

Permit me to recall: Karkare episode when you and your party Members were going into the well of the House and/or standing in your seats and I heard allegations hurled at Antulay of being not only anti-national but also being an agent of Pakistan and brother of Dawood. I was stunned at such patently false, mischievous and malicious allegations.

I would particularly like to draw your attention to the Awami Bharat Press Conference held at Mumbai Marathi Patrakar Sangh on Dec.20, 2008, (<http://www.countercurrents.org/awami211208.htm>) demanding a high level probe into the deaths of Karkare, Kamte and Salaskar and supporting the demand made by A. R. Antulay and thanking him for having brought this issue to the centre stage of the national debate, and further that the remarks by Antulay have stirred the latent doubts among all communities and the popular perception far differs from what the media would have us believe.

BULLET FOR BULLET

A section of the MPs and a large sections, of media are outraged by Antulays voicing a demand for investigation of Karkare's killing. May I ask in all journalistic and secular conscience why every true Indian committed to the secular ideal of the constitution should not feel outraged by the following interview in the *Outlook Magazine* (Nov. 17, 2008) with Himani Savarkar

<http://www.outlookindia.com/fullprint.asp?choice=2&fodname=20081117&fname=AHindu+Terror&sid=2+If+We+Can+Have+Bulet+For+Bulet,+Why+Not+Blast+For+Blast?>

Smt. Himani Savarkar, the niece of Nathuram Godse, and daughter of Gopal Godse married to Veer Savarkar's nephew, is the president of the *Abhinav Bharat*... Some members of this organisation have been linked to the Malegaon bomb attack of Sept. 29. Himani spoke to the *Outlook* (Nov.17, 2008) as follows:

NO VOTING RIGHTS TO MUSLIMS

She said India must declare itself a *Hindu Rashtra* where everyone is a Hindu. Anyone who isn't should be declared a second-class citizen and denied voting rights. Those who have problems with this should leave and settle in other countries. The Hindu vote bank must unite to vote out any government that fails to tackle terror. Then we must throw out the outsiders like Bangladeshis who live off India's wealth and work towards destroying us.

Lt. Col Jayant Chitale, a retired air defence artillery officer who runs the Maharashtra Military Foundation (MMF) lives and operates out of a bungalow a few blocks from Purohit's home, off Law College Road, Pune. He says with some pride, "I have over 1,000 of my boys serving in the three services today. Each one has been brainwashed by me. They are motivated, determined and will do anything for the nation." Interestingly, a visitor's book that Chitale has carefully preserved for nearly two decades lists the names of all the young men who trained under him. An entry on Feb. 20, 1993, lists a young Shrikant Prasad Purohit, residing on Law College Road, Pune. "He was a brilliant boy," says Chitale,

"This Malegaon blast could be the reaction of years of frustration within the army over denial of their rights and prestige. The politicians and the

bureaucrats continue to ignore the military at their own peril and these acts could just be the beginning."

MUSSOLINI'S INSPIRATION

Inspiration for the RSS and their paramilitary training was derived from Benito Mussolini's fascist paramilitary groups, the Blackshirts, after RSS mentor and founder, BS Moonje visited the Italian dictator in 1931. As detailed in Marzia Casolaris article, "Hindutvas foreign tie-up in the 1930s: Archival evidence" (*Economic & Political Weekly*, Jan. 22, 2000):

The ideological connection between

Sawarkar, Hindutva, RSS, and the bomb-culture as exhibited in Malegam-type bomb blasts is as infallible as the DNA test and can be traced back to Savarkar's student days in London. The BJP leadership cannot idolise Savarkar by committing the ultimate affront to Gandhi by placing Savarkar's portrait opposite that of Gandhi in the Parliament House and claim with a straight face that RSS does not believe in violence and Hinduism does not preach violence.

GODSE MURDER OF GANDHI

And Nathuram Godse was not unacquainted with the bomb culture

before he actually murdered Mahatma Gandhi on Jan.30, 1948. Madanlal Pahwa, a refugee, threw a bomb at Gandhi's prayer meeting on Jan.20, 1948 and his statement before the police had given the names of the conspiracy to assassinate Gandhi.

Bal Patil is the Secretary-General, All India Jain Minority Forum, New Delhi.

How can you fight a violent enemy with "peace" & "meditation"?

COM. AYYANKALI

I believe in "caste war" along your "caste identity" lines. I also believe that for this the economics compulsorily has to be anti-capitalist just as Dr. Ambedkar and Periyar said. I don't believe in mere lip-service when it comes to pursuing ruthless caste war. Dalits must defend themselves when attacked by carrying powdered glass with them to throw into the attackers' eyes.

Since Dr. Ambedkar as well as orthodox Ambedkarism have never advocated caste war I don't want to be mistaken for a reformist — because I am not a reformist. You can take it from me that the Indian Army will be split on caste lines. Gujjar-style armed insurgencies will be started by caste armies. When all-India caste war begins DV's "caste identity" will be used in the Indian Army along caste lines.

Caste armies will "storm the heavens" and change the history itself. Dr. Ambedkar did not advocate all this. But Periyar did. The Bahujans have a chance to face mass massacre from Aryan Brahminical goons. Only a very stunning revolution at which the entire world shudders will be able to throw away Brahminism once and for all. I am convinced that this 5,000-year old nonsense cannot be ended any other way with any mild methods. I want to make the "Budha smile" not in Pokhran but in our cantonments. Only if something like this done, the Brahminists will surrender. Ordinary methods will not work. Simply forming "Friends of

Mustadafeen" will not get us anywhere. Will they provide us help with training, money and arms? We must believe this very honest "Sacred Brahmins" like Purohit who believe in violence. The Brahmin Air Force deputy chief who bravely attended the Chitpavan Brahmin meet in full uniform at Pune also believes in such violence. They believe in armed violence and bloodshed. How can "peace" and "meditation" meet the armed might of these "Sacred Brahmins"?

London protest by Dalits

V.B. RAWAT, NEW DELHI

I was amazed to see on June 14 the power of unity of different Dalit organisations in London brought thousands of them to protest against the killings of Sant Ramanandji at Vienna. Thousands of them converged at Hyde Park corner and marched to the Indian High Commission to give him a memorandum against the caste-based discrimination against the Dalits in India. Caste issue is now becoming important in Europe also. The show of strength by the Ravidasi, Buddhist, Ambedkarite groups in London was fantastic.

The show was extremely impressive with marchers having different placards like "Down with Casteism", "Down with terrorism", we want freedom to worship. We oppose controlling of *gurudwaras* by the high caste Sikhs. Buses filled with Dalits came from Middlesex, South Hall.

Zionist-led counter-revolution in Iran

OUR CORRESPONDENT

Bangalore: As this is written (June 22, 2009) Iran is undergoing a second revolution fighting a fierce Zionist-led counter revolution, led by Rafsanjani, a former Iranian President.

The counter-revolution is fading because all the revolutionary forces of the world led by China stood by Iran. Even Barack Obama took the right stand by not going against Iran. Because he knows that only the re-election of Ahmedinejad as President of the nuclear-armed Iran will strengthen his hands to hammer the Zionist Israel.

However, the Zionist-Christian Right led counter-revolution will not easily give up. But Justice, Truth and History are behind Iran and Obama to tame Zionist Israel and render justice to Palestine.

DV was the first in India — if not the world — to predict that Ahmedinejad would get re-elected Iranian President with a big majority (DV May 1, 2009, p.19).

It is the overwhelming village-dwelling poor Iranians, who voted for him. But the urban-dwelling, Western-educated affluent minority hated him. The Zionists agents have created some trouble which we expected.

This powerful brain-washed minority is a threat to Iran's Islamic Revolution which has brought hope in the entire Muslim world.

The Zionists and their Western agents have made deep inroads into the Iranian urban youth. Ever since Iran

sentenced the hated Salman Rushdie — now in hiding — for his *Satanic Verses*, the Zionists are determined to bring down Iran. But the revolutionary Iran has not only defied the Zionists but thrown a challenge by developing bomb before which the Zionist Israel is now trembling.

Editor's visit to Iran: The Editor of DV visited Iran (2005) once but his visit again to attend the Holocaust Conference was sabotaged by these very forces.

What we said in several of our reports on Iran has proved correct on seeing the latest counter-revolution.

The urban-dwelling, Western-educated affluent Iranians, who have taken advantage of the country's oil wealth, are turning traitors to the Iranian Revolution led by Imam Khomeini.

This is also true in India, the world's largest Muslim country, where the English-educated urban affluent Muslims are gradually giving up not only their Muslim identity but even compromising with Hindu imperialism.

Warning to Iran: The West has succeeded in brainwashing the Iranian urban youth and turning them into anti-Islamic counter-revolutionaries to see that Iran does not challenge the Zionist Israel and all the dangerous values that go with it. But the forces of nature, however, have upheld Justice and Truth which also means President Obama's hands are strengthened to tackle the Zionist Israel (DV-Edit July 1, 2009).

BSO gets kicks after kicks from Obama

OUR CORRESPONDENT

Bangalore: The Indian ruling class (15%) is not getting sleep ever since the American Govt. changed its stand on Kashmir. The historical fact is that "Kashmir is a disputed territory". It neither belongs to Pakistan nor India. Kashmir belongs to the Kashmiris. This is called self-determination — the famous principle accepted in all international disputes.

Disputed territory: The two most ancient and also world-famous disputes are Palestine and Kashmir. And the peoples of both the countries are demanding self-determination — a principle supported by the United Nations. The Brahminical Order knows that this principle is against their hate-mongering principle.

The American Govt. always maintained that Kashmir is a disputed territory. Even the George W. Bush administration in its initial years stuck to this principle.

But once the Zionists captured his Administration and BSO got closer to it, the US Govt. changed its stand. A US official visiting Delhi upset the BSO when he said:

"Any resolution of Kashmir has to take into account the wishes of the Kashmiri people."

Kashmiris hate BSO: The BSO may say this is the Pakistani line. No. The US is not asking that Kashmir must go to Pakistan. Nor the Kashmiris are saying so. Their demand is self-determination which may neither favour Pakistan nor India but may favour *Azadi* (independence) which is not to the liking of the BSO because it has generated so much of hatred there.

The Indian rulers are getting kicks after kicks from Obama. The latest is Kashmir. Before that Obama's bombshell speech at Cairo. The latest is the re-election of the hated Ahmedinejad. (**June 14, 2009**).

Fury of Untouchable Chamars shocks casteist Jat Sikhs

SUBHASH CHAND MUSAFIR, PALAMPUR, KANGRA DT., HP - 176 061

Hate-mongering Brahminical stooges among Sikhs finally killed the peace-loving unarmed Sant Ramanand ji at Vienna (Austria), a country where there is no casteism or racism. But the killers were the Brahminical Sikhs who went to the prayer meeting with the intention to kill. (DV Edit June 16, 2009).

We salute the bravery of those who fought with the six armed upper caste Sikhs and killed two out of them. The assailants used swords on both the saints. The disciples quickly jumped over the assailants and also covered the saints to save their lives but the assailants then started firing from the revolvers. Over a dozen including saints were seriously injured. One disciple died on the spot and another in hospital.

The Austrian police have identified all the six assailants. The police spokesman, Maicle Takaxas, said all the culprits belonged to the Punjab. Charanjit (24), a resident of Uttar Pradesh and Hardeep (33) came to Austria between 2001 and 2008 illegally. Sukhvinder (28), a resident of Haryana, came in 2001 and Jaspal (34) came in 2008. Satviñder (28) from UP and Tarsum (45), a resident of Gujarat, had also come to seek asylum in Austria.

RSS connection: We had all the while doubts on the RSS (Rashtriya Sikh Sangat) about its conspiracy to divide the Chamars and Jats in the name of *Guru Granth*. The Chamars constructed their own *gurudwaras* where nobody else goes to do the sweeping free service because of casteism.

The Vienna attack is said to be to avenge all "disrespect" shown by the Dera leaders to the *Guru Granth*. But intelligence agencies are probing the possibilities of a "conspiracy" to stir up trouble between the Ravidasis (Dalits) and the upper caste Sikhs in India.

Brahminical Sikhs say that Dalit Saints show no respect to the *Guru Granth*. However, the Vienna incident will further widen the gap between the Chamars and the Jat Sikhs. Ultimately it is our principal Brahminical enemy that wins in this divide and rule game.

Dera Sachkhand Ballan in Jalandhar dt. Punjab is the most important among the Ravidas organisations symbolising the powerful manifestation of Dalit assertion in Punjab. It was founded by Baba Pipal Das

in 1900. After his death in 1928, his son Sarwan Dass took over the Dera. He was also influenced by Dr. B.R. Ambedkar.

All of them are followers of the 14th century Untouchable Chamar Saint Ravidas, many of whose compositions were also included in the Sikh holy book, *Guru Granth*.

Power of "caste identity": Mostly it is the Chamars who are associated with the Dera Sachkhand Ballan. When they heard about the Vienna killing (May 24, 2009), they jammed the whole Punjab within two hours. The Punjab Govt. led by the Akali Dal-BJP combine imposed curfew, called the Army at Jalandhar and later covered the whole Punjab. But the curfew failed both on May 25 and 26, 2009 all over the Punjab.

See the power of Chamar "caste identity". They burnt the whole Jamu-Tavi train. The Chamars simply took over Punjab.

The Brahminical media tried its best to suppress the news and also convert it as a conflict between two sects of Sikhs but the strength of **caste identity** told the truth to every person. Even women fought with the police with arms and made them run away. Small children were on the road with bamboo sticks and swords. The total loss is estimated Rs. 45,000 crores as per the Hindu media.

Military proves powerless: For first time in the history of India our people (Chamars) made the entire police as well as military powerless for a few hours throughout the Punjab. This incident once again proves the "power of caste". The people simply brushed aside the Punjab Govt.

But when an appeal from Sant Surinder Das Bawaji came to the people the whole agitation got stopped.

We the most hated people of Chamar community have always sacrificed to the nation. It was the dream of Sant Ramanand ji to unite our community to establish the kingdom of *Begumpura*, the dream by Guru Ravidas. The great saint has kept his words by giving up his own life but uniting the Chamars throughout the country. It is the responsibility of the Dera Sachkhand Ballan to convert this historic mass uprising into a revolutionary movement by organizing the people throughout the country. ■

Brahminical conspiracy to deny SC/ST quota in IIT — IIM

DR. I. GANESH, SCIENTIST, H.NO. 4-27, BALAPUR, HYDERABAD - 500 005

The growth-based Indian upper caste economy is preparing to create a new super rich technocratic nation state. B. Jalan (former Reserve Bank Governor) says that 20 super rich Indian property-holders' assets are equal to 30 crore peoples' assets of Indian society. This kind of super rich can't be seen anywhere in the world. Such a growth is happening in such a short period.

DR. AMBEDKAR AGENDA IS DEAD

The Brahmin representation in the Indian Govt. is much higher in 1990s when compared with 1930s. A strong national economy combined with a nuclear state demands to challenge any pro-affirmative action in Indian society. Social justice agenda created by the Indian great thinkers like Dr. B.R. Ambedkar is in serious crisis. This is happening in the period of Indian subaltern assertion.

A new kind of social justice agenda is needed rather than clicking old reservation agenda which is being neglected. While strongly defending to implement the so-called reservation agenda, new social justice measures need to be implemented.

NO QUOTA IN IIT — IIM

Look at these "national importance" institutes— in addition to IITs and IIMs, Aligarh Muslim University, BHU, Visvabharati and 19 NITs, etc. The mainstream discussions are like this— whether it is positive discrimination or not? Is it affirmative action? We have built up a powerful corporate-political and academic complex in India.

They have set an agenda for anti-reservation.

On Dec 23, 2008, between 2 to 3 pm, 18 bills have been passed in the Rajya Sabha. The Scheduled Castes and Schedule Tribes (reservations in posts and services) Bill 2008 is one of them.

After hearing the name of this Bill, we may think they brought this to provide reservation to the SC/STs. But the reality is that this Bill is totally against the policy of reservation and against the spirit of the constitution. According to the Section (1) 4 of the above said bill is providing exemption to follow the reservation system in all the IITs and IIMs in the country.

BILL PASSED IN 3 MINUTES

There are 47 institutions, as all the IITs and IIMs are institutes of "national importance". Why only IITs and IIMs are institutes of "national importance"? It means the other educational institutes in the country are not important for the nation. The govt. may declare any department or sector as national importance and exempt them from reservation policy.

If we allow the above bill to become an Act, it will spoil the entire system of reservation. The wonder is that this Bill was passed in the Rajya Sabha within 3 minutes.

Dr. B.R. Ambedkar introduced reservation policy with his 40 years struggle of life and death, but our Rajya Sabha has passed a Bill against the reservation in 3 minutes. What our Dalit Rajya Sabha members were doing while

passing this Bill which is against the very spirit of the constitution and against the orders No. 6-30/2005 of the Human Resource Development Department? As per this orders, all the universities, which are getting grants from UGC, are bound to follow the reservation policy in the recruitment of lecturers and professors and readers.

NO DALITS IN SELECTION BOARD

The same orders were also sent to all the IIMs and IITs in June 2008. Here they reserved only jobs but there is no exemption on the merit and intelligence of the candidates and they brought a Bill in December 2008, it is crystal clear whose interests were there. Now they are going to introduce this Bill in the Lok Sabha.

There are a total 2,300 teaching posts in the BHU, at least 500 teaching posts in the every IIT and IIM, so the total number of teaching posts will be 23,500. Out of this, the SC/ST candidates have to get at least 5,287 teaching posts in the IITs and IIMs. Just think for a minute are there Dalits in the IITs and IIMs up to this number. It is necessary to remember that there are no SC/ST people in the executive boards of IITs and IIMs and teachers selection committees.

SC/ST/ CANDIDATES TORTURED

All upper caste selection board members are torturing SC/ST candidates. The history is the evidence of this, and it is very difficult to get approval of a PhD

for a Dalit scholar from an upper caste professor.

Dalits have to depend on the upper castes every where to get benefits of the scholarships and other schemes. While such horrible things are going on they should bring a law to support the Dalits. Instead of that they are trying to keep away SC/ST from IITs and IIMs. If this Bill is also passed in the Lok Sabha, the entire Dalit community's future will become dark.

MERIT-MONGERING

While "merit" and "national importance" are coming back again with much political interest in Indian society, the Prime Minister spoke in Guwahati IIT about the concern of IIT directors. What they are pin-pointing is the importance of "merit" in these institutions and "we can't compromise with national interests". Really, most of the students passing out from these so-called national institutes don't like to stay in India. Many of them are settled in western countries.

A study of media study group (Delhi) reveals that the total students passed out in AIIMS during 1956-1997 were 2,129. Over 780 students went abroad to enjoy the comforts of Western countries. In 2002-2003, the budgetary allocation was Rs. 564 crores to IITs, the allocation to primary education was just 3,577 crores.

The Indian institutes of national importance are existing at the after total rejection of primary education. Indian elites coming from these institutes are the most Western addicted and they have no interests in Indian realities. They didn't think about what is the social base of their privilege. Look at the reality of Indian reservation in Indian higher education.

POLICY SUITS BRAHMINICAL INTEREST

SC/ST Professors at BHU-1/360, Aligarh-0/233, Delhi University-3/332, Jamia-0/80 (According to Report of National Commission on

SCs and STs - 1999-2000). Even now, the story is not much different.

It is a well known fact that historically Brahmins never held a sword and defeated a king/dynasty and acquired property. Then, how did they earn such an un-believable property in comparison with the rest of the society, who have been doing only *pujas* and *archanas* in temples and marriages in the society for their livelihood?

LOOTING INDIA

It is a live example for how they have been looting the country by dividing the society for sake of their personal benefits in the name of national importance and national security? To be frank, even if a war is posed by any enemy, they never come and participate in it by holding a gun or some thing else. Then, what for they talk about national security and all. It is very clear that they are diverting the rest of the society's eyes and looting the country by taking all the important positions of policy making. They are making policies suitable just for their growth. ■

Secret of the Brahminical strength

Brother Ganesh is a scientist and his pain as a Dalit is understandable. His point is even SC/ST MPs are silent. The lay people outside are not even aware of the Brahminical mischief who have been doing it with impunity because they are the rulers.

The secret of their strength is not the monopoly power they hold. The secret is there is no media in the country to bring out their mischief except DV.

Look, how they have successfully and without any challenge made the country to accept a top class fraud as the "Father of the Indian Green Revolution"? This is the media power. For over two decades we have been giving all the proof about how the Brahminical bluffs and brags are accepted as historical truth — only because of their media monopoly.

Even a scientist like Dr. Ganesh came to know DV only now when the ruling class mischief has gone unquestioned.

Not even 1% of the English-educated Dalits are DV subscribers. They are all victims of the Brahminical-bulldozer. Yet they are afraid of the Big Cat. Not one fellow is ready to challenge and fight back and that is how BSO goes unchallenged.

Why the Brahminical rulers should not recklessly slaughter SC/ST reservations when there is not even a whimper of protest?

We live in Bangalore where you should see the upper caste arrogance and its naked exhibition. The *manuwadi* Brahminical monopoly media is the secret of their strength. Yet, it does not occur to even a scientist like Dr. Ganesh that media is the power — EDITOR.

Thus Spake Periyar

Declaration of War on Brahminism

[The last speech delivered by Thanthai Periyar on 19-12-1973 at the meeting held at Theagaraya Nagar, Madras, before his death is published with the permission of Brother K. Veeramani, general secretary of the Dravida Khazhagam].

Mr. President, ladies and gentlemen,

This meeting is convened to explain the resolutions passed at the recent conference of the eradication of social degradation. I think I am addressing in this place after a long time. The people of this place are hearing me after ten years. As such they might not have had the opportunity of hearing me in the recent past. Before commencing the meeting Com. K. Veeramani recited the prologue denying the existence of god. You heard him say:

"There is no God
There is no God
There is no God at all
He who created god was a fool
He who propagated god is a scoundrel
He who worships god is a barbarian".

I will explain what he uttered word by word later on.

Brahmins are not natives of this land. As a wandering tribe they came to India. Yet they have debased us. They call us low and degraded by caste. We do not have the right to step into the sanctum sanctorum of the Hindu temples. They say that God gets polluted by our touch. They assert that the *Shudras* have no right for marriage. They proudly proclaim that our country has attained freedom. But even after the dawn of independence they term us as *shudras*, which means that we are born of prostitutes. Are we to accept that our mothers are all prostitutes? Are we to accept that we are born of Brahmins. All the Hindu *Shastras* classify us as *Shudras* only. It is not only the Hindu religion that calls as *Shudras*. Even the Constitution of India imposes the title *Shudra* on all of us. According to the present Constitution we are all *shudras*. It is not known as to who wrote these *Shastras*. No one is able to say when these *Shastras* were written. Is

Brahmins not natives of this land

there anything more dishonest and deceitful than this anywhere in the world.

Some people simply say that some *rishis* wrote the *Shastras* in the early age of human history. Some people say that a person called Vasistar is the author of these *shastras*. Controversy has risen about this. There are others who say that it is Narada who created the *shastras*. Even this is disputed by others who say it is Yagnavalkya who wrote the *shastras*. All that we are able to understand is that the *shastras* were created by some one not known to the people. That is why they are unable to say clearly as to who is the real author of these *shastras*. All that we learn is that some Tom, Dick and Harry created the *shastras*.

What is said more about the longevity of these people? Narada is said to have lived for over five crore years. When was he born and where was he living for so long? They say that he lived some two to three *kalpas* before this *Kaliyuga*. A *kalpa* is equal to five crores of years.

Where is the historical proof for their statement? Is it possible for any one to believe that a person could live for so many years. Do you think it right to accept these baseless statements.

Comrades! You know the judgments given in courts today are based on these so called *puranas*. Is it a right and just thing? Is not this practice absurd? That is why I say that the rulers are irresponsible. They are a shameless lot. In what other way can I describe them.

You heard Com. Veeramani referring to the Hindu law. Who is a Hindu? What is meant by the term Hindu? When did this word come into being? You find different versions stated in the Hindu literature.

The Brahmin literature comprises the *Ramayan*, the *Mahabharata*, *Vishnu Purana*, *Kanda Purana* and so on. Our Tamil pundits also have *Pancha Kaviyam*, *Aiyinthu Ilakkanam* and so on, as their literature. Is there any reference to the term Hindu in any of these books? (To be continued)

Iqbal, not Jinnah, behind formation of Pakistan

V.T. RAJSHEKAR

Except historians, even journalists like us did not know that it was not Quaid-Azam M.A. Jinnah who was the creator and the inspiration behind Pakistan. Our recent visit to Pakistan gave us the pleasant shock that it was indeed Allama Iqbal who was not only the moving spirit behind Pakistan to free it from Brahminical clutches but also the person who handpicked the "Father of the world's first Islamic state".

Himself a Kashmiri Brahmin, Iqbal was painfully aware of the extent of Brahminical imperialism and its treacherous hold on the entire population of the subcontinent, reeling under its racist oppression. He was the subcontinent's first Muslim leader to tell his community that they must have a state of their own to free themselves from the Aryan imperialism and convince M.A. Jinnah about the need for a separate homeland for Muslims.

BARRISTER WITH ROARING PRACTICE

We thought Iqbal was an eminent poet. But we did not know that he was a great philosopher, a practising British-educated barrister with a roaring practice and a bitter enemy of Brahmins despite himself being a Kashmiri Brahmin.

In Pakistan, Allama Iqbal, who died much before Pakistan was created, is given the highest place, next only to the Quaid Azam. Prof. Muhammad Munawwar was for long time Director of the Iqbal Academy, Pakistan, located at Lahore, which has done considerable research on the subject.

Jinnah was originally in the

Congress Party and a "secular Muslim", though inwordly suffering Gandhi and Hindu humiliation.

But it was Iqbal, who as a Brahmin had a deep knowledge of the dangers of Brahminism, convinced Jinnah and made Jinnah fight for Pakistan and also made him its founding father.

MUSLIMS CORRUPTED

As a world famous authority on Quran, he knew that even the cruellest of ferocious animals cannot use weapons other than their paws, claws, horns, legs, tails, fangs and breath etc. Hence the scope of their doing harm is always limited. But man, if bent upon doing mischief can tell a lot of lies. He can conspire. He can originate intrigues. And above all, he can invent destructive weapons. His angry fist and kick are not the only expressions of his wrath. He elongated his hand and legs by using clubs. From clubs he came to swords and spears. Then he invented arrows. After arrows he used bullets. Now the bullets have augmented into tanks, bomber-planes and bombs - atomic as well as hydrogenic. (*Iqbal on Human Perfection*, Prof. Muhammad Munawwar, Iqbal Academy, Lahore, Pakistan, 2001, p.12)

HINDU-MUSLIM DIVIDE

Iqbal held that the Muslims of the subcontinent had been corrupted by the influence of Persian pantheistic ideas and as a result they had forgotten almost everything of true Arabic Islam and its ideals (Ibid p.87).

Iqbal began composing verses in his boyhood at Sialkot (near

Lahore). He moved to Lahore in 1895 and joined the Government College as a student of third year. (p.107).

PREDICTS FALL OF WEST

He was sensitive to the sad fact that there was no peaceful coexistence between Muslims and Hindus of South Asia, though they lived in the same country. His poems, *Taswir-i-Dar* (the picture of heartfelt grief) and *Naya Shivala* (the new temple), especially epitomise his longing for Hindu-Muslim unity. (p.108).

He left for Europe in 1905 for higher studies and in 1907 joined the London branch of the Muslim League.

Iqbal in this *ghazal*, prophesied that European civilization was not going to last long. (p. 110).

In Dec.1931, he was invited to Cambridge University to address the students. (p. 110). He was in London to attend the Second Round Table Conference.

HUMBUG OF KHILAFAT MOVEMENT

His first and foremost concern was the Indian Muslims. He was certain that the dawn of the Islamic resurgence was about to appear and the Muslims of the Pak-India subcontinent were destined to play a prominent role in it. (p.111)

He wanted the Muslims to launch a struggle for self-determination. He knew that the Muslims in other parts of the world would not have strived for the self-determination had Pakistan not emerged on the basis of that principle of self-determination. (p. 114).

In 1923, the *Khilafat movement*

launched by Indian Muslim leaders in collaboration with Hindu leaders, slowed down. In 1924, it practically came to an end, and with it went the newly adopted posture of Hindu-Muslim unity. Instead, Hindu-Muslim clashes became the order of the day. Hindus and Muslims were religiously, historically and culturally two separate nations. (p. 114).

BRAHMIN LOVE FOR WEST

Iqbal's prophesy that the Brahminical Hindu (15%) love for West has proved right. The Western form of democracy suited the Hindus because it gave them the right to rule permanently rendering the Muslims to perpetual slavery. During this very period, Iqbal published his book, *Zabur-i-Ajam* (1927). Besides politics and poetry, Iqbal remained busy preparing his famous lectures which he delivered at Madras and Hyderabad in February and at Aligarh in November 1929. (p. 115).

TWO KASHMIRI BRAHMINS

It was a strange confidence. Nehru, a Kashmiri Brahmin, going from Allahabad to Lahore, the city of Iqbal, and Iqbal, a Muslim Kashmiri Brahmin, going from Lahore to Allahabad, the home of Nehru. The Congress session at the end of December 1929 and the Muslim League meeting at the end of December 1930.

In his speech at Allahabad, he said:

"It cannot be denied that Islam, regarded as an ethical ideal plus a certain kind of polity — by which expression I mean a social structure regulated by a legal system and animated by a specific ethical ideal — has been

the chief formative factor in the life history of the Muslims of India. It has furnished those basic emotions and loyalties which gradually unify scattered individuals and groups and finally transforms them into a well-defined people". (S.A. Vahid, *Thoughts & Reflections*). (p. 115).

Brahmin Iqbal on fellow Brahmins

YOUSUF IRFAN, ACTING DIRECTOR, SGRHF, LAHORE

The following Iqbal's Persian couplet will tell you the poet-philosopher-statesman's depth of knowledge about India's Brahmins and their Brahminism:

*Nigah darad Brahmin kare khudra
Ba kas hargiz na guft israre khudra
Mira Goed keh uz Tasbih Bigzar
Badosh-e-Khud nihad zunnare khudra*

Translation: Brahmins conceal their secrets and do not open their hearts and share them with non-Brahmins. They preach and persuade others to change their minds and ways in accordance with BSO (Brahmin Social Order) and they themselves do not want to change and mend their ways and means.

The famous poem, *Sare Jahan se Accha*, was written before 1905. It is a song composed on the spot at a meeting held in YMCA Hall, The Mall, Lahore, Pakistan.

This song is named as *Tarana-e-Hind* included in the first Urdu book of poetry under the title of *Bang-e-Dara*.

Iqbal wrote a poem on Guru Nanak (founder of Sikhism) in which he depicted the tragic plight of Untouchables/*shudras*:

*"Aah (Alas) sahudar ke liye Hindustan gham khana hai"
Dard-e-insani se is basti ka dil begana hai"*

Translation: Alas, Hindustan (India) is a chamber of pain and horror for untouchables/*shudras*. This land of Brahmin is totally devoid of all human feelings and sentiments.

But did the Muslims who at that time formed over 30% of undivided India, understand the anguish of Iqbal and follow his

advice? No. Only a small part of them came over to Pakistan and the rest, overwhelming Muslim population, preferred to live and suffer the Brahminical slavery.

The religious ideal of Islam, therefore, is organically related to the social order which it has created. The rejection of the one will eventually involve the rejection of the other.

Therefore, the construction of a polity on national lines, if it means a displacement of the Islamic principle of solidarity is simply unthinkable to a Muslim. This is a matter which at the present moment directly concerns the Muslims of India. [S.A. Vahid, 1973, p.162] (p. 116-117).

Iqbal attended the Second Round Table Conference (1931) in London. He was now in a position to say things even more expressly and positively than he had said in 1930. At the Round Table Conference he had seen the attitude of the Hindu, Sikh and the Muslim delegates. He had observed the mind of the British Govt. as well. Hence he repeated his apprehensions and suggested safeguards in respect of the Indian Muslims. (p. 118)

IQBAL TAKES OVER LEADERSHIP

Maulana Mohammad Ali had died in January 1931. Quaid-e-Azam had stayed behind in London. The responsibility of providing a sober lead to the Indian Muslims had fallen on Iqbal alone. He had to assume the role of a jealous guardian of his nation till the Quaid-e-Azam returned to the subcontinent in 1935. (p.119).

During the Third Round Table

Conference, Iqbal addressed foreign diplomats, MPs, Muslim delegates of the Round Table conference and several other dignitaries. (p.119).

LOSS OF CULTURAL IDENTITY

He explained why he wanted the communal settlement first and then the constitutional reforms. Allama Iqbal laid stress on provincial autonomy because autonomy gave the Muslim-majority provinces some power to safeguard their rights, cultural traditions and religion. Under one central government the Muslims were bound to lose their cultural and religious entity by submerging in the overwhelming Hindu majority. (p.120).

TALKS WITH DR. AMBEDKAR

Dr. Abdusalam Khurshid in his book, *Sorghuzshit*, Iqbal Academy (p.413) quotes a dialogue between Dr. B.R. Ambedkar and Iqbal in which he stressed the need for autonomous unit for Dalit-majority areas.

The idea of a Muslim state became clearer in the mind of Allama Iqbal. During the rule of Hindu Congress ministries established in Hindu majority provinces under the 1935 Act, Muslims in those provinces were given dastardly treatment. (p.121).

Nehru, the self-styled socialist but a hard core Brahmin, ridiculed the concept of "Muslim nation". The entire Brahminical people were bent upon cheating the Muslims.

And then who could understand Allama Iqbal better than the Quaid-e-Azam himself, who was his awaited "Guide of the Era". The Quaid-e-Azam in the introduction of Allama Iqbal's letters (published in 1943) addressed to him, admitted that he had agreed with Allama Iqbal regarding a state for Indian Muslims

before the latter's death in April 1938. (p.122).

These are the words of Jinnah:

"His (Iqbal's) views were substantially in consonance with my own and had finally led me to the same conclusions as a result of careful examination and study of the constitutional problems facing India and found expression in due course in the united will of Muslim India as elaborated in the Lahore Resolution of the All-India Muslim League popularly known as the Pakistan resolution" passed on March 23, 1940. (p.122).

HOMELAND FOR MUSLIMS

It was Allama Iqbal who called upon the Quaid-e-Azam Muhammad Ali Jinnah to lead the Muslims of India to their cherished goal. He had preferred Jinnah to all other giant Muslim leaders (p. 122).

He had found his *Khizr-i-Rah*, the veiled guide in Quaid-i-Azam Muhammad Ali Jinnah, who was destined to lead the Indian branch of Muslim *ummah* to their goal of freedom. (p. 123).

"The united front can be formed under the leadership of the Muslim League. And the Muslim League can succeed only on account of Jinnah. Now none but Jinnah is capable of leading the Muslims" (*Iqbal Ke Hudur*, Sayyed Nazir Niazi). (p.124).

According to Iqbal, the future of Islam as a moral and political force not only in India but in the whole of Asia in a great measure rested on the organisation of the Muslims of India led by the Quaid-e-Azam. (p.124).

He then put up a strong opposition to both the Hindus and the English, who wanted the united India, where Hindus had an overwhelming majority, i.e. 75% of the total population of the subcontinent. Muslim, through their united efforts

under the able guidance of Quaid-e-Azam succeeded in getting India divided into Pakistan and Bharat. The Muslims achieved their independent homeland. (p. 125).

JINNAH'S RIGHT HAND MAN

That is how the Quaid-e-Azam paid him high tributes by calling him his right hand man, his sage and guide. (p. 152).

Allama Iqbal's pen was equal to a conquering army. He forewarned the Eastern nations, especially the Muslims that the West had no values to live by or to offer others. Europe had become powerful on account of advanced technology and material affluence. No domination could last long if not buttressed with values. A society, though apparently strong, is inwardly weak without morals. It can be characterised as a delicate bough on which no nest can rest. (p.155).

UPPER CASTE ARROGANCE

The above words very aptly applies to India where a less than 15% (upper castes) with the arrogance of wealth and power are riding rough shod over the rest of the slaves (85%) which include Dalits and Muslim.

MUSLIMS LEFT BEHIND

Iqbal wrote to many people that the Muslim *Umma's* morals were much dearer to his heart than expression of art. To bring about a revolution in the thinking of Muslims had become his sole purpose because they were living in slavery of the British. They were overwhelmed by Hindus in all fields of life. Morally they had become bankrupt. Religiously they were miserable because they had little knowledge of real Islam. They had fallen prey to rigid *mullas* and greedy *sufis*, who were misguiding the blind followers. Educationally, the Muslims had been left far behind

by other nations, not only in India but all over the world. (p.163).

The great poet Iqbal refused to be called a poet. Why? Because the poet writes poetry for the sake of poetry. But Iqbal was not merely a poet but a guide, philosopher and path-finder. He was a poet with a

purpose, a goal, an ideology who makes use of poetic capability as a means to that end. (p.164).

On esort of poetry pleases but the other one teaches. But one thing is still quite obvious that to make a poetry with a message impressive, is much more difficult than to write

pleasing and plausible verses relating to love, beauty, nature etc. (p. 164).

This is the difference between art for arts sake and art for sake of life. Iqbal belonged to the second camp. Hindu India has produced hundreds of such poets who give no message. ■

The 3 wonders created by Iqbal

YOUSUF IRFAN, ACTING DIRECTOR, SGRHF, LAHORE - 54000

I am pleased to know that you have liked Iqbal. Allama Iqbal is not an ordinary poet and philosopher—he is a visionary. He did three wonders for the Muslims of the subcontinent. He demanded a separate state for Muslims (Pakistan). He motivated the suppressed, scattered, demoralized and downtrodden Indian Muslims for a separate Muslim homeland through his poetry. He chose its leader, Quaid-e-Azam Mohammad Ali Jinnah who successfully organized the Muslims and brought them under one flag of All-India Muslim League. Quaid-e-Azam said at a meeting held in Lahore on March 23, 1940 that "Iqbal is my friend, saint and guide. We did what he asked us to do – a separate state for Indian Muslims". While delivering the presidential address on "Iqbal day" (1942), Quaid-e-Azam pointed out the importance of Iqbal for Pakistan by saying that "if I am given an option to choose to become president of India or to have Iqbal's poetry, I will certainly go for Iqbal's work. If I have Iqbal, I can create more states due to his inspiring and motivating poetry".

Iran revolution: Ayotullah Khomeini, father of modern Iran, said at a public meeting that "Iqbal is our guide, a motivating spirit behind Iran's revolution because Iqbal's poetry inspired Persian public for revolution". The same tribute was paid to Iqbal by Afghan revolutionary forces who fought against Russian invasion in Kabul on Dec. 27, 1979.

Like Dr. Ambedkar, Iqbal is a revolutionary poet who persuaded the poor, deprived and enslaved people to fight for liberty, equality and fraternity. The beauty of Iqbal's poetry is that it makes man free from all types of oppression, suppression and tyranny.

Pak Taliban is anti-Muslim: Your friends are right. The word "Taliban" is an American creation and Pakistani Taliban is sponsored and supported by Indo-American and Jewish lobbies who have established their strongholds on Pak-Afghan borders. The Swat Operation is indeed an action against those Indian-trained terrorists. The Indian Govt. has established

18 consulate offices on Pak-Afghan border. They are the real source of trouble in the region. During the Swat Operation, even Gorkha Indian soldiers were killed and caught. In fact, the word "Taliban" is used by America and Allied Forces including India. During General Zia-ul-Haq's period, all Afghan resisting and revolutionary forces were called *Mujahideen*. After Zia, Pakistan lost its influence on Afghan affairs and Indo-American-Jewish influence increased. Taliban appeared during that period.

3 types of Taliban: Now Taliban are divided into three: (1) Taliban with Mulla Umar in Afghanistan which never sided with either Americans or Indo-Israeli forces. They are still resisting the invaders in their own way to some extent successfully. (2) Taliban in Pakistan are of two types – one is purely sponsored and supported by invading Indo-American and Allied Forces. The other Taliban has links with Indian nationalist *ulema* i.e. Maulana Asad Hussain etc. They may be sincere but they are misled by the nationalist *ulema* of India as they were misguided during in Pakistan Movement.

Dividing Muslims: Apart from these three categories of Taliban, the common practicing Muslims are also labeled Taliban, extremists and terrorists by America and Allied Forces. In the name of Taliban and Al Qaida, America and Allied Forces have divided Muslim society into practicing and non-practicing Muslims. The non-practicing Muslims are pro-West whereas the practicing Muslims are sincerely influenced by the revolutionary Muslims in Afghanistan. The Indo-American and Jewish Forces support and secure services of pro-West Muslims to curb and crush the emerging revolutionary Islamic forces in the region. The matter becomes so complex and confusing.

Like Taliban, the word Al Qaida is also a creation of America. Al Qaida exists nowhere but in Hollywood and Bollywood films. In reality, the Muslims all over the world are victims of pro-West Indo-American Jewish conspiracies all over the world. ■

Why not Iqbal's *Sare Jahanse Accha* song as national anthem?

ALEEM FAIZEE

When Allama Iqbal went to England to attend the second round table conference in Sept. 1931, the Italian Govt. sent its emissaries to request Iqbal to visit Italy. While in Italy during Nov. 1931, he received a message through Dr. Scorpa, the Italian Councilor in Bombay, that Mussolini wanted to meet him. Dr. Iqbal accepted his invitation and met the Italian dictator on Nov. 27 in his famous hall.

Mussolini asked Iqbal: "What you expect we Italians to do?" Dr. Iqbal replied: "Europe is left with no moral values. Stop blindly following Europe and learn lessons from the East."

When Mussolini sought some exceptional suggestion for him, Iqbal advised, "Don't allow overcrowding of the cities. Limit the size of the population of a city and after that limit instead of allowing them to settle there, create new settlements and cities for them."

Bemused, Mussolini wanted further elaboration. Iqbal said, "As population of a city increases, its moral values and economic power start waning. Worst immoral activities start challenging the cultural strength."

Mysore reception: Mussolini looked towards the Great Indian in disbelief for a moment but in the next moment stood from his chair and shouted with excitement, "What an excellent idea".

Let the Muslims proclaim a million times that Iqbal is theirs, but let me declare, Iqbal belongs to we all and confining Iqbal to a particular religion or community is injustice to this great poet himself", said a professor at a function held at Mysore University in honor of Iqbal when he visited Mysore in January 1929 on the invitation of the Maharaja of Mysore.

It was the time the first war of freedom movement in 1857 was suppressed and the nation was readying itself for the other rounds of resistance against the tyrant forces when Iqbal was born at Sialkot in Punjab in 1877. Iqbal, who started his path towards becoming the **Great Poet of the East and Philosopher** in his student life itself, ultimately became the symbol and preacher of Indian and Eastern values. While studying at Scottish Mission College in Sialkot, he attained mastery in writing prose and poetry. Graduated in 1897, he became proficient in English, Arabic and other international languages.

He learnt German in just three months when he went to Munich for seeking doctorate in philosophy.

International reception: By the time he started teaching at Govt. College and Oriental College, Lahore, he had already become popular in the Indian subcontinent as a poet. In Sept. 1905, he left for Europe for further studies and returned to India in 1908. Besides teaching and practicing law, Iqbal continued to write poetry and by 1928, his reputation as a great philosopher was solidly established. His poetries had the reputation of being translated in several international languages.

"Iqbal's thoughts are focused on the spiritual direction and development of human society and his poetry imparted message of pure and spiritual focus on eastern values as a source for socio-political liberation and greatness of the country. In his publication, *Payam-e-Mashriq* (the Message of the East), Iqbal reminds the West of the importance of morality, religion and civilization by underlining the need for cultivating feeling, ardor and dynamism", said Anika Sabahat, a student of *Iqbaliyat*.

Khushwant Singh translation: When Iqbal wrote *Shikwah* (The Complaints), in which he complained to the God about the prevailing miserable conditions of the Muslims in the world, it irritated the Maulvis and they declared him an infidel. But when Iqbal wrote *Jawab-e-Shikwah* (The Answer to the Complaints), critics were finding very hard to escape. It is the same *Shikwah* and *Jawab-e-Shikwah* that is translated in English by Khushwant Singh.

In April 21, 1938, the Great Indian Poet and the Philosopher died leaving behind him tremendous amount of literary works embedded with priceless thoughts and messages that are still working as guiding paths for the millions world over.

Sare Jahan Se Accha Hindustan Hamara: In 1905, over 100 years from today, when Iqbal was a lecturer at the Govt. College, Lahore, he was invited by his student, Lala Hardayal, to preside over a function. Instead of making a speech, Iqbal sang *Sare Jahan Se Accha Hindustan Hamara* in his style. Iqbal compiled this poem in praise of India and the poem preaches the communal harmony that had unfortunately started ceasing in India by that time. Each and every word in this poem depicts an Indian's respect and love for the motherland and the values the Indian society inherited for long.

The couplets that were sung in a small hall of the

Govt. College, Lahore, spread to every corner and streets of the country soon making it the greatest patriotic song of the country. Iqbal was sitting in a boat house in Kashmir when some children passed by him singing this song. Iqbal smiled as these small kids were unaware of his presence near them.

The poem was set to music in the 1950s by Pandit Ravi Shankar, and is regularly sung on occasions of national importance. When Indira Gandhi asked Rakesh Sharma, the first Indian astronaut who went to space, how India looked from space, he immediately replied, "*Sare Jahan se Accha Hindustan Hamara.*"

When heard of Iqbal's death in 1938, M.K. Gandhi wrote in his condolence message for the nation:

"What can I write about Dr. Iqbal except that I was

Tagore's *Jana Gana Mana* song anti-national ?

*Kerala's Popular Front of India, which is fast shaping itself into a Dalit-Muslim political party, starts all its functions with Iqbal's famous pulsating song, *Sare Jahanse Accha*.... Many more Dalits*

sobbing due to emotions when I first read his famous poem *Sare Jahan se Accha*. When in Yerawada Jail, I must have sung this poem over hundred times. Each and every word of this great poem is very sweet to me and even while writing this message I can feel hearing the couplets of this poem into my ears."

Sure, the ecstasy revisits a person every time after reading or listening to this great poem even after more than hundred years when this great poem was written by Dr. Iqbal.

Brahmins & Jews are cousins: DV is right

MLECCHA, SAN FRANCISCO, USA

Dalit-Muslim unity may be possible once Dalit spiritual movements identify themselves as *Sabian*. Prophet Muhammad said good Christians, good Jews, and good Sabians were under Muslim protection as People of the Book. However, *Kaffirs* are not. I argue that Hindus are *Kaffirs* and Dalits are *Sabians*. It is actually Jewish scholars who have identified the *Sabians* with *Noah* and his 7 laws. A *Sabian* is a good person who does the following. While the Jews are promoting the 7 Laws, they unfortunately promote a Jewish supremacy I don't believe in. They say "Just obey these 7 Laws, but we are your superiors"

Brahmins made Brahma, the creator, inferior to Vishnu and Shiva. Brahmins murder Dalits. Married Brahmin men rape Dalit and Adivasi women, making them adulterers. Brahmins steal from the Dalits by not allowing the access to their wells and to land. Brahmins, in essence, are drinking the blood of the Dalits and by hoarding village wells, gloating on the blood of the Earth. Brahmins lie. Brahmins refuse to establish justice for the Dalits. This makes the Brahmins instigators of what Muhammad opposed. The Brahmins are *Kaffirs*. They are infidels. You are correct on the Jewish families that control the banks. They actually created the system that led to the Great Depression and our current

depression. Bush played right into their game, and the bankers control both the Democrats and the Republicans, so they always win. They have a system called Fractional Reserve Banking, where they can lend ten times more money than they have, and then claim they own the fake money they lent. This is why the dollar has gone down almost every single year since it was created. It was started by the Baron von Rothschild the great Jew. In the 1700s, he sent his banker sons to Germany, France, and England, so they could each gain control of those countries' banking systems. George Bush was very evil and he was most certainly a tyrant. In both elections, key states had malfunctioning voting machines which would change votes from the Democratic candidate to Bush. This was tested and proven true. Bush was not elected. The voting machines programmed by his cronies elected Bush. Bush was even evil in Texas when he governed that state, executing many innocent men, most of them Black, for murders they were proven to be innocent of while in jail. Bush didn't care about this, but thought they should be executed anyway. By calling the Jews and Brahmins cousins, you are speaking a genetic truth. The Ashkenazi males (Northern European Jewish males) and Brahmin males both have a heavy concentration of Haplogroup R1.

Jewish historian diagnosed disease of Brahminism but failed to cure it

V.T. RAJSHEKAR

With deep sorrow we announce the death of a distinguished French historian, Leon Poliakov, whose book, *the Aryan Myth* (1977, New American Library, New York), has stunned us by its shocking revelations of the havoc played by Brahminism and made us realise that Brahminism was a threat not only to India but to the whole world causing two World Wars and now conspiring a more deadly Third World War.

In this book (*Dalit Voice* has the book), the author, also a distinguished member of the *Dalit Voice* family world-wide in the early 80s, says the "Aryan Myth" was created by the German Christians to fight the Roman Catholic church which had turned oppressive. The book reveals that the Aryan Brahmins of India fooled even the Germans, considered to be the world's most brilliant people.

JEW AS VICTIMS OF BRAHMINISM

For the first time in the history of the world, the "Aryan Myth" manufactured by the cunning Brahminical races caused an avalanche of hatred against women, Blacks, Muslims, India's Untouchables and, according to Poliakov, caused even an anti-Jew war and violence.

This is what made us to describe Brahminism as the "Father of Fascism".

Leon Poliakov (87) was himself a Jew and we bow our head before his scholarship. It was from his book that we learnt that even Jews were victims of Brahminism which brainwashed the Germans and Adolf Hitler to declare Jews as

enemies being non-Aryan and killed millions of Jews in gas chamber.

EDITOR'S APOLOGY

He found fault with our thesis that the *Vaidik* Brahmins and Jews had the same qualities and took objection to our description that the Brahmins indeed are the "Jews of India".

A Paris datelined AP report published in the *Times of India*, Bangalore (Dec. 11, 1997) said:

Leon Poliakov, a Russian-born writer who fought for the French resistance and became one of the world's most respected historians of anti-Semitism, has died, Jewish organisations said on Dec. 9. He was 87.

In a statement, the Representative Council of Jewish Organisations, called Poliakov a pioneer who turned the study of anti-Semitism into "a scientific discipline in its own right".

Poliakov demonstrated that "the extermination of Jews by the Nazis was the culmination of a long history of humiliation and oppression".

He was best-known for his four-volume *History of Anti-Semitism* published between 1956 and 1977, which examined the Christian roots of anti-Jewish sentiment. A fifth volume of essays on anti-Semitism in post-War France appeared in 1994.

POLIAKOV PROVED WRONG

Mrs. Yumi Tsuji, a noted Japanese scholar and student of Leon Poliakov at Paris, who presented us the *Aryan Myth* book at Tokyo on Sept. 13, 1982, also sought apology from us for describing the Brahmins as the "Jews of India". We did tender

the apology in our earlier version of the book, but in the second enlarged edition of the book, *Brahminism — Father of Fascism* (1994), we added a chapter titled: "Poliakov proved wrong on Jews of India".

4,000-YEAR-OLD WAR

If the alien Aryan *Vaidik* Brahmin races were responsible for selling their "Aryan Myth" to Germans and thereby brainwashing them to kill Jews in millions, as Poliakov argues in his book, the Jews should have been the greatest friends of India's Black Untouchables who are the worst victims of Brahminism. In fact, the Untouchables (Dalits), the original inhabitants of India, have been fighting the invading Aryan races from the very beginning. The history of their anti-Aryan war is as old as 4,000 years.

But to our utter shock not only the Jews have joined hands with the "Jews of India" but together they are today trying to destroy India's unity and integrity.

While the Dalits never compromised with the Aryans, how did the Jews compromise and collaborate with the "Jews of India"?

MUSLIM HATRED

We pointed out this fact to Poliakov but he maintained silence.

What brought the Jews and the "Jews of India" together is perhaps their common hatred of Muslims. And India has the world's largest Muslim population after Indonesia. Poliakov nowhere in his book refers to any hatred between the Jews and Muslims. In fact, he is critical of the "Spanish Experiment" which annihilated Islam in Spain and made

it a Christian country (DV Edit May 16, 1985: "How to exterminate Muslims in India — Hindu nazis following Spanish experiment").

Poliakov was right in saying that it was the Aryan Brahmins who supplied the *swastika* symbol to Hitler, described the Germans as Aryans and thereby inspired the growth of nazism that caused the terrible anti-Jew pogrom. This fact may not be known to the ordinary Jew but the Jewish leadership and particularly the Zionist brains know it.

The *Aryan Myth* book itself was the product of a research foundation set up by the Jews. And that means the Jewish Diaspora think-tank is aware of the havoc caused by the "Aryan Myth" propounded by Brahmins and how millions of Jews were allegedly exterminated by this Aryan philosophy of hate.

ZIONIST CONTROL OF WORLD

Zionists today not only control the entire world finance and media but the entire Government of the United States of America. Nothing can happen in the world without the sanction of the Zionist leadership. Such is the power of the Zionist world-wide.

This writer had written several letters, published many articles and finally wrote a book itself, *Brahminism — Father of Fascism*,

and sincerely hoped that the Jews and the Zionist leadership would respond. But sorry to note that the venerable author of the *Aryan Myth*, who is no more, and the entire Zionist leadership refused to react.

We wrote three letters to the Israeli Embassy in Delhi which refused even to acknowledge our letters.

GERMANS DECEIVED

But the silence is no reflection on the great work of Leon Poliakov, his sincerity and devotion to his community of Jews who were the bloody victims of Brahminism.

Poliakov's research conclusively proves that it was Brahminism which inspired and instigated the Germans to kill Jews and caused two World Wars.

He accuses Nietzsche, Max Muller and a host of indologists who were deceived by the "Aryan Myth" and mis-directed the Germans to annihilate the Jews.

The foundations of the "Aryan Myth" are built on hate, prejudice, narcissism. Dalits, Muslims and the entire indigenous people comprising over 85% of India's population are also the victims of this "Aryan Myth".

If this is so, Poliakov and his Zionist think-tank should have teamed up with us. But they simply said no.

The Muslims and the Blacks of the

world plus India's Black Untouchables are all victims of this Aryan theory of racism, fascism, nazism, Poliakov says all this.

JEW AS GUIDED BY "JEWS OF INDIA"

If Poliakov and his Zionist think tank have traced the origin of racism, fascism and nazism to Brahminism, why they have remained silent on the sufferings of India's Untouchables, and also the persecution of Blacks by Whites and Muslims world over?

The silence is intriguing. This is where we suspect the sincerity of the Zionist think-tank which even forced Poliakov to remain silent on our repeated communications.

If they were merely silent or indifferent we could have excused Poliakov and his Zionist think-tank. But today the world will be shocked to hear that the Jews are actively guided by the "Jews of India".

Poliakov's book can be described as the world's most authoritative indictment of Brahminism. And yet having diagnosed the disease, Poliakov failed to cure it. He had the intellectual capacity to diagnose the disease but what made him to sulk to take the more important step of curing it? We need the answer. ■

Israel not Jewish state

JUAN COLE, PRESIDENT, GLOBAL AMERICAN INSTITUTE

Zionist-racist Netanyahu in his failed talks with President Obama wants Palestinians to admit that Israel is a "Jewish State".

I don't understand this demand. Israel is not a Jewish state, it is a multi-cultural state, with about half a million non-Jewish Russians and Ukrainians and 20% of its population is Arab. If "Jewish" is meant religiously, then observant Jews are actually a minority of the population

in Israel. If "Jewish" is meant racially, then it is a particularly shameful demand. It is like demanding either that the US be recognized as a "Christian" country or as a "White" country. Obama was ill-advised to use the diction, himself.

As for Netanyahu's gift to Obama of Mark Twain's travelogue to 19th century Ottoman Palestine, that was kind of an ideological attack on solid historiography. ■

Dr. Ambedkar visit to RSS shakas & talks with Goenka are false

DR. K. JAMANADAS, "SHALIMAR" MAIN ROAD, CHANDRAPUR - 442 402

I read in the *Tarun Bharat* that Dr. Ambedkar once visited a RSS *shakha*. He wished to know about Untouchable cadets. He was told to directly ask the *shaka* members. When he asked none stepped forward. The parade in-charge explained that the RSS did not follow untouchability. On asking how many are Mangs or Mahars, some three four cadets stepped forward.

R.S.S. MISCHIEF

This is the story in the magazine to show even Dr. Ambedkar visited the RSS *shakha* and also to boast of RSS not observing untouchability. I have not seen any confirmation for this story in any of Dalit books or any literature. I also asked many people in the movement about the truth in this story. Nobody verified. Nobody knows about it.

After the grand conversion to Buddhism (1956), there was a party in Shyam Hotel. I happened to be there. The meeting is well documented where Babasaheb asked the political leaders to learn to work with people of other castes. At the meeting Dattopant Thengadi (who later became a top RSS leader) says he was present there as a boy serving snacks. When the admission was with passes, where we were searched before admission by SSD volunteers, how RSS cadet could sneak in?

SCOUNDREL'S TALK

Thengadi later published an "interview" with Dr. Ambedkar though the interview had never taken place.

I read a report in the *Mahanayak*, Marathi daily (March 7, 2009), about

Dr. Ambedkar's burning of *Manusmriti* (1927). Principal Narhar Kurundkar has written that on that occasion (Tarkirth) Laxman Shastri Joshi was present. When Dalit author Ratnakar Ganveer verified from Joshi, a different story was told to Ganveer which he published in the *Mahad Samata Sangar*. Joshi said he was not present at the burning of *Manusmriti*, but he met Dr. Ambedkar at the latter's residence and applied to his forehead the ash of burnt *Manusmriti*. He also told Babasaheb some verses useful as history from the cursed book and praised it. Babasaheb said as he studied from translation, he might have missed it.

GOENKA CONNECTION

Narrating this, *Mahanayak* sub-editor and author of the article, Prof. Vilas Kharat, calls it scoundrel's talk, comments that both Kurundkar and Laxman Shastri Joshi were telling a lie and says that Joshi never met Babasaheb. Can some one throw more light?

Four, a Marathi monthly *Sugawa* (March 2009) has an article by Prabhakar Bagul. He says that during his stay in Burma Babasaheb stayed with S.N. Goenka and had discussion on *Dhamma* and *Vipassana*. Babasaheb asked Goenka to preach *Vipassana* in India. That is how Goenka came to India after Babasaheb's death. The author does not mention the source of this news. I found no mention of this in any of the books on Dr. Ambedkar.

I think it must have originated from Goenka's circle. This story is false, because Dr. Ambedkar

never advised his followers to do Vipassana.

SAVARKAR VENOM

Also when Goenka came to India he did not contact Dr. Ambedkar's disciples. He was settled in India by the followers of Gandhi and Golwalkar. And he established contacts with Vishwa Hindu Parishad and entered into agreement with a Shankaracharya. Can somebody state positively what is the truth? These are small things in the life of Dr. Ambedkar. But why put untruths as truth and distort the history?

Savarkar does not need any introduction. What was his reaction to the mass conversion of Dalits by Dr. Ambedkar (1956) is not widely known outside Maharashtra. He wrote in the *Kesari* (Oct. 30, 1956, pp.17-18), bitterly criticizing Dr. Ambedkar in venomous language. [Khairmode: vol.12, p.81 ff.] His main points are worth remembering. He says the number of people embracing Buddhism was hardly 2 lakhs, because of the propaganda in the *Maharwadas* for last eight years and the financial help from Nehru, and help from foreign Buddhists. Savarkar was afraid that the number within ten years could reach a million. Worry not, but think: "When Budha himself and Asoka could not make a dent on the *Sanatan Dharma*, what is an Ambedkar? But such movements, being disruptive and anti-national, we must prevent them from the beginning", he said.

That Dr. Ambedkar did not become Christian or Muslim, is no obligation on us. He was threatening to

embrace Islam, Christianity or Sikhism for many years. Now that he boasts saying that Buddhism is the "greatest religion in the world", why he did not know then? It was a sign of immature intellect or misguiding declarations. Dr. Ambedkar knew that untouchability was practiced in Islam, Christianity and Sikhism. And also because of some other internal reasons, the bargain could not be struck that time. So he could not embrace these religions—and not because of his soft feelings about Hindus, as some Hindu leaders seem to think.

BUDHA CRITICISED

It is shameless for the Hindus to admire the *batage* (a derogatory word for converts). For last many years Dr. Ambedkar and his followers are showering such abuses in dirty language against Hindu religious books, practices, gods and customs. No other people than the tolerant Hindus would have tolerated such words. They have no guts to criticize the other religions for similar practices. Excepting a few sayings of the Budha, which were probably borrowed from Hindu sages, the rest of Buddhist books are full of same rubbish like any other religion.

Dr. Ambedkar said he would not die a Hindu. His vow is already broken, as he will have to die within Hinduism. His jump outside the sphere of Hinduism has fallen within the boundary of Hinduism. As a Hindu is one whose fatherland and holy-land (*pitru-bhu* and *punya-bhu*) is Bharat, Dr. Ambedkar will live and die a Hindu, irrespective of his repeatedly denying it, and irrespective of his saying that he is denouncing Hinduism, and irrespective of including vows in conversion ceremony condemning Hindu religion, like an arrogant child denying his own parentage. It is not possible for him to break the bondage of *Hindutva* and also the fetters of Untouchability will not break just by embracing Buddhism. Untouchability is dying out in Indian cities, and would gradually disappear in villages. Just by embracing Buddhism, their untouchability has not been reduced a bit, and they would not be accepted as touchable by the touchable Hindus in villages. On the other hand, they would be treated as outsiders. Therefore, the leaders like Jagjivan Ram, Tapase, Kajrolkar, Rajbhoj etc. do not wish to be entrapped in this net and fall in the pit of Conversion.

Dr. Ambedkar embraced Buddhism, not because of any love for it, but, in a dark corner of his mind, there is one more treacherous, anti-national, political ambition.

BOUDHASTHAN & NAGA KINGDOMS

And that is, to establish an Independent *Boudha Sthan*, an independent *Naga Sthan*, by uniting all the divisive split forces, like *Zarkhand*, if he could raise enough strength of Buddhists under his religious dominance. This is evident from the speeches of his followers and his own writings.

So let not Hindus admire this conversion. Now that, they are bringing back the dug-out bones of Budha from foreign lands and carry these reverently on their head, we must analyze the increasing influence of Buddhism from religious and political situation angle, and read again the ancient history from Yavana, Saka, Kushana, Pallava and Huna invasions to Muslim conquest, and how Indian Buddhists have joined hands with these invaders. It is better to be safe than sorry and not test the poison by drinking it.

Caste-based quota for Ajlafs

Further, the judge referred to the strict dictates of Quran prohibiting practice of any forms of caste system within Islam and it asked the petitioner if Islam permitted caste system. (*Times of India*, Jan. 26, 2008).

This observation of the apex court has initiated a debate whether there is caste system in Islam or among Muslims? In the DV (March 1, 2008), the Editor

has rightly said that Muslim leaders should not oppose quota for Backward Muslims. The current debate on the issue in the national and Muslim media establishes the DV analysis of caste among Muslims. All social scientists agree that though there is no caste system as much in Islam, the Indian Muslim society did develop a hierarchical structure by characterizing numerous *biraderis*.

The Quran and the Prophets sayings are crystal clear that all human beings are equal; all are brothers and sisters of each other....
